Welcome

The most exciting and rewarding time of year for us at Diamond T is bull sale season; our annual event to truly THANK our valued customers for investing in our program and way of life. You invest in genetics that are years in the makings, however, it is us, the folks at Diamond T that are grateful to invest in you. After all... WE STAND BEHIND OUR BULLS AND BESIDE OUR CUSTOMERS.

Genetic evaluation, statistical tabulation, visual appraisal and forage development contribute to raising these pens of bulls. We strive every year to maximize the efficiency of the cow at Diamond T so that our customers receive the most beneficial product. We are constantly evaluating days on feed, fertility, foot and udder quality, and cost/head/day in order to generate the highest value for you.

Let's talk about the offering.

The bulls were weaned September 1st when they were vaccinated and turned directly back on to grass. Then they started on a 12% bull pellet at 8 1/2 lb/day along with free choice hay developed by our good friend Doug Roxborough from Masterfeeds. On December 10th, they were placed in their large development runs where they will stay until breeding season. At no time do these bulls ever see creep feed. You, our customers do not creep... so the genetics that you are acquiring shouldn't be either. We are fortunate to have an incredibly large repeat buyer contingent annually for reasons of fertility, longevity and structural integrity.

The heifers were all weaned on October 24th and have been through two screens for culling. This select group of fancy and productive females are representative of multiple sire groups and cow families. They are right off the top of our replacement pen. They have been on 5 lb of pellets and free choice grass hay since November 15th. Udder quality, feed efficiency and the ability to be a low maintenance cow are attributes that we strive for so these females are backed by those fundamentals.

Now, the day of the sale, we don't start until 2:00 p.m. Mountain Time so please get your chores done, cows fed and early morning hockey games out of the way so you can come over for the great Smith & Gardner hospitality. After all, there is a reason we all look so healthy! Like every year, the bulls and heifers will be displayed in pens behind the barn in close proximity to the majority of their dams in order for you to get a sense of our genetic program. Please get your catalogue marked, come in for some pie and then afterward we'll barbecue up a great Angus steak for you.

It requires a tremendous amount of people to make this operation thrive on a yearly basis. We are so fortunate to have many friends, neighbours and family to assist at a moment's notice and for that, we are truly grateful.

In closing, THANK YOU! This statement cannot be reiterated enough from all of us at Diamond T. It is truly an honour to work every day for you and raise the best possible livestock for your operation. As a four generation family farm, we love what we do but most importantly we love our relationships with our friends and customers. We can't wait to see you and have a visit on February 16th at the ranch.

The Folks at Diamond T

- Super-easy calving sire specialist
- Dam is a top producing, great-uddered female that has genetics working at Murphy Cattle Co, Taylor Ranching, Lazy RC and Six Mile

SIGHT UNSEEN BULL PURCHASE PROGRAM

We would like you to attend our sale, but if you cannot, you can have Brody personally handle your purchase. You know what you want in your breeding animals, we know best the potential of the bulls on offer and will easily be able to satisfy your specific needs. Call him with your specifications and discuss the offering, preferably a week before the sale. Brody will gladly assist you with your selections and represent you on sale day. We guarantee full satisfaction upon delivery. Brody Gardner can be reached at 403-994-0552 anytime.

MATERNAL GRAND DAM - GDRS 210T

- There is loads of maturity and growth in 1873 as this 79 lb BW HEIFER BULL is as long as my footnotes
- A calf with a 108 WW index that is moderate-statured and thick from all angles is out of a bigger-framed, more powerful Brookmore Upward 70Z daughter that would push the scales down

MATERNAL BROTHER - GDRS 59E

- Both genetic growth value and raw actual performance in this Tomboy-powerhouse
- If you're looking to add massive performance that have your neighbour's slowing down beside your pastures to check out the big calves, this beast is for your
- As docile as they come, 1874 had a 731 WW, 120 WW index, Top 20% and 15% WW and YW EPDs respectively
- His dam is one of the heaviest, broodiest cows on the ranch

- A pedigree of two of our Angus breed's true, elite breeding pieces in JL Bardolia 8188 and Brooking Bank Note 4040 is as exciting as they come
- 1877 is a real beef bull with a sharp herd bull look: a big sweeping turn to his ribcage, massive musculature over his hip top and very classy fronted
- Maternal siblings and genetics of Bardolia 8188 have garnered attention all over North America selling to Jerrod Quaid, Pinehurst Angus, Tannas Ranches (3), TSN Angus, Peake Ranching, K Lazy T Angus, Berry Creek Colony, Taylor Ranching, Grand Slam Angus, Dun-Rite and Nielson Land & Cattle
- Combine the \$125,000 Bank Note with the highest income earning cow on the ranch and you have a formula that will generate extreme breeding proficiency and profitability

DAM - JLMB 188U

MATERNAL SISTER - BRG 41B

SIRE - BANK NOTE

- SAV Sensation x SAV Harvester combination with sogginess, dense hair and a fair bit of roundness
- This HEIFER BULL has a 70 lb BW, +0.2 BW EPD and he is ready to get out and cover some heifers as he is one of the most energetic bulls in the pen
- Dam is a cool, moderate-designed cow with an impressive udder and a maternal look

DAM - GDRS 50C

- Safe for your larger-framed heifers, 1881 is a smooth made, stout HEIFER BULL
- Our largest contemporary group of cows on the ranch would be Brookmore Upward 70Z daughters and they raise added pounds of calf with length, hair and muscle... all the things you need when selling calves
- The docility in our Alternative cattle is unparalleled and that's a huge factor for most of us ranchers, particularly when we have pre-schoolers AND 80+ year-olds checking pastures and pens!

MATERNAL BROTHER - GDRS 28D

- Ultra calving ease dude here with a compact little head, narrow shoulders and smooth design along with a 82 BW so he's a 'go to' HEIFER BULL
- Maternal brothers have sold every year through this sale to Speedwell Farms, Kent Clark Ranch and Klautd Ranching (3) for a \$4,327 average
- Dam is a model Angus cow with efficiency, broodiness and soundness in spades

We have anticipated the exciting combination of Ice 2Y with another outstanding "Rush" daughter. We were confident that 839F would highlight the best of both his sire and dam, his big thick top, deep lower quarter and shag for days. His dam, known to us as "Marg", was a flush mate to highsellers that sold to both ON and KS. Our foundation cow family "Rush" builds them right, has great market value and maintains her integrity as one the breeds exciting donor females. This March Simmental bull he will maintain an easy calving low birth weight and yet produce a growthy, thick and sound group of calves. He may even produce some delightful replacement females that will have tidy, low maintenance udders and great dispositions. He is a lone wolf Simmental Bul, but certainly a feature.

- If you want a no-fuss, easy-fleshing, tank-of-a-heifer... here is the one to mark
- The Alternative daughters have the best udders on the farm right now and this girl will be no exception
- The dam of this stout gal produced a \$4,200 herd bull for Melvin Beeby

DAM - KBJ 03B

- This fancy, attractive heifer is short on ears but high on rib, mass and shape everywhere else
- Dam is a beautiful-uddered HF Prowler daughter that we bought from Jim Round of KBJ and is bred by Blairs.Ag
- Two maternal brothers have sold to Kendall Toews and David Hughes to average \$4,000

MATERNAL BROTHER - GDRS 54D

- Another long-spined, soggy-bellied, maternally-proven cow prospect that is bigfooted, stout-boned and has an explosive skeleton
- Dam is gorgeous-uddered and stellar-pedigreed including Right Time, VRD, and 6595. Best of all, her dam proves that pedigree highly accurate as she is a superior producing cow and so will this one be
- Maternal siblings have sold to Blaine & Shauna Perkins, Steve & Janet Leischner, Jim & Sherri Simpson, Courtney Taylor and Cody Black

MATERNAL BROTHER - GDRS 5E

- Dam of this feature gem 'hit it out of the park' last year with a \$5,500 Rush Lake son to long time customers Speedwell Farms
- Moderate-statured, great centre body cavity and dimension displayed here from this tank of a junior prospect
- Sound design, great feet and leg structure and all the body you'll ever require right here folks

DAM - GDRS 10Z

- A mid-February, calving-ease oriented Tomboy daughter that is extended in her front end and very easy to find in the pen or pasture for her classy presence
- Dam carries a flawless udder and has produced a heifer to Tianna Frenzel and two bulls to Kendall Toews and Earl Harriman
- This younger heifer has the genetic capabilities to be a successful producer for generations as there is a ton of longevity in her pedigree

OWNED BY
GARDNER LIVESTOCK

This snazzy 801F black blazed heifer has been a highlight since birth. Her productive red three year old dam produced an impressive full brother in the 2018 Stockmen's Choice Sale selling to Travis Nicholson. 801F boasts a quality pedigree which screams maternal strength and predictable performance. It is very difficult to sell any "Rush" daughter, 801F is no exception as she demonstrates a strong combination of a tight attractive front end, sweeping middle third, great hair coat and quiet disposition. This young female will be a great addition to any replacement pen adding a twisted pedigree and an elevated phenotype... check her out sale day and you'll "Rush" to be in her fan club!

new exciting sire for **2020**

terms & conditions

Diamond T Cattle Co. will be referred to as The Sellers.

CATTLE INSPECTION All carry permanent identification and sale tags corresponding to sale lot numbers. All animals shall be available for inspection prior to sale.

BREEDING GUARANTEE All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of an unlikely dispute, the regular terms and conditions, standard with the Canadian Angus Association shall apply.

INSURANCE Ownership risk to purchaser commences when the Auctioneer's gavel falls. Livestock coverage will be available on sale day, from Cassie Dorran, Stockmans Insurance, at any time.

TERMS OF SALE Are cash or cheque at par, payable to clerks of the sale on sale day. U.S funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. The seller reserves the right to withhold animals from export shipment (foreign or domestic) for whom payments have not been received prior to departure times.

ALL PERSONS Everyone who attends the sale does so at their own risk. The owners and sales staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

ANNOUNCEMENTS Errors discovered in the catalogue will be corrected by the announcements from the auction block at sale time and such corrections will take precedence over the printed material in the catalogue.

RIGHT TO SEMEN The sellers reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the sellers' expense and the buyer's convenience. Any semen collected will be for the sellers' in herd use only.

DELIVERY The sellers will deliver bulls to central points in Western Canada and will assist with trucking to Eastern Canada and USA. Bring your own trailer and the sellers will deduct \$100/bull off the purchase price for bulls taken home on sale day.

SIGHT UNSEEN PURCHASE PLAN We would like you to attend our sale, but if you cannot, you can have Brody personally handle your purchase. You know what you want in your breeding animals, we know best the potential of the bulls on offer and will easily be able to satisfy your specific needs. Call him with your specifications and discuss the offering, preferable a week before the sale. Brody will gladly assist you with your selections and represent you on sale day. We guarantee full satisfaction upon delivery. Brody Gardner can be reached at 403-994-0552 and is always available for and looking forward to your call.

WINTERING PROGRAM The sellers will winter all bulls remaining at the ranch free of charge until April 1, 2019, and fee of \$3.00/head/day will apply for any days thereafter.
