Bull and Heifer selection Assistance

Purchasing breeding stock is a major part of raising livestock. Photos and video are great tools but don't always tell the whole truth. If there are any questions on sires, dams, CE, WW, milk, etc please don't hesitate to give us a call. We can help narrow your search or point you to a bull that suits your needs

Sight Unseen Purchases

If you need a bull or heifers but don't have the time to come to the sale we can help. Kuzio Farms and Leewood Ranch are both family run. We are the guys that do the foot work in our operations from the feeding and breeding. Call ahead of the sale and we can discuss what you need or want in your next herd sire. We will select a bull that will fit your operation, at your price point. The saying with us is "We rather keep our buyers happy than look for new ones each year".

You can also place orders with the sale staff or bid online. You can bid online at DLMS. ca. Videos of the Leewood Ranch bulls and replacement heifers will be on Cattlevides. ca, a few weeks prior to the sale. If there are any questions on the Leewood Ranch Replacement heifers contact Colt or Howard Arnold.

Ranchmen's Sale Group Guarantee

All bulls are guaranteed to be satisfactory breeders in accordance with the Simmental

association guidelines. We stand behind our product, Should a problem occur please contact us and we will make it right. A replacement bull (of equal quality), a credit or reimbursement will be given at our digression. Any physical injury or mismanagement of the bull(s), will void any reimbursement.

Volume Discount

We really appreciate are customers and for buyers needing several bulls this spring, we are offering a volume discount. Any buyers purchasing 3 or more bulls will receive a 3% discount. There is no minimum limit on price of bulls.

Delivery

Bulls that are picked up sale day will receive a \$100 discount. Any bulls returning to the seller's farm must be insured, unless arrangements have been made between the buyer and the seller. Deliveries will start around April 1, at the seller's convenience. Bulls will be delivered free of charge up to 200km from each farm. Bulls traveling to farther designations will be at cost share. Replacement heifers are to be picked up at the Ranch.

Bull-Breeding Soundness

All bulls will be semen tested before the sale. Bulls are tested for Sperm motility, morphology and are also subjected to a physical exam. They are checked for any scrotal, penis and other physical problems that would affect their ability to breed. Any bulls failing these tests will not be at the sale. Any semen deferred bulls have been tested and have been deemed by the vet to mostly likely pass a semen test at a later date. These bulls usually fail do to age or weather problems. All are semen testing is done with the great ladies at the Viking Veterinary Clinic.

Heifers-Breeding Soundness

These heifers have all been palpated before the sale. Heifers that are found to be sexually underdeveloped or free martin will have been shipped.

Health

All bulls will be vet checked, scrotal measured, weighed and semen tested. All sale cattle are on a full health program. Any questions on feeding or exact health protocols please contact Kuzio Farms or Leewood Ranch.

Polled Testing

A select number of bulls will be Homo Polled tested.

Homo polled = no horns on any Calves

Hetro polled = 50% polled calves on horned cows

Colour Testing

Some black bulls will be tested for colour expression. Homo black bulls will not sire any red calves. The fullblood and a select few red bulls will be diluter tested. Bulls testing diluter free can be crossed with black cows and should not give you any grey calves.

Semen Reserve

We reserve the right to draw semen for in herd use on any bull in the sale offering. Semen will be drawn at seller's expense and buyer's convenience.

Epd's

Epd's are basically a Mathematical estimation of a animals genetic value. They are not always right but they can help in choosing your breeding stock. Below is a list of the epd's and what they stand for.

Abbrev. Description Units

CE -Calving Ease %	MWW- Maternal Weaning Weight
BW- Birth Weight	Stay- Stayability
WW- Weaning Weight	CWT- Carcass Weight

TERMS – The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made.

The Ranchmen's group reserve the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase the breeders reserve full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Ranchmen's group and sales staff has the right to refuse bids from anyone who has a previous record of default in payment and who has not made prior credit arrangements, prior to the sale with the group.

BID-Every animal consigned to the sale must be sold by auction. No by bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES- In case of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK- Each animal becomes the risk of the purchaser as soon as sold.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY- The proper Registration or Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after the settlement has been made.

SHIPPING- Assistance will be given in making shipment after the sale but no risk is

assumed by the Seller. Purchasers are requested to furnish shipping instructions when making settlement.

GUARANTEE- All animals will carry standard breeding guarantee as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE – In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to the Canadian Simmental Association Guarantee but no guarantee is given that semen from any bull will freeze.

HEALTH – All animals will have passed the required tests as determined by Agriculture Canada at sale location. It is the buyer's responsibility to determine health requirements for importing any animal into his province or state.

ACCIDENTS- Although every precaution will be taken to protect the safety and comfort of buyers, neither the Ranchmen's group or any Sales Staff or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS – The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PICTURES- By attending are sale you are giving your consent for your picture to be taken and used for promotional or advertising purposes only of the Ranchmen's group. If you wish to not have your picture used please advise us in writing immediately after the sale.

Welcome to the 3ND annual RANCHMEN'S Simmental Bull Sale. We are very excited to now have the sale at the Ranch this year. A big thanks to all the past buyers and bidders that have supported our genetics. Just like in past sales our bull pen has a great selection of bulls from performance to calving easy. There will be several top AI sires represented along with some of our walking herd bulls. The fullblood bulls are diluter tested and a select few purebred bulls will be homo polled/colour tested. It also should be noted that these bulls had NO CREEP before weaning. The replacement heifers came from a group of 300 head. As with the bulls, these heifers are sired by both Ai bulls and our walking herd sires. Heifers are palpated before the sale for breeding soundness. Most of the heifers will be high percentage Simmental and several will be ½ to ¾ sisters.

Any questions on the Bulls or replacement heifers please call Howard or myself. Visitors are always welcome to view cattle prior to the Sale.

Directions to Ranch

From Mannville south on HWY 881 to TWP 490. West on TWP 490 to RR94. Take north fork into Yard.

MFL ZAILA 8Z

Sire: Champs Romano

Dam: BMS 45C

A Full Fleck bull that has really grown on me over the summer and fall. Akela's pedigree screams longevity with many donor cows stacked up on top and bottom. He's sired by the old boy himself Champs Romano who is still breeding cows at 12 years old and his dams sire breeding cows still at 12 years. His dam has a perfect udder and milks very heavy. Akela is packed with power and has great up side on the maternal side. I expect that he will add pounds and just fill the replacement pen cherry red beauties. I think very highly of this bull and plan on flushing his dam back to Romano this spring.

2 Leewood FF Ricochet 611F

LWR 611F • 1252380 • Jan.04/18 • HORNE • NON-DILUTER

RLB 611D with
LWR 611F suckling

A lower birth weight bull coloured right and still has good performance numbers. Its save to say his dam can produce with this big guy being her first kick at the can. Ricochet is an around type bull that should make powerful steers and great replacements. We will be drawing some semen on this guy to use on some heifers.

Sire - RWR New Standard 51C
\$24000 high seller

A powerful New Standard son out of a good South Seven Cow. Still Standing is good haired and is a well muscled bull. His dam is a moderate framed Full fleck cow that is a heavy milker but still keeps a nice udder. This is the type off bull you'll like bulls or heifers from. Maybe put on some black cows to get that money stripe.

Dam of LR 45F - SFM 45C

We just love this bull. He's super quite and is just packed with meat. He weaned off his 3 year old dam at 1014 lbs on Sep 8. He was on display this summer with his dam at Vermilion Fair and turned some heads. His dam is a smaller framed cow that milks very well and has bred back early every year. This is a bull that have some friends sale day.

This bull just kinda snuck up on us. Looking through the bulls in late October and in to December I would find myself picking him out. It's hard to believe this Bull isn't even a year old yet. Odin is a very powerful herd sire that comes from a beauty of 2nd calver. His Grand-dam is dam of Gibson. Being younger he maybe the buy of the sale.

Hard to believe Kick Start was every 82Lbs. Like the other High Roller's he came unassisted and took off. He should work great to keep the birth weights down without losing your performance. We want are heifers and 2nd calvers to calf easy but we also need a good calf in the fall, I think Kick Start will do that.

This bull is out of a powerful Maxwell cow we bought from the High Country Cattle's sale in 2017. His maternal brother was one of the high sellers at the sale and ended up going to a breeder in Manitoba.

Replacement Heifers

These heifers were mostly born in January and February. Heifers are palpated before the sale for breeding soundness. Most of the heifers will be high percentage Simmental and several will be ½ to ¾ sisters. The replacement heifers are on the same feed as the heifers we kept. There ration is made up of 3:1 mineral, protein supplement, straw, corn silage and oats. The heifers come from a group of 300+ heifer calves. We selected the top 170 head of these replacements to keep for the sale and for our own replacements. These heifers averaged 780lbs at weaning. Sires of the heifers can be viewed on farm. Heifers have been given Bovashield one shot and Ultrabac 7/Somabac. If you have any questions or want to tour the herd please contact us. There will be videos of the heifers on Cattlevids.ca.

Kuzio Farms

We have a great selection of high quality bulls from leading AI sires Red, and Black this year along with quality open replacement heifers. Bulls are not on creep feed while on pasture. We would like to thank all of our past customers for their interest and support of our program and we strive to continue to meet your herd sire needs.

Please feel free to stop by the farm prior to the sale to view our offering. If you are unable to attend the sale but are interested in a bull please give us a call and we will go over the sale bulls with you.

We look forward to seeing you February 25, 2019.
