## 2ND ANNUAL BULL SALE

Monday, March 24, 2014 @ 2:00 PM

At the Farm, Neudorf, SK

# Welcome to the Hollinger Land & Cattle Bull Sale

Welcome to our second annual bull and female sale, we couldn't be more excited as this the first year to have it right here at our farm. The cattle will be comfortable in their own pen for your viewing pleasure, thus giving us more time to visit with you, our customers. This sale has been a dream of mine for many years. Our 2014 offering is one that we are very proud to offer to you. As a bit of an added attraction this year we offered all our past customers, the opportunity to consign some commercial females to our sale. They will be sold in pens of 3 and will be here sale day for you to assess. These females have been selected from the very heart of their breeding programs. We thank you again for your support and confidence in our breeding program.

The bulls on offer, we feel are a very solid, consistent group that have been selected for calving ease, growth and over all soundness as well as maternal strengths. We are very excited about our group of bulls sired by JL Warden 1220. We feel they are some of the very best we have raised to date. The other sire groups represented include Double D Alliance 74u, Justamere Luther 960w, TC Aberdeen, Justamere Bada Bing 406s, and our newest addition to our bull battery Justamere Impact 244y. Our bulls are fed a rolled ration from co-op feeds as well as top quality cereal silage and free choice grass hay. We feel these bulls have been developed to last. They are not pushed, but still perform well and are reaching their full genetic potential. For this year's sale we decided to offer replacement females of our own. We dug deep into our heifer pen and are confident these females are going to go home and go to work for you. Each heifer is straight out of our replacement pen and we stand behind our sale offering 100%.

We would like to invite everyone out to our farm on sale day March 24, be sure to come early to check out the offering and enjoy some lunch and refreshments. Also we are planning a viewing on the afternoon of Sunday March 23. We will have snacks and refreshments and look forward to visiting with you. If for some reason you are unable to be with us sale day and there is something we can help you with don't hesitate to give myself or any of our sale staff a call. Our sale will also be broadcast live on DLMS.ca. On behalf of dad and me, we'd like to thank our entire family Josh, Mel, Mom, Kevin, and Grandpa and Grandma, for all of your hard work and dedication to our program. Also thank you to Mark Piller for his countless hours spent working on show and sale cattle as well as everything else he does around here. And the many others that give a helping hand year in and year out, we appreciate it very much. If we can be of any assistance please don't hesitate to contact us at anytime, we would be happy to help you in any way we can.

Sincerely,

*Chad*

### *Sale Manager Welcome*

It is with great pleasure and excitement to invite you to the Hollinger Land & Cattle's 2nd Annual Bull and Female Sale! Along with some special guests the "The Little Hussies" Commercial Heifers consignors. And a new location!! At the Home Ranch HLC just outside of Neudorf, Sask in the heated sale barn. This will be a video sale, live on DLMS and the bulls & heifers will be on display in their comfortable environment at home!

It is indeed a pleasure to work with Chad and Trevor and their family and I can't express enough how dedicated and enthusiastic these guys are about farming, agriculture and ANGUS! They love it!

As I have gotten to know the crew at HLC I can assure you their attention to detail to raise Superior Angus Genetics is second to none. And it really shows in this offering, It might not be the largest offering in the country but their great bulls and females and a great set of "Little Hussies" Commercial heifers backed by a super family that appreciate your support and business.

If I can be of any assistance or and of the sale staff, please give us a call  
 See you sale day.

*Hugh Ross*

*Here is our lead off Bull of 2014! He has been our most talked about bull of 2013/14 in our pen, and everywhere we have displayed him. His power and performance are outstanding. You have to admire his style, length of body, depth of body, rib shape and thickness! He is tremendously sound and has herd bull written all over him! 266A was Res Bull Calf Champion at the 2013 Brandon Ag Ex and was second in his class at the Canadian Western Agribition in a very tough class! His Dam is one of our true feature females at HLC. A maternal brother to this bull sold to Iron Saddle in 2013. We are so excited with this young Future Herd Sire. We want to work with you on this bull!*

Oh boy, here is our first Impact son. Impact was the lead off bull in the 2012 Justamere Bull Sale. He was the high selling bull that we now Co-own with Justamere. As well Impact was the 2012/2013 junior champion show bull of the year, an award that is a first for us and that we were very honored to receive. Impact truly stamps his calves, if you like them deep and thick, here is your bull. The 41R is a true working female with power and that soggy look. She can raise them. Checkout this low birth weight bull.

Selling 1/2 interest and no possession. Retaining showing rights.

Wow, here is the heart of the HLC Program. Chad says his best heifer he has ever raised! It wasn't easy getting part of this female in the sale. But for the 2nd Annual Bull Sale and first females to sell at the farm only the best are going in! They want to retain this great female, show her and promote her.

It's truly an exciting opportunity to buy a very, very good show heifer and to work with some great young breeders. This Warden daughter was the lead off show heifer in their 2013 Fall String. A very clean, fancy, eye appealing female. Top 4% in the Breed for Milk! And top 5% in the Breed for Total Maternal. She will raise a great one! And win you a banner one day.

These heifers were vaccinated in the spring and fall with Fermicon 7/Somnugen & Vira Sheild and treated with Ivomec on Nov 30/13. They are currently on 35lbs of oats/barley silage and 6 lbs of rolled barley.

Iron Saddle Ranch is owned and operated by Richard and Barb Krupski & sons Dylan and Dustin, and is located in the Qu'Appelle Valley 15 miles south of Abernethy or 8 miles north of #1 Highway at Sinteluta. We calve out 350 commercial cattle that are a Hereford/Angus base and use Hereford, Angus and Simmental bulls. We have been using Black Angus bulls from Hollinger Land and Cattle for the past 10 years and have had great results.

We are very pleased to offer three pens of three heifers for sale at the first on farm Hollinger Land and Cattle "Little Hussies" Open heifer sale. All nine were born in March of 2013 and sired off Double D 21M Bandolier 103S, Double D 23P Everclear 61S and Double D 54M Alliance 30S. In our opinion, these are the best heifers from our 2013 calf crop, as we are not keeping any back this year.

Our history in the beef industry started in 2003 when we purchased 20 bred heifers from the Clarke's at Spy Hill. We have purchase quality pure-bred and cross bred animals along the way and now have 115 cows and heifers to calve this spring. We are a firm believer in purchasing only quality sires. We look for good dispositions, easy calving and performance. Our farm includes 2500 acres of grain land 500 acres of pasture and several custom operations, just to fill in the quiet times.

Our family are all involved in the farm which includes: Dennis and his wife Leah, Murray and his wife Debbie and our daughter Janelle, who helps when she can. We also, have a great lead hand, Dan Schierer who also has several animals in our herd. We are sure these "Hussies" will fit well into any herd.....enjoy the sale.

Laine Englot & daughter Emma & son Kye own and operate Bar X Ranch located 8 miles south of Abernethy, SK. We have a Angus/ Hereford base cow herd where we alternate Black Angus, Hereford and a few Simmental Bulls. We calve out 300 to 400 cows on grass and also grass yearlings. Almost all the ranch work is done on horses, most of which are raised and/ or trained on the ranch. We have used HLC bulls for 3 years now and with great success. We would like to thank HLC for the opportunity to offer these heifers in this sale.

Our commercial cow herd consists of 110 Angus x cows. We have been using Angus as well as Simmental bulls on these Angus type females. Our goal is to have a moderate framed cow that calves easily, and is highly productive. Cross breeding gives us the opportunity to utilize many of the great aspects of each breed, to produce females that are great mothers as well as great milkers, and steer calves that push the scale down and feed easily. As well due to our smaller number of Purebred females, our commercial herd gives us the opportunity to do some Embryo Transplant work, and in turn this helps us to produce more registered calves that we know will be raised by our highly productive cross bred cows.
