BULL SALE

SATURDAY, MARCH 15, 2014

LUNCH - 11:30 AM • SALE TIME - 1:00 PM

GRANDE PRAIRIE LIVESTOCK MARKET

PREVIEWING OF BULLS FRIDAY, MARCH 14TH

Please Join us early for Coffee & Donuts
Thank-you to Greenview Veterinary Services
& FCC for sponsoring Coffee & Donuts
Please Join us for lunch at 11:30 am
Thank-you to ATB for sponsoring Lunch

Sight Unseen Purchase Plan

If you are unable to attend the sale, contact a consignor and we will personally go over the bulls and your bull power needs. We know our cattle and can select a bull to suit your needs.

Breeding Evaluation & Semen Test

Breeding Evaluation & Semen Test will be completed on all bulls. Supplemental sheets will be available on sale day with scrotal measurements and sale weights.

Announcements

Announcements at the sale by the owners will take precedence over information in the sale catalogue.

Insurance

Any bulls returning to the breeder's farm require insurance available through Canadian Farm Insurance Corp.

Delivery

Free delivery of bulls at the purchaser's risk within a 400 KM radius of Grande Prairie. Delivery beyond this radius will be at cost. Bulls may be kept by the consignor, free of charge until April 15. Should the purchaser wish to extend the bull's stay beyond this date, the cost of care and feed will be \$3.00/day/bull.

Consignors preference would be that 2 year old and older bulls are picked up on sale day. Any questions please talk to the consignor.

\$50 OFF the price of each bull that buyers take home on sale day.

Sale Staff

Marty Gilfillan 780-831-4399

Ralph Calder 780-518-5586

We recommend you contact one of the sale staff or consignors who will take your bid.

Willowdale Simmentals

We have added more selection to our bull pen, so you will have more choices. The Simmental bulls are multi polled, red with easy calving traits. Most of the bulls are from our main herd sire IPU Accelerator 206U. they calve easy, will add body depth and have good dispositions. We have a few bulls from our Junior herdsire; Sunny Valley Banker, he was the high selling bull at Sunny Valley in 2012 for \$17,000. He is adding thickness in the rear quarter, more body depth, reduced frame score and lots of hair to his progeny.

Our AI sired bulls are lead by LFE Red Casino 3036X; adds an outcross pedigree, overall balance, and correctness in his bulls. Wheatland Red Teddy and Bravado were used on heifers as calving ease specialist.

The Red Angus bulls have been increased by the addition of 4 yearlings from Strawberry Fields. Howard had to disperse his herd in the fall of 2013 after an accident. These are reputation bulls. Power bulls in HOM 1A and DRJS 38A.

All of the bulls have been hand fed a low grain ration and free choice alfalfa brome hay. These bulls all come with a full herd health protocol. All bulls are semen tested and are guaranteed to be satisfactory breeders.

We would like to thank our past customers. Call or visit the farm and we can discuss your bull power needs.

Dale, Judy, Kent & Braden

Cuthbertson Cattle Co.

We would like to thank everyone who showed interest in our program in the last year.

The six bulls we are bringing to town are thick, hairy, athletic, black, uniform and easy calving. I cannot stress enough, how well these black simmental bulls work on black hided angus cows. Proof of this is just recently at the 2014 Peace Country Beef Congress. Our Pen of 3 heifers won the Grand Champion Overall Commercial Heifer Pen. More pay weight in the fall when selling steers and replacement heifers, second to none.

With the cattle market climbing higher there is no better time than now, to invest in quality genetics to elevate your herd's performance and profits. We welcome, calls, enquires or visits to discuss which bull would work best for your program.

Thank you to those individuals who purchased bulls from us last year and we look forward to seeing you all at the sale on March 15, 2014.

Scott, Jackie, Wyatt & Layne

This bull has been a standout from day one. He has extra rib and volume and a disposition that cannot be matched. This bull is halter broke and likes a scratch. His tiny scurs can easily be fixed by breeding to an angus crossed cow. Think of your steer calves at selling time out of a bull like this.

Lot 39

Classic Livestock

Welcome to the 2014 edition of the Peace Country Supreme Bull Sale. It looks like we've finally turned the corner with feeder prices. 8-9 weight steers are into the \$1.60's and 550 weight grass steer calves are pushing \$2.00/lb since the New Year.

We'd like to say thank-you and express our gratitude to all of our buyers, bidders and supporters over the past 3 years. Despite a storm rolling in prior to last year's sale, our results were still encouraging. 9 of our 12 bulls sold to repeat customers. We're optimistic that the quality of our bulls combined with how their developed means that they will go out, perform and last for many years.

Once again this year our bulls are developed under a modest feeding program. The 2-yr olds will again come to you in their working clothes. The yearlings grazed excellent fall pasture on their mothers until November 28th with only some supplemental hay due to the snow. We're proud of how both these stout bull calves and cows held their condition. As our yearlings will be less than a year of age on sale day we will take them home after the sale, semen test them in April and deliver them to you. If you are unable to take your 2yr-old home sale day, let us know and we will work to accommodate your needs.

We have a new sire group on offer this year that we're extremely excited about. Wilabar One Way 477Y has left us as much performance, muscle and soundness of structure as any bull we have used A.I. or Natural.

Please call if you have any questions. We look forward to seeing you sale-day or at home prior to the sale for a look at the bulls. We always enjoy talking cattle.

Another good One-Way bull. He is out of a good Willabar Ambush 18P daughter. 18P was the high selling bull we purchased out of the Willabar bull sale back in 2006. He left us many good heavy muscled bulls and we appreciate his daughters more every year. The One-Way 477y calves on 18P cows has left us many excellent bull calves.

CLASSIC FREEDOM 921W
BIG MEADOW LASSIE SP 136M

SITZ VALUE 7097

CLASSIC LAURA 5125R
EVERBLACK LAURA 20L

A long-bodied calf out of a home raised TC Freedom son 921W, we use on both our commercial and purebred herds. Risa showed the 5125R Sitz Value cow @ the Calgary Stampede as a 2yr old with calf @ side and won a junior class with the pair. Both the sire and dam of this calf are longer bodied with plenty of performance. The first 921W daughters that calved last spring are excellent mothers.

WILLABAR RANGER 290J

WILLABAR BLACKBIRD 37M
WILLABAR BLACKBIRD 181J

A One-Way calf out of a grand old cow in our herd, Willabar Blackbird 37M. She has raised numerous good ones for us, including the long-spined Tiger son that Ed Connelly purchased and a 4H female Champion for Risa that she sold to Everblack Angus in Vermilion. That heifer went on to really produce with a weaning index of 111 on 4 bull calves and 109 on 2 heifer calves in that large purebred Angus Herd.

Silver S Red Angus

We would like to start by sending out a huge Thank You to our buyers from last year's sale we really appreciate your business! Without the support of our buyers staying in this business would not be possible. We would also like to announce that on December 13, 2013 we welcomed the newest member of our family, our daughter Emily Stark. We are very excited for this new adventure and next step in our lives.

Our goal for our operation has remained the same: raising quality Bulls and Females that are quiet, easy to handle, and meet the needs of our customers. Every year we do more research and learn a little more about genetics, and different practices to improve the quality of our herd so we can offer better animals for our customers. In an industry that is constantly changing there are always new things to learn and opportunities for improvement and it is our intention to take advantage of these opportunities.

Devin, Amber & Emily Stark

This bull is the son of the original cow in our herd. She was purchased in 2001 at the Farmfair in Edmonton. She has proven herself year after year, and we have retained 4 of her heifers in our herd. This bull is proof again of the quality of this cow. Lots of rib, a solid frame and good temperament complete this package.

Terms and Conditions

Terms: Terms of the sale are cash or cheque – payable in Canadian funds at par immediately following the sale. The right of ownership shall not pass until after settlement is made. All settlements must be made before any animals are released.

Disputes: The Auctioneer shall control the bidding at all times. In case of disputes the Auctioneer's decision shall be final.

Purchaser's Risk: Each animal becomes the risk of the Purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Announcements from the auction stand will take precedence over any printed matter.

Accidents: All precautions possible will be taken to protect the safety of the buyers. Grande Prairie Livestock Market nor any owner assumes responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accidents or loss of property.

All Sales of Animals: Shall be by auction and shall be

conducted by the Auctioneers. The contributor has the privilege of making one bid which shall be presented to the auctioneer before the animal enters the sale ring.

Absentee Bids: Mailed or telephone bids shall be handled in a confidential manner if you are unable to attend the sale in person.

Breeding Guarantees: The seller warrants clear title to and the right to sell each animal offered for sale.

All bulls offered will have passed a semen evaluation and are warranted to be sound, however, the seller is not responsible for damage caused by foreign objects after the bull has been sold nor sickness that was not apparent at the time of the sale.

Breeder's Guarantee: All bulls offered will have passed a semen evaluation and warranted to be sound (by a certified veterinarian) as per breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. All heifers are guaranteed open.

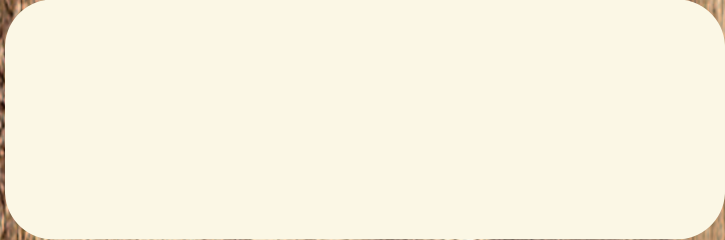

Certificate of Registry: A certificate of registry duly transferred to the buyer will be furnished for each registered animal after settlement is made.

Rights & Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Shipping: Assistance may be given in making shipment after the sale, but no risk is assumed by consignors or the seller. Expenses incurred are the responsibility of the purchaser. Purchasers are required to furnish shipping instructions when making settlement. Any additional expenses are the responsibility of the buyer, including duty, brokerage fees, etc..

Retained Interest: Individual consignors reserve the right to collect "Owner's Use" semen from their bulls in this sale (at their expense and at the buyer's convenience).
