Welcome ...

The "All That Glitters" Sale is back! After our local auction mart closed we have been looking for a new venue and now we are extremely excited to hold this edition at the Olds Fall Classic Show. We would like to thank the Olds Regional Exhibition for making this possible.

We feel the consignment this year is an exciting offering of bred females, embryos, including a great flush opportunity, select semen packages and two incredible herd bull prospects. As well there will be halter broke heifer calves for both juniors and seniors to evaluate.

Prospect Hill Shorthorns has generously donated a heifer calf towards the funding of the Canadian National Junior Show to be held in Vermilion July 25 to 27th, 2019. Be sure to take advantage of an opportunity to win Prospect Hill Future Babe! (check the inside back cover) Also as a special attraction will be two pens of commercial heifers from Gordon Turner Farms. Shorthorn cross cows are noted throughout the cattle industry for their mothering ability and production and these blues and roans will be great additions to any herd.

A number of the sale entries will be entered in the Olds Fall Classic Shorthorn show to be held Sunday, October 7th at 10:00 am. These animals can viewed in the show barn until October 6th when they will join the other sale consignments in The Cow Palace for the presale viewing.

Years of selection have gone into producing this great offering, we are not just selling cattle, we are selling time and that is something no one has enough of.

Please join us at the Olds Fall Classic for a new edition of "All That Glitters"

AUCTIONEER'S SALE COMMENTS:

Wow I

Founded by and rejuvenated by Diamond Shorthorns, the "All That Glitters Sale" has invited special guest consignors to provide a spectacular lineup of elite genetics for your bidding pleasure.

And to combine this 1st Annual event in conjunction with the Old's Fall Classic Show is perfect timing for all Shorthorn breeders, and commercial cattlemen alike as they are "in town" appraising female genetics and sourcing bull prospects for next spring's breeding season. As well as showcasing Shorthorn attributes to all the other breeds represented at the Fall Clas-

Whether it is your next herd matron or show project, this offering has the potential to excel in all programs, Do NOT miss this opportunity to enhance your program and mingle with your friends and co-breeders!!

I am honored and proud to be your auctioneer and look forward to visiting with you at the sale!

Yours Truly

Professional Auctioneer

AUCTIONEER:

Don Oberg 780-678-6926

RINGMEN:

Dennis Ericson 780 361-9347 Rod McLeod 403-540-7986

INSURANCE:

Stockmens Insurance 403-601-3460 • Cheryl Brown - Agent Cheryl will be available at the sale for your insurance needs. We ask that anyone not able to take their purchases home on sale day arrange for insurance before they go back to Diamond Shorthorns.

ACCOMMODATIONS:

Ramada by Wyndham 1-855-247-4371 Pomeroy Inn & Suites 1-866-500-4938 Best Western 1-800-218-9312

LUNCH:

Please join us for lunch before the sale

EPD'S:

On September 10th the Canadian Shorthorns Association went to the new EPD's, IGS Multi-breed Genetic Evaluation powered by Bolt One Step. Those are the EPD's you will see in this catalogue. Be sure to go online and check these EPD's close to the sale as unlike the old quarterly or semi-annual updates these are updated weekly. They also include the use of genomic information in the calculations to give you higher accuracy. We are pleased with the EPD's that go along with the functional, phenotypically attractive consignment on offer!

Mark Shologan 780.699.5082

DIAMOND WHITNEY MAID 14W

Delux 15D was a senior herd sire this year here at Diamond. He proves that you can have it all with fantastic EPDs, outstanding soundness, easy fleshing and still be jammed packed with style. Delux is an outstanding individual with a smooth shoulder, length, depth and easy fleshing. His dam Diamond Whitney Maid 14W is a never miss producer and her daughters are no different as seen in Diamond Ellie Maid 29E selling out of maternal sister Diamond Britney Maid 2B. As well as calves by Diamond Dynamite 6D selling also out of Maid 2B. He is DNA verified free of disruptive myostatin variants, THF, PHAF, and DSF all the guess work has been taken out with this phenomenal sire. His EPD's are impressive and have the higher accuracy as he has had a 50K SNP done. He is definitely following the same pattern as his multi trait leading Australian sire, The Grove Kookaburra W735.

DIAMOND Delux 15D JD 15D • 05/03/16 • X-M479781 • BW: 98 • WW: 655 • YW: 1072 -0.10

Since our first sale in 1996 we have always featured some top young sires. One was exported to Scotland, others to top herds across Canada and the United States. One was Grand Champion at Agribition a month after the sale! Fame may be the most promising bull calf offered yet. His sire now has calves in Canada, USA, Ireland, England and Scotland and his calving ease and birth weight EPD's are at the top. He also has Diamond Prophecy 21P as his grandsire, Diamond Nicola Susan 23N and Butterfield Lady 13N as his granddams. We feel with his background, phenotype and EPD's this calf has tremendous potential. He sells with a 50K SNP and myostatin results at the time of the sale. WOULD LIKE TO RETAIN SEMEN FOR IN HERD USE.

SHORTHORNS

One of the favourite cows in the herd she is sired by Northern Legend 3N a top herd sire at Diamond, Hatfield and Belmore Shorthorns in Australia. Her full brother is ACC General 4U and her dam was a top producer at Anwender Cattle Company and Diamond. More importantly her first calf was the first to leave the bull pen as herd sire for Hatfield Shorthorns. Next she produced a good replacement female in our yearling heifer pen and again this year she has one of the very top bull calves. Here is an opportunity to flush a top producing cow to the bull of your choice.

TERMS OF FLUSH

- We guarantee 6 transferable embryos. Half of purchase price is payable the day of sale and the balance at completion of the flush
- Costs of flush to be paid by the buyer. We will deliver the cow to Davis Rairdan, Bova Tech or Bow Valley. Flush to take place in 2019.
- We will provide semen on one of our collected bulls if buyer so chooses.

A tremendous young cow by Diamond Lord Belmore 13B and out of a top producing Eionmor Piper 23Z daughter. Her granddam is only 6 years old and we have already used a son and a grandson. She is raising a deep bodied heifer calf by Diamond Dundee 26D. Flower May is ultra stout and powerful with a feminine look and hair that will last. She has maternal and function bred in to insure her as a brood cow with her paternal grand dam and maternal great grand dam being the outstanding Diamond Zeena May 9Z.

BRED TO PROSPECT HILL EMBER CANDY 24E DUE FOR AN APRIL CALF.

Essence is quite the heifer that we are drawn to her for her frame size, capacity and how big barreled she is. We are sure Essence will be nothing short of following in her mother's footsteps. This is a cow family that produces great off-spring each year. She has tons of overall expression to her. She will mature into a wonderful broad cow

This roan bred yearling heifer is from the JJ Jenetics Candy cow family. It was a difficult decision to enter her in the sale as she is one of our best, but we still have a number of the family in our herd. She is thick, deep bodied, and easy fleshing. She has a sweet temperament, is halter broke, and is very easy to be around. The Candy family has produced many winners in the show ring over the years, such as Circle M Ghost Rider 10G, Circle M Candy's Sugar Plum 6S, Circle M Candy's Kit Kat 9K, ACC Candy's Winegum 14W, and these winners have gone on to produce many great calves for many years. This cow family is noted for their longevity, easy fleshing, and excellent udders. We know she will be a valuable asset in any herd.

Eden is a very fine broody heifer out of a two year old. This is one of very few Balmoral Oaks Beau daughters we are offering. Eden is out of one of our very best foundation cow families. She has some great bloodlines Paintearth Rama 53U, Prospect Hill Wakefield 5W, Gafa Highlander 23M.

Electra has been a stand out heifer since she was born. She is a moderate framed heifer with thickness. I bought her dam in the 4's company sale and this happens to be her first calf. Her sire Prospect Hill Clay won reserve Interbreed champion at this year's Camrose Bull Congress. If you are looking for a heifer that will milk and is roan don't miss out on this one.

BRED TO PROSPECT HILL EMBER CANDY 24E EXPOSED FROM MAY 7 TO JULY 31 PREG CHECKED SAFE FOR FIRST PART OF APRIL A Robin heifer we really don't want to part with! The Robin line is one with ample milk and produces good ones each year. Her sire Saskvalley Absolute is a very impressive bull that did exceptional things for the herd. Eloise is a very flashy roan heifer that strides out really nicely. She was shown this summer. Make sure to take a look at this sweetheart

BRED TO DIAMOND ENTERTAINER 49E FOR A LATE FEBRUARY - EARLY MARCH CALF.

We love this heifer. She is so quiet and easy to get along with. But we told Dan that we would enter only our best into this sale. Her sire was our pick from Creekside. Redbull 9C put thickness and easy fleshing into his offspring. This cow family has worked well for us for years, as we still have her grandmother in the herd. Like the other Circle M cattle in the sale she is halter broke.

Elektra is a very complete, straight topped heifer with impressive length of body. A docile heifer she was shown this summer. We are very impressed with this heifer being out of a two year old. She is a very easy fleshing heifer with lots of shape. We think she has a very bright future ahead!

Ellie Maid is only being offered as a sale feature. She is out of one of my all-time favourite females Diamond Britney Maid 2B and sired by a Crooked Post Stockman 4Z son. Ellie Maid has been a stand out since birth she is long spined and smooth bodied with loads of eye appeal. She will be a front pasture cow with the phenotype and genotype which assure her potential to positively influence your breeding program. She saw service to an outstanding white son of Diamond Lord Belmore 56B

She is a front pasture female from a line of front pasture females. If quality females with depth of pedigree is your goal this lady should be the top of your shopping list. Her full sister was high seller in last year's All Star Classic Sale.

This is another example of how Diamond Dynamite 6D is working. This is an attractively designed female that will look great attached to a junior showman. We continue to be impressed by all the things that Dynamite can do. We knew he would add muscle shape and dimension. He is proving to be a rare bull that could offer some positive spread between birth and weaning.

GREY COW

The youngest heifer in the sale who probably won't be a sleeper. Cattle with this kind of look and presence don't get overlooked by potential buyers especially with the genetic backing of Diamond Dynamite 6D. The good news is they also don't get overlooked by judges either. Her even blue roan is an added bonus.

MERIWONG ROYAL GRANT ROAN MANDALONG ROYAL AMBASSADOR MERIWONG ADELE POLLED MERIWONG HAREBELLE BULL

> MERIWONG ROYAL GRANT MANDALONG PRINCESS LONE PINE ROANY 1559TH

Australian born Mandalong Royal Ferrari was imported by Gary and Terry Carter, Newbiggon Shorthorns, in 1972 along with Mandalong Super Flag and a couple of Mandalong Roany cows. This year our family lost Gary, husband, father, grandfather, uncle, brother and friend. Gary brought his enthusiasm for life to the Shorthorn breed and the introduction of Mandalong Super Fag to North America has had a lasting impact with many Canadian shorthorns tracing to him over 60 times. Mandalong Royal Ferrari may have been overshadowed by Super Flag at the time but brings some unique genetics to combine with modern day shorthorns. Look up his granddaughter, Newbiggon Exquisite Susan 10E in the sale, her dam is now at Hatfield Shorthorns and is a deep bodied easy fleshing brood cow.

He was reserve National Champion bull in 1994. He went on to sire a Regina Agribition Grand Champion female as recently as 2016. He has also sired the Agribition Champion female in 1998 as well as a reserve Champion. He has sired several top herd bulls and top brood cows. Several of those daughters have gone on to be top donor cows in the breed. Semen on Captain Mark 27C is becoming extremely rare in Canada and this could be one of the last opportunities to obtain some

Herd sire at Prospect Hill and then at Paint Valley Farms in Ohio. Balmoral Oaks Eagle 9X sired many top herd bulls at Prospect Hill, two that they retained for use Prospect Banner Eagle 44B and Prospect Hill Clay 56C. Clay 56C was Reserve Interbreed Champion bull at the 2018 Camrose Bull Congress. Oaks Eagle sires beautiful broad cows that are easy calving and raise excellent calves. Semen is not often available on Balmoral Oaks Eagle 9X but he sired Muridale Dimension 3D high selling bull in the 2018 "Who's Your Daddy Bull Sale".

This is your only opportunity to add this bulls exciting genetics to your herd in 2018

Wedgewood Clare was a high seller as lot 1 in the last "All That Glitters" sale. We decided last fall, even after performing the flush we retained, to purchase her back with Scott Woodruff as in our opinion she is one of the best females we ever raised here let alone offered. We feel that the embryos offered by two very different sires born 22 years apart will be absolute standouts. The Eionmor Mr. Gus 80C is one of the greats

Diamond Minnie Wildflower 11W has been a favourite here at Diamond since she was a calf and has been a standout producer. To become a donor female at Diamond you need to exhibit structural integrity, phenotype and a production record. She had a very large fan base when she went to Canadian Western Agribition in 2014. The embryos are sired by the phenotypically phenomenal Crooked Post Stockman 4Z and we KNOW this combination works we've seen the results at A & C Farms in Northern England.
