11th Annual Bull Sale

SATURDAY, APRIL 14, 2018

Sale Time 2:00 pm  
at the Geinger Farm  
South of Mayerthorpe

## Greetings Friends, Neighbors and Fellow Cattlemen (and women),

First of all, and most importantly, a huge thank-you, to everyone for your support in the past with the purchase of our bulls or bred or replacement females and the positive feedback on how our cattle have worked for all of you. Also a “huge” thanks to all the guys (and gals) who help us get the bulls ready for pictures and for the sale and a “shout out” to all of your moms and dads for raising such a great group of kids.

We are extremely excited and proud of the bulls we have on offer this year and we are exactly where we want to be with the addition of the black cattle into our program a few years back. We strive hard to grow our bulls on a high roughage ration and are very careful not to over feed them. It keeps our weights a bit lower than some of our fellow breeders but our customers keep telling us our bulls look good in the fall because they don’t “melt” down – and ruining a great bull by overfeeding him is something we just cannot live with. These bulls are ready to go to work for you. And the fact that we select only the “top” bull calves, from a 400 cow herd, ensures you are getting the “best” we have to offer. Our cows are culled hard for disposition, soundness, udder quality and performance and we continue to work hard every year to improve a herd we are already extremely proud of. And calving ease sires for your heifers, as always, is a main priority.

2018 was a very “interesting” year, to say the least, and if you want to grab yourself a good hankie, and pour yourself a tall stiff one, I’ll tell you a little bit about it. Never in my 58 years (and we’ve got a lot of neighbors a lot older than myself who said the same) have I ever seen so much “MUD” as our poor little calves had to muck through last spring. And although they would have been better off born with pontoons, than feet, those little guys persevered, and stayed healthy, although I don’t think it helped much with our wean weights, and finally made it to summer pastures. We found the highest point on the farm and set up a completely new sorting facility to sort our herd into breeding groups and were relieved to know they could finally find a dry place to lie down once they were on pastures. Our focus then shifted to salvaging our 2016 crop which had been snowed under, as it had been too wet to harvest in the fall of 2016, (crop insurance had to drive on swaths last June with their quads to get from one hill to another as the fields were even too wet for quads – they eventually did write them off though). Some folks then burned their 2016 crops so they could replant last spring but we decided to wait (as it was already pretty late for seeding) and the fields finally dried out enough so we could bale the salvage crop in July. Then it was haying season – we did get about 1 week to take off a month’s worth of feed without rain, but most of it had between 2 and 8 inches of rain on it. Long story short – we finally did seed about 300 acres of mixed grain for silage in July (2/3 of that was too wet to harvest this fall), we did salvage about 750 bales of 2016 barley, we silaged some weeds and volunteer crop from unseeded fields and we’re tub grinding everything to get our herd through the winter.

Good news is though – we’ve got “Angus” cattle. Of the nearly 500 females we exposed last summer we did not have 10 open – the best year we’ve ever had! (We had our first 300 calves this spring in just over 4 weeks). The November snow we had last fall melted in December and the 200 acres of greenfeed we could not harvest were grazed by our herd until January 25th, the salvaged barley and rained on hay were tub ground and fed 1/3 – 1/3 -1/3 with the “weeds” and greenfeed we did silage last summer and we currently sit with more calves on the ground than cows calved. And if it ever quits snowing and raining we might even be able to get some crop in this spring. Don’t get me wrong, rain is good, it’s just that sometimes you can get too much of a good thing. . . . And we’ve got a wedding coming up this summer. The Good Lord does work in mysterious ways.

Look forward to seeing you all sale day, good luck with this year’s calving, and thank you again for all of your support in the past.

The Geingers at Anchor 1.

Geinger House .....780.786.2903  
Kyle Geinger Cell.....780.269.0053  
Ralph Geinger Cell .....780.269.0059  
Kevin Geinger Cell.....780.902.8306

## **Video Auction Sale**

In an effort to make things as easy as possible for us hosting the sale and to facilitate the viewing of the bulls without a full sale facility, we have decided to offer a Video Sale again this year. For the sale the video clip will play on the big screen as the bulls are sold. This sale format was very successful last year and at other operations, and we feel this is the best way to keep stress low on the cattle. Basically, the only difference from a traditional bull sale is that the cattle will not physically walk through the sale ring. The bulls will be displayed at the bull farm just 1/2 mile away. This will allow you to view the bulls prior to the sale and then come up to the hall for lunch and the sale. If you have any questions about the sale format please give us a phone call.

Box 1084

Mayerthorpe, AB TOE 1N0

Ph: (780) 786-2903

### Health & Fertility:

All bulls will have a scrotal measurement, vet examination and have passed a semen test prior to the sale. All veterinary work will be completed by Whitecourt Vet Clinic Dr. B. Zygadlo.

### 100% Guarantee:

All bulls are guaranteed to be satisfactory breeders in accordance with CAA guidelines. Should a problem occur, barring physical injury or mismanagement, a bull of equal value will be provided or a credit will be issued towards the purchase of another bull. We guarantee you will have a bull to service your cows.

### Bull Development & Delivery:

**Option A:** Bulls can be picked up at Anchor 1 on sale day and a \$50 discount will be deducted from purchase price on all bulls picked up by the buyers on, or within a week or so of, sale day.

**Option B:** At the buyer's option and risk, the bulls can stay at Anchor 1 and will be delivered within 250 km of Mayerthorpe. We will do our utmost to deliver them right to your yard. This will be done at the convenience of Anchor 1.

**Option C:** Anchor 1 will keep the bulls free of charge until May 1st. At this time the buyer must pick up bulls from the farm.

**ALL BULLS STAYING AT ANCHOR 1  
MUST BE INSURED.**

**BROOKING BANK NOTE 4040** JSTN 40B 1776488  
CONNEALY EARNAN 076E X E A ROSE 918

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
	2.6	73	123	10	4.0	8.0	86	921	1548

High seller at Brooking's 2016 sale at \$125,000 and he is surely worth every penny. He sires extremely uniform calves with unlimited performance. His offspring (both genders) are as complete and correct as you will find in the breed. Bank Note has been a huge contribution in helping to strengthen our bull sale offering. With his first set of daughters milking for us this year, the quality of our young cow herd is improving drastically with every Bank Note female we retain.

**RED ANCHOR 1 REAL DEAL 10Z** RKKG 10Z 1677621  
RED TER-RON REAL DEAL X RED CROWFOOT VERNICE 4020

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
	1.8	56	80	13	0.8	6.3	84	677	1147

Sired by 2009 and 2010 Red Angus "show bull of the year" - Red Ter-Ron Real Deal 01W and out of one of the most consistently productive dams we have ever owned - Red Crowfoot Vernice 4020P, a direct daughter of calving ease breed legend Red Crowfoot Ole's Oscar 2042M, this guy is one of the most "consistent" sires we have ever walked here at Anchor 1. Every one of his calves displays tremendous "eye appeal", tremendous feet, performance and that dark cherry red hair coat. And being out of 4020P the maternal traits he will pass on to his daughters, and the daughters of his sons (your replacements), will be the kind that every cattleman is looking for.

Red Ter-Ron Real Deal  
HFX 01W

**HF RESOLUTION 18Z** HAMI 18Z 1706199  
CONNEALY CONSENSUS 7229 X WILBAR RUBY 955N

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
	-0.3	31	59	26	9.0	7.0	83	706	1235

Sired by the \$210,000 Connealy Consensus 7229 and from the "eggs" of Wilbar Ruby 955N, who is also the dam of the \$150,000 HF Kodiak 5R, this guy is "stacked with impressive genetics on both sides of his plate. He consistently sires calving ease progeny who display tremendous "eye appeal" and excellent performance. His daughters calving at Anchor 1 are absolutely beautiful and extremely consistent.

**HF KODIAK 5R** HAMI 5R 1274305  
SANDY BAR ADVANTAGE 43M X WILBAR RUBY 955N

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
	-0.2	48	81	15	12.0	9.0	82	858	1404

Probably the most influential "Canadian raised" black angus sire ever and easily the most prominent bloodline in our "black" herd. His sons and daughters have won shows and topped sales all over the world. He stamps his progeny with consistent quality, eye appeal, beautiful hair and his daughters with tremendous udders and longevity to burn. His calves are consistently born 7 to 10 days early (so watch your cows close when their getting due, if you choose these bloodlines), making him a leading calving ease sire, and the calves are born strong and "ready to grow". Kodiak last sold (with 500 straws of semen) for 2/3 interest at \$150,000. He is also the grand sire to our red AI sire Red Brylor Red Kodiak 3A and great grand sire to Red Anchor 1 Kodiak 179C - some of the black genetics we are working to infuse into our red herd. There are no direct Kodiak 5R sons in the sale this year but his genetics are so prevalent in our herd (both red and black) we felt he needed to be mentioned as a reference sire (grandsire/great grandsire).

**ANCHOR 1 THOR 42A** RKKG 42A 1861359  
SOO LINE THOR 1085 X HF TIBBIE 260Y

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
	-2.3	45	86	20	17.0	14.0	75	727	-

Extremely thick, stylish, "no miss" calving ease bull stacked with so many "great ones" in his pedigree. Purchased "in dam" when we selected our first bred heifers from the Hamiltons and his dam continues to impress and deliver year after year. Thor sired our high selling Black bull to Gumbo Gultch (2016) as well as our high selling Black bull to Colin Balan of Bonnyville AB (2017). He consistently "stamps" his calves with that herd sire look. Tremendous maternal traits, sound feet, excellent calving ease consistency and explosive performance topped with great hair and style make his sons easy to find come sale day. Thor is inevitably becoming the backbone of our Black Angus program. His 2nd group of replacement females calved this winter and they are the quietest we have ever handled.

**RED ANCHOR 1 ROB ROY 34A** RKKG 34A 1741070  
RED DKF ROB ROY 22P X RED ANCHOR 1 VERNICE 83Y

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
	-3.9	49	77	23	6.7	7.2	77	729	-

We purchased a bull from Blair's Ag, back in 2010, hoping to get a calving ease bull with performance and style. Performance and style he had in "spades" but his birthweights were suited better for the cow herd than the heifers. Then we AI'd one of his daughters to a Rob Roy 122K son, Rob Roy 22P, out of a beautiful Pasquia Lassie daughter, and 34A is absolutely outstanding. Excellent calving ease, with at least as much style and performance as his sire had, tremendous feet, and that dark cherry red color every cattleman wants.

## Reference Sires

**RED BRYLOR RED KODIAK 3A** LMP 3A 1736024  
BLACK BRYLOR KODIAK 204Y X RED BRYLOR FAYETTE 40Y

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-4.8	65	79	23	10.4	5.0	75	812	-	

A direct grandson of the "great" HF Kodiak 5R, and absolutely "stacked" with tremendous maternal genetics on his red side, we knew it was absolutely imperative that this guy had to be part of our herd's future. And he hasn't disappointed one bit. Anyone who walks our replacement heifer pens wants to know how much it would take to own one of his daughters (we're just not ready to sell our "very best") and his sons are all at, or near, the top of our bull pen. Every trait you could ever want in a calving ease sire he has in "absolute spades". Consistently tremendous offspring with a pedigree that is the foundation of what outstanding herds are made of. We are also walking a son here at Anchor 1 and will continue to use semen on him for years to come as we believe his potential is "absolutely limitless".

**Sire: WK Smooth 2382**

**ANCHOR 1 SMOOTH 108C** RKKG 108C 1857460  
WK SMOOTH 2382 X HF ROSEBUD 278U

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
2.4	51	95	17	4.0	5.0	85	685	-	

His name truly perceives him as 108C is extremely long and smooth. His calves have tremendous growing ability and a tad of added frame. WK Smooth 2382 sons have been a consistent popular choice at Hamilton's sale the past few years. 108C's females will be the kind you want to keep around to help further improve your cow herd.

**XO CROWFOOT 0102X** XO 0102X 1561052  
RED CROWFOOT MOONSHINE 8081U X XO CROWFOOT BLACKBIRD 8810U

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-0.3	74	102	21	5.0	1.6	86	740	1211	

A black "red carrier" sire we chose to buy a semen package on after viewing pictures of several of his calves (on their dams on pasture) and every single one of them were outstanding. Tremendous natural thickness and hip, explosive performance, and just simply incredible style, he has sired red bulls that have sold for \$30,000 and \$20,000 in the past. Our 0102X daughters are proving to be extremely valuable in the sense that they are very correct feminine cows that produce very powerful high performance calves. 0102X is a timeless bull that will show up in pedigrees all over the country for many years to come.

**ANCHOR 1 LUTE 31C** RKKG 31C 1857414  
PLEASANT VALLEY LUTE 1207 X HF MAYFLOWER 69U

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
3.5	44	69	21	2.0	10.0	89	654	-	

Purchased "in dam" with our last purchase of females from Hamiltons we used him here at Anchor 1 for the tremendous female traits in his pedigree. Absolutely outstanding maternal genetics with his grand dam being named Grand Champion female at Denver in 2010 and an "auntie" in 2014. Half sib sisters have sold for \$26,000 and \$18,000 and a half sib brother for \$35,000. And if the maternal super strength is not enough, he's really put together right and is consistently siring low birth calves with satisfactory performance.

**O C C LEGACY 839L** IMP 839L 1193688  
O C C ECHELON 857E X O C C DIXIE ERICA 960E

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
1.2	29	55	21	10.0	4.0	-	-	-	

We decided to buy a package of semen on this fellow after watching how well his daughters sold at the Crowfoot dispersal. Very slightly smaller framed, with tremendous style, this guy's sons will leave you a set of replacement females that will look good in your herd for years (he had 10 year old daughters (they looked about 5) selling at pretty substantial premiums over sale average at the dispersal). If you are looking for cows that will "just work for you", without any special pampering, these are the sons for you. And cows like that are the ones that consistently bring home calves weighing at least 50% of their own body weight - and I don't know what more you can ask for in a cow.

**TOWAW TENACIOUS 11X** WDV 11X 1593504  
HF TIGER 5T X RED TOWAW DARLINE 15R

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-6.8	40	62	18	14.6	12.2	81	563	1031	

A direct son of the great HF Tiger 5T and the gorgeous Red Towaw Darlene, 11X is the most consistent low birth producing sire we have ever walked. His male offspring average 80 lbs at birth while his females average just 71 lbs and through consistent breeding he has recorded a calving ease EPD of nearly +15. Tenacious also offers proven performance and tremendous maternal strength with both Tiger and his beautiful dam in the pedigree you will not be disappointed if you choose to use one of his sons on your replacement heifers this summer.

**RED FINE LINE PACKER 20B** NVG 20B 1774001  
RED SAWMILL PACKMAN 7Y X RED FINE LINE BERTHA 16Z

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-6.6	45	68	14	12.4	5.2	72	686	1138	

Purchased from Fine Line Angus in 2015 this guy consistently sires "bet the farm" calving ease with tremendous performance. Long, Smooth, and dark cherry red with excellent feet, his dam was considered by Nick to be one of his best young cows- and if you know his herd that is saying a lot. His sons are some of our most highly recommended heifer bull prospects and his first set of daughters calved this winter and their future looks very bright for our program.

**MJT EXTRA 209B** MJTA 209B 1890799  
MJT TOUCH DOWN 505Z X MJT LADYBIRD 440Z

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-	-	-	-	-	-	-	-	-	-

Extra was "our pick" and the second high seller at the very successful MJT Farms bull sale in 2016. We selected him for our heifers to maintain strong calving ease traits, length of body, style and performance. He has met and exceeded all of our expectations as his calves are even more attractive than we could have ever imagined. He offers 8 very uniform calving ease sons to our bull sale lineup with a solid 6 of them raised on 1st calf heifers. His style, consistency and performance is what we hope to receive from any newly acquired herd sire and his sons will offer you a very similar sense of satisfaction for your own programs in the years to come.

**RED KBJ LIMITLESS 947A** KBJ 947A 1744845  
RED U-2 LIMITLESS 298Y X RED KBJ SYRINGA 917X

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-0.8	39	56	14	0.6	3.2	78	668	1191	

Limitless is a proven herd bull that we purchased as a 3 year old at the Glesbar dispersal in 2016. He is as dark red as they come and at 5 years old Limitless still stands on a perfect set of feet and is one of the most athletic efficient breeders we have ever walked. This spring Limitless managed to breed 50 cows in six weeks and never seemed to be fatigued. His daughters are right at the top of our replacement pen for style and his sons are very attractive standouts in what we believe to be our strongest set of bulls yet.

**RED ANCHOR 1 KODIAK 179C** RKKG 179C 1857508  
RED BRYLOR RED KODIAK 3A X CROWFOOT ENECHOR 5213R

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-7.6	45	60	27	14.8	6.8	62	729	-	

A son of Red Kodiak 3A this guy is put together right with that dark cherry red hair coat, excellent feet, impressive muscle pattern and the same maternal strength that comes with 3A's pedigree. 179C worked very nicely on our heifers as they all calved without assistance and 4 of his sons have found a spot in our bull sale lineup. His dam was an original foundation cow for our herd purchased as a bred heifer in 2007- she still walks our pasture today as sound and productive as ever.

**ANCHOR 1 BULLSEYE 37C** RKKG 37C 1858497  
KR BULLSEYE 3451 X HF ROSEBUD 19U

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
3.5	54	92	23	-1.0	8.0	84	642	-	

Bullseye 37C was purchased "in dam" from our most recent package of outstanding Hamilton cows. We decided to keep him home to service our own cows to add natural muscling, fleshing ability and impressive new blood. He is quickly proving to be a high performance powerful breeder, stamping all of his calves evenly. Maternally he will help improve any program as his dam is a beautiful big bodied SAV Predominant daughter.

**RED ANCHOR 1 HIGH CAP 25A** RKKG 25A 1741064  
RED BRYLOR RSTD HIGH CAPACITY X RED ANCHOR 1 FREYJA 305Y

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-3.7	20	33	17	10.3	9.8	74	569	-	

A direct son of Brylor's heavily used AI sire Red Brylor RSTD High Capacity, his sons offer style thickness and easy fleshing ability. His maternal sisters in our herd are very pretty excellent producers. 25A's sons will sire calves that gain well on feed and perform on the scales.

**GJP DJANGO 86B** GJP 86B 1815079  
RED RCR RIO GRANDE 123Z X GJP 175M MISS MIDLAND 86P

EPD	BW	WW	YW	MILK	CE	MCE	BW	AWW	AYW
-0.6	66	100	20	5.8	5.4	85	752	-	

Django is a very easy fleshing red gene carrier that we purchased from Pugh Farms. He sires stout, moderate framed, soggy cattle with great hair. His disposition makes him a pleasure to handle. His first set of daughters calved this winter and they are absolutely gorgeous females with a true gentle nature. His Red Carrier 2 year old son on offer this year looks almost identical to his sire.

- 16E embodies everything that we are searching for when we select our bull sale offering each year. Unmatched style, tremendous calving ease credentials, and very solid performance numbers make him an **outstanding heifer bull candidate**. The Red Brylor Red Kodiak 3A bull has done a pile of good for our Red Angus program the past few years and we look forward to crossing his offspring with new bloodlines in the future. 16E's grand dam certainly was a foundation cow here at Anchor 1 with 5 gorgeous daughters' currently in production today.

- Born unassisted at 88 lbs out of a first calf heifer goes to show just how smooth these Red Kodiak bulls are built
- 19E however, did receive some extra performance from his dam's side of his pedigree so we do recommend him to be used on second calver's or cows
- 19E has awesome feet under him and his powerful **long bodied profile** will catch your attention.

- Typical Red Kodiak son here, **lots of length**, great neck extension and a **terrific hair coat**
- It doesn't seem to matter which cow is in the squeeze at breeding time if we stick them to Red Kodiak 3A the outcome is **always a success** and there is never a shortage of style
- If you select 68E or any of the Red Kodiak sons on sale day, they will without a doubt pass on these great characteristics into your cow herd
- 68E's dam always brings a good one home from pasture

- Here at Anchor 1 Angus we feed our bulls with longevity and workability as our top priority. 190E is a **Freak of Nature** recording the highest performance weights on dam as well as on feed this winter. He displays early maturity and great testicular development. We are very pleased to be able to offer a **Herd Bull Prospect** of this quality and we are highly considering letting him start the sale off. Maternal value is very strong in this bull as well with his beautiful dam being a Soldier X Star ET calf that was born on our farm a few years back. Take a good look at his **Calving ease and Performance Spread** it will **Blow your Mind**. 190E is suitable for your **Heifer Pen** and he is well worth the drive. One of the most exciting bulls we have ever raised.

- 369D is loaded with style and performance and he will **work on heifers**
- His dam 270Y is a **flawless gem**
- You cannot go wrong selecting 369D sale day

## Terms & Conditions

**TERMS** The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made.

**BID** Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**DISPUTES** In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time.

**ANNOUNCEMENTS** from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** The proper Registration or Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

**SHIPPING** Assistance will be given in making shipment after the sale but no risk is assumed by Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**GUARANTEE** All animals will carry standard breeding guarantee as specified by the Canadian Angus Association. At no time shall the seller's liability exceed the purchased price of the animal.

**EXCEPTION TO GUARANTEE** In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**ACCIDENTS** Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
