Print Marketing & Digital Marketing - Alana Williams
Sales Talk - Jay Good, Jocelyn O'Neil, Justine Gardner & Kim Matthews
Judging - Kolby Heaven, Duncan Pearson, Kyle O'Neil & Kirsten Fornwald
Team Fitting - Kyle & Brittany Boss

Jordan Buba - Showmanship

Jordan is a member of the 4th generation at Lewis Farms where they run 1000 registered Simmental and Angus mother cows and have a Annual Bull Sale the last Saturday in February and a bi- annual female sale the first Saturday of December. They also grow seed potatoes and a

variety of oil and cereal crops. Cattle has always been a favourite division of Jordan's at the farm which led her to getting her diploma in Livestock Production from Lakeland College. Since then she has been full time on the farm and can't think of any place better to be.

She remembers attending her first AYCS show as a spectator at just 8 years old. She then attended her first National Classic the following year in Bashaw, Alberta. She was able to attend a National show in every province once and then cycled back through most of them for a second time. The friends and industry contacts Jordan met at each of these shows has lasted a life time and she encourages everyone to take full advantage of every show they attend!

Jordan has been blessed to attend most of the major Canadian Shows as either a participant, spectator or judge and has also attended a few south of the border. She was selected for a trip to Texas for the American National Jr Simmental Show the year the National Classic was held in Ottawa. Her proudest achievement in the USA was exhibiting a Shorthorn bull who went on to be the American National Champion at the Denver National Western Stock Show. Last fall she was honoured to be asked as one of the 5 judges to evaluate the RBC Beef Supreme Challenge at Agribition. Jordan is excited to sort through all of our breed's young showman at the National show!

Marlin LeBlanc - Confirmation

Marlin and his wife Lucille own and operate R Plus Simmentals in the heart of the coal mining district in Estevan Saskatchewan. They are currently breeding about 550 purebred and percentage red and black Simmental cows. They will host their 19th annual bull sale on March 3/2019 at the ranch,

where approximately 100 bulls will be on offer.

Marlin and his family are very proud that they have sold bulls to many programs all over North America. The R Plus name will show up in many breed leading pedigrees in the Simmental breed.

Marlin was a member of the YCS many years ago, serving as President of the Saskatchewan chapter.

He also has the privilege of now serving on the Canadian Simmental Board, and acting treasurer on the Friends of Canadian Simmental Foundation, both positions he is very honored to hold. Marlin is a big believer and supporter of our junior programs and is in awe of how far these programs have progressed in all breeds. He tips his hat to all the leaders and parents who take the time to help and mentor the next generation of livestock breeders.

Over the years he has had the opportunity to judge many livestock shows of all breeds and is very humbled when ever asked. He believes he judged the National YCS show at Agribition in 1986.

Marlin is honored to be asked to evaluate the cattle today and would like to thank the YCSA Board for giving him this honour.
