

TRI-N ^{5th Annual} BULL SALE CHAROLAIS

Featuring Manitoba's Largest Sale Offering of Red Factor Charolais

Offering 50 Quality Charolais Yearling and Two-Year Old Bulls

A bull to suit everyone's budget

New Date!

MONDAY, MARCH 23, 2020 - 2 PM

~ on the farm - Lenore, MB ~

Welcome to the 5th Annual TRI-N Charolais Farms Bull Sale!

Merv & Joanne

Jesse

Welcome to the 5th Annual TRI-N Charolais Farms bull sale! Hard to believe its that time of year again!

2020 marks our 35th Anniversary in the purebred Charolais business. Wow does time fly when you are having fun! After consigning bulls to various test stations (Douglas, Roblin, Yellowhead), then selling bulls at the Westman Charolais Sale, Cattleman's Classic (for 15 years) to hosting our own sale at the Virden Auction mart and now on the farm we have seen some changes!

The venue of how we sell our bulls may have changed throughout the years but we have always used these core values in breeding cattle the last 3.5 decades. They are:

1. **Calving ease:** As our herd continues to grow and farm help is hard to find, calving ease is a must. Any bulls or heifers born over 110 lbs. aren't kept. When selecting herd bulls a small head and smooth shoulder is a must!
2. **Calf vigor:** Calves must get up and suck without help. Dead calves don't grow or make you money. If we have to help a calf suck they get the band.
3. **Accelerated growth from birth to weaning:** Moderate BW with the goods to wean them heavy weight calves in the fall. Compare our 205 DW on these bulls to many in the industry!
4. **Breeding libido:** The ability to breed your cows as a yearling quickly and effectively. All bulls are guaranteed to get your cows bred during your breeding season.
5. **Structural Soundness/Easy Doing:** Bulls/cows must be able to travel large pastures and last. They must be easy doing. Let the cow work for you, not you for the cow!
6. **Maternal strength:** From the beginning we believed in breeding for better and better females and the bulls will come!
7. **Success in our commercial herd:** Many of our purebred herdsires started their careers in our commercial herd. This to us is a no-nonsense way to access the above 6 points in a no nonsense environment. Even the 2012 Agribition Champion Bull and Top 10 Supreme Finalist had to breed commercial cows!

The bulls will be located just outside our heated sale barn. They will not physically be entering a sales ring but will be selling by a TV video. Please come early to select your bull and enjoy some Ukrainian hospitality starting at noon.

We are very excited to welcome Brennin Jack (Jack Auction Group) to our sale staff this year! Brennin makes his living from the cattle industry. He works as a calf order buyer as well as an auctioneer. Talk to Brennin he buys thousands of char x calves every year.. he might just have an order for yours!

We would like to thank everyone who has supported us over the years. We have met so many great people far and wide that we are proud to call our friends. Even if you don't need a bull this year come on down - the beef business is our business and everyone is included!

The Nykoliation's

From the Desk of Jack Auction Group

Powerful, Uniform, Big Bodied and Masculine!

These are words that come to mind when I look at the Tri-N Bull Pen. I'm Brennin Jack, and along with my partner Ben Odiorne, we own and operate Jack Auction Group, as well as, operate a cow/calf and grass cattle operation just south of Prince Albert, SK. You may be asking yourself, who the heck are these guys? Good question, we may be "new" in the purebred cattle marketing sector, but, we are far from rookies in livestock marketing or cattle in general. Two years ago, I stepped back from Auctioneering full time, to pursue building our own company and focus on my other passion, order buying. I'm very fortunate to work for one of the largest, and well-respected order buying firms in Canada - Gibson Livestock. I have personally marketed around 1.2 million cattle as an auctioneer over the past two decades, and evaluating cattle has been my day job for that entire time. I personally see around 250,000+ cattle a year, and you get to know a good one, from a bad one, in a hurry.

When it comes to orders for large-framed cattle, no one will complain when you send them Charolais or Charolais Influenced Cattle. It doesn't matter if the truck is off loading in Ontario, Southern Alberta, or Nebraska, front end Charolais and Char Cross Cattle are always sought after. There are marketers that will try and tell you they have to be Tan to bring any premium. Yes, Charolais cattle tend to be the high sellers at almost every sale, but, really good crossbred cattle that have a big shot of Charolais in them won't sell very far behind. If you have Red or Black Cows, put a Charolais Bull on them to add that big boost of performance to your calves. Well, I want to keep "Bessie's" heifer calf and don't want to keep a Silver or Yellow Heifer, short answer, SELL THEM!!! There will always be someone that has your style of heifer that you want as a mother cow. My advice, raise cattle that will bring you the most pounds and make all the buyers sit up on the edge of their seat when your cattle come into the sale ring. I tell everyone, breed your cows to make steers, instead of breeding your entire cow herd to keep 10 replacement heifers, go buy the 10 best heifers from a reputation ranch to add to your program.

We hope to see you on sale day, and chat face to face, the Nykoliation Family are down-home Ukrainian people that will be putting together a really nice spread before we get underway with a snappy sale. If you can't make the sale, no problem, go see the bulls prior to the sale and leave an order with us, or Bid Online on DLMS, or one of our Sales Staff will gladly buy a bull for you over the phone, and any of our team will give you their honest opinion on any of the bulls in the sale.

We look forward to seeing you at the sale, don't be scared to give us a call if you have any questions.

Let's Have A Sale,
Brennin Jack & Ben Odiorne

Brennin

Ben

TRI-N *5th Annual* CHAROLAIS BULL SALE

New Date! **MONDAY, MARCH 23, 2020 - 2 PM**
~ on the farm - Lenore, MB ~

Sale Day Phones

Merv Nykoliation	204-851-2290
Jesse Nykoliation	204-851-3391
Brennin Jack	306-641-9285
Ben Odiorne	306-209-2288
Terry Fehr	204-362-7830
Buddy Prouse	306-269-7545

Sale Staff

Brennin Jack, Auctioneer	306-641-9285
Andrew Reeleeeder, Ringman	403-848-1260
Robin Hill, Ringman	204-851-5465

Video Sale

Videos will be available online at www.trincharolais.com. This is a video sale so be sure to come early and go through the bulls thoroughly in the pens as they will not be coming through the sale ring.

Delivery

If you are able to bring your trailer sale day, we will deduct \$50 from the purchase price of your bull. We can deliver your bull for \$100 for up to 200 kms. Anything over 200 kms, delivery will be at cost. We will work with you for further destinations.

American Purchases

We will do all necessary health tests required for export. Bulls will be delivered to the nearest point of entry at the seller's convenience. American Buyers will be charged and additional \$250/bull for the 1st bull and \$200/bull for each consecutive bull to cover health testing costs and delivery to the border. If you require us to drive across the border it will be an additional \$200/bull. Exchange rates will be announced sale day at current bank rates. All bulls are guaranteed exportable to the USA.

Lunch

Join us for a Ukranian Lunch and Hospitality starting at noon.
Sponsored by Nutrien Ag and Masterfeeds.

Can't make the Sale?

Just give us a call with the particulars (color, horn/poll, etc.) and we will find a bull that suits your program. Our sales staff will handle your bid in a professional manner. The sale will also be broadcast and internet bidding available on DLMS.

DNA Testing

We decided to test a select few for homozygous polled and red. Results are in the catalog. Bulls that are listed as "homozygous red non-diluters" are bulls that will only throw red or black on black cows (no greys). Other bulls in this sale may or may not carry these genes as they were not tested.

TRI-N Charolais Herd Health

At birth to weaning:

Inforce 3, Once PHM, IN, Vision 8 Somnus, Vista Once, Cocco treatment

Weaning:

Vista Once, Vision 8 Somnus, Ivermectin and Deworming (oral)

Cowherd is on a full vaccination program for IBR, BVD, BRSV, PI3, and Scours.

Calving Ease

As dead calves don't grow or make you money, we have paid strict attention to birthweight, calving ease and vigor. Any calves born over 110 lbs. or have poor vigor are castrated - no questions asked! We won't sell you a bull we wouldn't use in our own commercial herd.

Insurance

Insurance will be available sale day from Keystone Livestock Services,
Lois McRae - 204-573-5192.

Accommodations

Jay's Inn 204-748-2223

Countryside Inn 204-748-1244

Like Mother, like Daughter...

Highest and third highest milk EPD Females in Canadian Charolais History!
We are very proud to have raised both these females and the job they have done in our herd!

TRI-N *Prairie Rose* 401P

Granada's Red Ace x TRI-N Super Jammer

CE 11.0 BW -1.1 WW 39 YW 72 M 42 TM 62

- Mother (244M) produced until 15 years of age and was a diamond dam of distinction (10 calves in a row indexing over herd average weaning weight).
- Dam 27H produced until 14 years and was a gold star dam of distinction.
- Daughters (37S and 124T) and granddaughter (91W) have both been awarded Gold Star Dams of Distinction.

TRI-N *Prairie Rosebud* 37S

TRI-N Payday x Prairie Rose 401P

CE 11.3 BW -1.6 WW 49 YW 82 M 41 TM 65

- 3 generations in a row of Gold Star and Diamond Dams (401P, 244m- diamond dam of distinction, 27H) as well as herself being one. Daughter (945W) is a gold star dam.

DIRECTIONS TO THE FARM:

From Crandall - 6.5 miles S on Ravine Road

From Kenton - 6 miles N on HWY 21 to 71N. West (left) on 71N to 71N/145W. Turn south(left) half mile.

From Lenore - 2.5 miles N to speed curve, exit onto gravel and take 1st left(west), 1 mile west to 145W(Ravine Road). 3.5 miles North. Yard number 70097.

Watch for signs!

RS WINN MANS *Terantino* 9131Y

CE 4.9 BW 1.2 WW 52 YW 84 M 14 TM 40

Homo Polled

14 sons on offer

We admired Terantino and his calves for years at Happy Haven Charolais. When we were given the opportunity to purchase him as a 7 year old we jumped on it!

Quite possibly the best footed Charolais bull I've ever seen! At 8 years of age his feet were never touched. He is referred to here as the "muscle man" as he was so compact and full of meat.

It's worth the drive to come see his sons - they are truly impressive. Every one has that small head, smooth shoulder with hair and excellent performance! A true cattleman's dream!

Winn Man unfortunately stifled himself at the end of the breeding season. So, this will be your only chance to purchase a son. Let our loss be your gain!

Terantino sons

One good bull! A carbon copy of his father but tan! TRI-N Terantino 973G is impressive. His thickness from front to back, extreme width, perfect feet with generations of maternal power is what makes him an exceptional herd bull prospect.

Terantino 973G's cow family has been one of our best producing. She traces back to NMF 49G which is the dam of TRI-N Payday 419P which you will see in practically all our pedigrees as they work! Dad purchased 49G's dam (Border Corner Astra 1X) from Sunnybrae Charolais through the 49ers sale in 1988 when Jesse was 7 months old!

We believe in this bull so much that we are planning to draw semen and use him in our herd to take over for his sire. A bull we are excited to offer to the industry!

Selling 2/3 interest and full possession.

Top Winn Man bull off the same cow family as Lot 1 and Lot 15 This bull will work in any top purebred or commercial herd. A real eye catcher with his impressive depth, length and correctness. His mom is a perfect uddered female. Check out his BW to WW and YW ratios.

Selling 2/3 interest and full possession.

Terantino sons

Collaros is a winner! What a bull and what a cow family! After seeing these Winn Man bulls we don't have to tell you how good they are.

907G's dam is the great TRI-N Prairie Rose 124T. One of the best daughters of Prairie Rose 401P (the highest milk EPD female in Canadian Charolais history)! Four generations in a row have been Gold Star Dams of Distinctions (124T, 401P (gold star x 2), 244m and 27H (Gold star x 2)). Her daughter (91W) is also a gold star dam making it 5 generations in a row. There's a reason we love this cow family!!

124t has raised 12 calves in a row and gets rebred every year. Every son has made and was at the top of our bull sale and the daughters have all made great cows. Her most notable daughter is TRI-N Prairie Rose 91W who had high selling bulls in our sale 4 years in a row.

If you believe a bull is only as good as his mother buy this bull!!

Selling 2/3 interest and full possession.

Check the birth date on this guy- he won't be a year until after the sale! Here's a nice quiet tan Winn Man that will calve well. Small head, smooth shoulder and lots of length and performance!

RS SCX *Thriller* 89B

CE 8.3 BW -1.8 WW 56 YW 107 M 27 TM 55

4th Generation Polled

15 sons on offer

EPD's top 2% for TM, 10% WW and YW, 15% for BW and milk and 25% CE.

We purchased Thriller from Triple C Charolais as a 2-year-old. We really admired his sire (TRI-N Thriller PLD 173Z) when he topped our bull sale in 2013. To this day he is still one of the deepest bodied bulls we have ever produced. His mother is still in production at 12 years of age and goes back to the Prairie Rose cow family. She will be entering our embryo program soon.

The first year we predominately used him on commercial cows as we feel that's the true test of a bull. He passed with flying colors! We have many daughters milking now and they are excellent.

Rarely you find a bull that sires calves with as much meat, middle, excellent feet and maternal strength. Not to mention a true outcross!

We lost Thriller so this will be the last chance to own a son. Watch for his legacy to live on here!

Sire: TRI-N THRILLER PLD 173Z

BWK BURST MARBLER 1149 (P)

TRI-N-GREAT ASTROID 49G (P)

Herdbull! A bull I'd use in my purebred herd in a minute. The amount of depth, width and muscle in this bull is phenomenal! Dr. Merv is full through that stifle which is hard to find these days. He possesses a small head and smooth shoulder and is sure to be a calving ease sire!

Same cow family as Lot 1. His dam (93T) has been a phenomenal producer and was awarded a Gold Star Dam of Distinction. She has got bred early every year and raised 11 calves in a row. All have made herd sires and cows in our herd. When in need... call Dr. Merv!!

Selling 2/3 interest and full possession.

One of the pen greeters! Here's a top Thriller off a french influenced cow (Cougarhill Hank). 9450G has excellent shape, width of top, length and performance! If you love performance and want heavy calves this is your bull!

Customer Testimonial

"Adding the Red Factor Charolais to our Red Angus based herd has increased the vigor and growth of our calf crops without giving up calving ease. These calves come out sleek and long bodied and they don't lay around to die. By the time you get the tag written out they are up and sucking. We have been very satisfied with Merv and Jesse's bulls, as they are sound footed and good breeders. They also have very quiet dispositions and are always easy to work with."

~ Ty and Sarah Neidhardt Richardton, ND, USA ~

One quiet bull! A bull that loves his scratches. A 2 year old we kept back to breed commercial cows this year. Lots of pounds and performance. Was too quiet picture day and wouldn't put his head up.

RS TRI-N *Red Baron* 765E aka "Reggie"

CE 9.5 BW -2.3 WW 41 YW 77 M 22 TM 43

Homo Polled, Homo Red (Non-Diluter) 5 sons on offer

EPD's top 10% for BW, 15% for CE

From the moment Red Baron was a baby calf we knew he was going to be great! From an early age we were amazed by the depth of body, hair and eye appeal Red Baron had. Genotypically Red Baron possesses some of the strongest genetics in our herd. His sire Captain Morgan 340A needs no introduction being the cornerstone of our herd for many years.

His dam (917W) is one of the most beautiful cows on the ranch. She is a Gold Star Dam of Distinction and is currently being flushed. 917W dam (23R) is also a Gold Star Dam and most notably produced TRI-N Frank the Tank 75Y that did very well for HB Cattle, Mount Pleasant Utah that you still see a lot of today.

Red Baron is over 3 decades in the making. His BW's are very moderate and as you can see by his sons they grow. We felt so confident after calving him the first year that we AI'd all of our red heifers to him this year. The results have been great so far with all being 70-90 lbs. He also walked with a large group of calves so we expect 80+ calves in 2020.. stay tuned!

You won't find a better homo red bull with more predictable genetics! This linebred Captain Morgan son will throw nothing but consistency in your calf crop. The most impressive dark red bull we have raised to date!

Streveler 971G will calve extremely well and will produce you bulls or steers that will top the market and grow. Even more impressive is the maternal power he has having Prairie Rose 37S and 401P as his grandma and great grandma. The highest and third highest milk EPD females in Canadian Charolais history.

If your herd is lacking capacity, calving ease and maternal power buy the Strev!

Selling 2/3 interest and full possession.

Tan Platinum son off a very nice Captain Morgan heifer. What a great job a first calf heifer did raising this guy! Will work on medium to large frame heifers or cows.

Already Platinum/Downtown sons

His stats speak for himself. By far our highest producing two-year-old was his mom. A really impressive bull with lots of length of body and width. A real cattleman's type of bull that will calve well and grow. Recommended for first calf heifers or cows.

The only Downtown son we have. A real power bull. Don't let his BW scare you. His mom is a big cow and he's built right for calving. Lots of hair and a big hip on this bull.

Terms & Conditions

Terms

All on-site buyers are required to pay by Cheque, Cash, Debit, or by Visa or MasterCard (3% convenience fee on all credit cards) the day of the sale. Internet Buyers and US Buyers will have two (2) business days to wire Canadian Funds to Jack Auction Group for all purchases. All settlements must be made with the sale clerks before cattle will be released. The right of property will not pass until final payment is made.

Bidding

Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Disputes

Bidding will be re-opened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

Announcements

Announcements made from the block will take precedence over printed matter in the catalog. Buyers are cautioned to pay close attention to announcements.

Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

Certificate of Registration

Each animal will carry papers issued by their association unless otherwise stated in the catalog. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

Delivery

Assistance will be given in making delivery after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller, but will be as soon as practical after the sale, at the buyer's risk.

Breeder Guarantee

Should any bull fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee

In the case where the animal is subject to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void. The seller is not responsible for damage caused by foreign bodies after the animal has been sold or for sickness not apparent at the sale time. In no event shall the seller be responsible for more than the purchase price.

American Purchases

The sellers will do all health testing for export. Bulls will be delivered to the nearest point of entry at the seller's convenience. All American purchases will be charged additional fees for health testing and delivery as described on page 3. Exchange rates will be announced sale day at current bank rates. All bulls guaranteed exportable to the USA.

If you are an American citizen, you do not need a passport to enter Canada. However, you should carry proof of your citizenship (birth certificate, certificate of citizenship or naturalization as well as photo identification). More information is available at www.cbsa-asfc.gc.ca.

Accidents

Although every precaution will be taken to protect the safety and comfort of the buyers, neither the sale manager, auctioneer or sellers assume any responsibility and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Sale Manager

Jack Auction Group is only acting as a medium between the buyer and seller and is not responsible for failure on the part of either party to live up to their obligations; or for the truth of any warranties or representations, expressed or implied. Any legal action taken in exceptional cases must be between the buyer and seller. The buyer must look to the seller for fulfillment of all guarantees and representations.

Insurance

Insurance will be available sale day.

Pictures

By attending the sale you are granting permission for your picture to be used for promotional and advertising purposes relating to the sale.

Semen

The consignors reserve the right to in-herd semen use on any bull sold in the sale, with semen drawn at the consignor's expense and the buyer's convenience.
