One of our favorite black bulls raised to date. God Of War pretty much speaks for himself, sure bet calving ease, performance and incredible maternal strength. All along he has been a standout and admired by many. His dam Ruby 52C is at the top of our program and entering the donor program this year. We have been very happy with our State Of War calves and want to incorporate this guy in our program through AI. Homo Polled and Homo Black by parentage.

One of the hairiest fancy, stout made bulls this guys 3/4 sister sold to Maxwells at Checkers 2018 and was a show heifer. His dam a young Cobra daughter has a beautiful udder and we are excited about her future. Great grand dam was a many time champion female including Reserve Female at Farm Fair. Heifer bull here, and being another top State Of War in our show pen. Dam’s maternal brother is also Dangerous Affair, a bull we showed and kept semen on and is sire of SSSF 20G. Dams Maternal Brother
A member of our show team this dark red hairy Regulator son has a ton of length and muscle as well as style, his dam is an excellent Red Power cow that stems from one of our very best red cow families. A bull we really should be retaining in our own herd if it wasn’t for as many related to him. A bull we have rated very high and admire a lot. Poll test pending.

Sire: MRL Regulator 148D

Dark red Regulator son this guy is solid solid solid, love the quarter and middle in him. His dam has been a very top producing Prowler daughter that we unfortunately just lost.

Unique half blood son here out of our Statement bull and a beautifully uddered baldy Provider daughter. His maternal sister is a beautiful first calver we really like a lot.
A very cool individual that has had “the look” since day one. He is sired by the outstanding S A V President the $750,000 AI sire. His dam is becoming one of the best cows in the herd, her bone substance hair and, big foot and great udder make her a herd favourite. A maternal sister was a sale feature at the Northern Angus sale a few years back selling to Ashley Ganske. This guy has tons of but style and top, he was second in class in the Rancher’s Choice Show at Bull Congress this year.

A very interesting President calf with low birth weight and great maternal bred into him with a very solid stature. His dam is a very top producing Thunder daughter who raised our lead off high selling black bull last year to LLB Angus. Has a few great maternal sisters in the herd a sister at Langco Angus and a brother that was a lead off bull years ago to Murry Magill.
One of the best black bulls raised to date at Amtzen Angus this guy has been a standout since day one. His sire needs no introduction as the Show Bull of the Year and many times champion, DMM Crank. His dam is easily becoming one of the top producing cows in the herd and has another great full brother on the ground. This guy is put together so well smooth in every aspect with great substance and style. His maternal sister was one of the top selling heifers for $8,000 at the 2019 Northern Angus sale to Everblack Angus.

Real good crank calf out of our Wilbar cow, this guy is solid and fault free.
Really solid Crank son this guy is out of a top end female we purchased from Country Lane Angus at the Northern Sale. Love the hair and substance in this calf fits right in with the Crank progeny very happy with how they have turned out.

Very stylish Statement son with great length and front end extension. Backed by a very beautiful Revere daughter that stems from the first Angus cow I bought.

Stout solid made package from a great cow family, his dam is becoming a very good young cow. Calving ease heifer bull here to off our heifer bull statement who calved like a dream on heifers for us.

Youngest Angus bull in the sale end of March calf. I have always liked this guy since he was born he has tremendous length, correctness and hair, his dam is a great uddered Kodiak daughter. Him and his dam ended up in the neighbors bush pasture and got weaned a lot later than the rest put has been catching up very good. Excited to see this guy mature. Maternal brother to S4F.

A sure bet heifer bull with outstanding maternal in him, sired by the great S A V Final Answer alone is exciting but his dam being a beautiful Titlest daughter is very exciting as well. His dam’s maternal sister, DTA 58F is pictured, she sold in the Angus Collection sale to Family Ties Angus.

DTA 58F: Maternal Sister to Dam
One of our favorites this guy is a stunner who’s semen is very limited now and out of a very good young easy decision daughter. This guy is very complete, solid, moderate and heifer approved.

Picture doesn’t do this guy justice, a member of our show pen at home. This guy has tons of length and style and growth and performance, sure bet heifer bull being out of the great Musgrave Stunner.
Easy to love these sky high bulls all very even, correct and made with substance. Maternal brother last year sold to Bulman Ranching.

A stand out two year old this sky high son we kept back to clean up on heifers, he also was part of our pen of 3 from the 2019 Bull Congress. A very hairy stylish correct bull this guy has calving ease, maternal and performance all built in. His dam is one of our stand out cows raising three show animals in a row, her 2019 born heifer was second in class at Farm Fair and sold to Anchorage Farms at Angus Collection and her 2017 born son was a show bull and lead off in our sale selling to Frank Leslie. Pictured is his two maternal sibs.
Another stand out feature lot from the great Tip Top 15A cow. This guy is a maternal brother to Intimidator our former herd sire till we lost him and Innovator. His dam, Tip Top, has been our feature Angus show cow and being a daughter of the great S A V Bismarck explains why she is such a top producer. This guy really should be retained in herd but since we have so many related we are offering him up. A bull that has not been pushed but displays a lot of freshness and natural muscling, length and depth to make him a true stand out along with being sire by the popular $150,000 Sky High.

Probably the best red bull in the offering this guy is just out right solid and good. His dam is a good young Parker x Eruption combo making him related maternally to DTA 9G AND 35G.
Sure bet red heifer bull here of our herd sire from Ter-Ron, dark red and hairy this guy has an outstanding Crush dam and grand dam is one of my top cows raising a Parker son a few years back that sold for $10,000.

Moderate well put together slice son out of a very good crush daughter, great grand mother is perhaps one of the best red cows Daisy 204U. Maternal brother last year sold to Gerald Zimmerman.

The great Eruptions last calf here this younger slice calf is honest and will make outstanding females if you are looking to keep heifers. His dam has been the best Red Angus cow to walk here at Amtenzeng Angus, raising Overflow who we sold for $10,100 to Vikse’s and Dave Mohr. Kuebers flushed eruption and sold a son to Six Mile. Pictured is last year’s second high selling bull maternal brother selling to Roger Stennes.
**Red DTA Gru 49G**

**Griffin 51G**

Top Slice son this guy is solid made and hairy and out of the great Karuba cow I purchased from Lauron. Maternal brother is our heifer bull owned with David Mohr.

Very solid made Slice son, cow bull with great maternal bred in, one of the top red cow families the Elora’s his dam’s full sister sold to Texas and grand dam was a champion show cow and donor cow.
