

LONE STONE FARMS

Fullblood Simmental and Red Angus Bull Sale

Note lab result additions in the Catalog are marked in Red

FRIDAY, FEBRUARY 26, 2021
1:30PM SALE TIME

ON THE FARM AT WESTLOCK, ALBERTA
4 MILES NORTH & 1/2 MILE WEST OF WESTLOCK

Welcome

It is said that the only thing constant is change. A lot of things have changed over the last 12 months and each of us has had to learn to adapt to what life sends our way. It is so easy to get lost in the turmoil and negativity but if we stop and focus there are so many good things that are also happening everyday. After 4 years of mud and mud and ruined crops the weather has changed. The last 6 months have been storybook perfect for weather.

The grand kids keep growing and changing and bring so much sunshine into our lives. The cow herd is also changing for the better as we develop the next group of females from our herdsires.

This year's offering of bulls have developed beyond our expectations, showing a lot of natural thickness and good muscle development. I encourage all interested buyers to spend time looking at the videos of the bulls.

Although many things change there are a few constants:

Our commitment to providing quality bulls and standing behind them.

Our appreciation for our customers.

Our never ending thankfulness that we get to be in the cattle business and share it with so many great people.

With so many restrictions and viewpoints on covid we will adjust as much as possible to make your bull buying work for you. We will be open for business on sale day as per normal but for those who would prefer, you can come any day prior to the sale to view the bulls. DLMS and Transcon can help with your phone or online bids.

Thank you for your interest in our sale and may the next twelve months bring you much joy and contentment.

Lonnie & Karen

We retain NO ownership in the bulls. You purchase the bulls outright 100%.

There are no sale credits to bid against in our sale.

Offering 74 Bulls (58 polled)

16 – two year old Fleckvieh Simmental

20 – two year old Red Angus

16 – yearling Fleckvieh Simmental

1 - Red Simmental 2 - Black Simmental

19 – yearling Red Angus

Phone bids:

Arrangements can be made with an independent buyer or any of the sales staff.

Insurance:

Insurance available sale day through Monica Czech.
Donuts compliments of Canadian Farm Insurance.

Sale Headquarters:

Ramada Westlock Inn & Suites 780 349-2245
Best Western Westlock 780 349-4102

U.S. Exchange: The U.S. Exchange rate will be announced at the sale.

Be our Guest: Lunch starts at 11:30 a.m. Sale day.

All animals will be viewed in outside pens and sold via video in the sales barn.

We offer Two Options:

Please choose one of the following and inform the clerks on sale day:

1. \$100 discount if picked up sale day.

2. We will keep your bull until you can come and get him. A charge of \$3/day will apply starting April 1, 2021. We ask that you insure your purchases if you leave him at the farm. Each animal becomes the responsibility of the purchaser as soon as sold.

Breeding Guarantee:

All bulls are guaranteed to be structurally sound and to have passed a semen test prior to sale day. This health check is done by Westlock Veterinary Clinic. The bulls, if failing to be satisfactory breeders, will be replaced or credit given on purchase of a replacement.

Routine vaccinations have been administered as well as Footrot and Pinkeye vaccine. These bulls are ready to go to work.

Simmental Breed Average EPDs:

Sales Management Comments

Welcome to the 20th Annual Lone Stone Farms Bull Sale. Lonnie, Karen, Alisha, Nathan and the kids are excited to host you on the farm for their annual bull sale. Expect some of the finest hospitality in the industry on sale day!

This multi-generational farming operation makes its sole income from mixed farming. This is truly a special accomplishment in today's ever changing world. The 300 head cowherd of Simmental and Red Angus females are sound, productive, performance cattle that have to earn their spot in the herd. There is always a focus on feet, udders and temperament that is taken very seriously. The constant search for new herdsires is also very important here at Lone Stone. They put on a ton of miles searching for new genetics to improve their herd. I believe if they buy it, they have seen it, that's dedication. To complement the cowherd they also crop 1800 acres on some of Alberta's finest land. The workload from harvest to calving is all done by family, yet there is always time made for the pride and joy "Grand Kids"!

This year's offering has a great selection of virgin two year olds and yearlings in both breeds. This group of bulls is not pampered. They are brought along slow the first winter, then hit pasture in May not coming back in on feed till fall. So many of the 2 yr old bulls for sale in the industry have been in feedlot pens for almost 2 years. Not the case here at Lone Stone! By design there is a great selection of calving ease and performance bulls in this group ready to go out and handle those larger groups of cows.

The yearling bulls will be headlined by the first sons of the \$58,000 JNR Polled Cashmere to sell. There are 10 polled bulls in the yearling Simmental group this year, with something for everyone. In the Red Angus yearling bulls there are two large sire groups. 11 sons of Red Lwnbrg Flex 79B and 7 sons of Red MAF Reality 28D. If you are looking for consistency, you will want to check out those two large sire groups. If you are after a couple bulls, it's always great to be able to grab half and 3/4 brothers.

If you get the opportunity to view the bulls before the sale the Browns would love to give you a tour. If you require any assistance please contact any of the Transcon crew! We are always happy to help with your herdsire search. Take a serious look at the Lone Stone program. They are great people to do business with! See you sale day!

Simmental two year olds

JNR's Caeden

1 LONE STONE CAEDEN 104G

POLLED FULLBLOOD P1271569 LNK 104G 02 January 2019

BW: 100. AdjWW: 739. AdjYW: 1277.
EPDs: CE: 4.2 BW: 5.8 WW: 85.1 YW: 133.1 Milk: 42.3 MCE: 4.3 MWWT: 84.9

Polled/scurred, 100% Fleckvieh, dilutor. We had every intention of selling this guy last year in the bull sale. He was probably the top of the heap in his peer group but he did not pass his semen test so he was pulled from the sale to our great disappointment. The truth being that we could not get a sample from him. He did pass his finals though on the next test and got to stay around for this year's sale. He has such a productive mother and he will be the last JNR Caeden bull offered. His mother has a very tucked up, tidy udder but seems to have no problem to produce the calves that push down the scale. And we are calving out his paternal sisters and they are going to be big productive cows.

EPDs: CE: 4.6 BW: 4.6 WW: 79.2 YW: 117.8 Milk: 43.4 MCE: 3.5 MWWT: 83.0

Polled, Full Fleckvieh, non Dilutor, sire verified. The dam of this bull, Sadie 42C, is a daughter out of our Sadie cow line. 42C comes from 2 polled parents but came out horned. She worked very well with our homo polled bull, Keets Driven. I would think that this bull will pass on longevity and the Sadie females are definitely keepers. His maternal grandmother, Sadie 38S, gave us 12 calves. Every one of them either sold as a breeding bull or her daughters are working for us or another purebred breeder. Certainly a matriarch to be coveted in the background of your next herdsire.

EPDs: CE: 4.0 BW: 5.4 WW: 77.6 YW: 115.2 Milk: 43.0 MCE: -1.0 MWWT: 81.8

Polled, 100% Fleckvieh, Dilutor. This big guy is as long as a freight train. Out of an eleven year old cow that just keeps producing so well for us. This dam is the mother of Lone Stone Oil Baron and we have sold a couple of bulls and females out of her. He's got a big foot under him and stands very correct.

EPDs: CE: 3.9 BW: 4.6 WW: 62.5 YW: 84.5 Milk: 32.6 MCE: -0.5 MWWT: 63.9

Horned, 100% Fleckvieh, dilution pending. The Baron bloodline has produced very good females for us. And very saleable bulls. You will find this guy to be very deep from front to back and wide topped. His dam is a heavy milker but she seems to have no trouble keeping her udder shape youthful looking.

EPDs: CE: 4.4 BW: 4.0 WW: 58.2 YW: 85.8 Milk: 31.9 MCE: -0.1 MWWT: 61.0

Horned, 100% Fleckvieh, Dilutor, sire verified. The dam of this guy has never had a female calf. She was 7 years old when she had him and she has just presented us with her 9th bull calf. Four of those bulls have been sold to commercial customers. I have included a picture of her bag which was taken within hours of her having her 2021 calving. At 10 years old I can live with an udder like that.

RED ANGUS 2083625 LNK 919G 03 January 2019

BW: 98. AdjWW: 732. AdjYW: 1217.

Parent verified. This massive guy comes from an elite cow in our herd. I figured he was my best red Angus bull born in 2019 and I kept him for a two year old, hoping and praying that he would make it. So many things can go wronginjury, foot problems or just plain not turning out like one hopes. But here he is, a bull with a massive amount of power out of Top Secret, a son of Mar Mac's Capacity herd sire. Nathan just shakes his head at me that we are selling him. We have safe guarded him for you. Now come and get him.

 RED LONE STONE TABITA 69T

BW: 91. Sept 1/19 WW: 740. Jan 20/20 YW: 1180

This bull is not registerable. His mother failed her DNA. But just because he has no papers does not take away his performance and power that I believe he will pass on to his progeny. Having a Colt dam guarantees the performance genetics.

Pursuit being the sire of this bull, certainly brings back memories when that good bull walked our pastures and then went up to Airbro Farms and did a walk about there too. Cinder Angus was renting the dam and before they sent her back to us, Brad Al'ed her to Pursuit to our great delight. Pursuit was known around here to leave deep sided cattle and the females had very balanced udders.

Parent verified. Here is another moderate framed bull out of an embryo cow that we got from Cinder Angus. She's been good to us. A Sakic daughter with very good feet. She has great disposition that she passes on to her offspring. We've sold 2 bulls out of her to Kevin Semler and the only daughter out of her was won in our youth heifer scholarship by Rebecca Letts.

45

RED LONE STONE ELEVATED 104H

RED ANGUS 2146369 LNK 104H 02 January 2020

BW: 84. AdjWW: 696.

Parent verified. Leading off the Flex sons this year is this awesome calf. Liked him as a calf very much and my opinion hasn't changed. His dam has produced 2 sons for Kevin Semler, another for Brian Miller, and last year's 2 year old went to Ron Kochan. Paige Snider bought the female she produced in 2019 for a 4-H project. You can't help but like him. He's got stature, a straight back and plenty of hip all on correct feet and legs. The Flex progeny have a lot of class.

58

LONE STONE CALLAHAN 204H

FULLBLOOD 1310597 LNK 204H 05 January 2020

BW: 106. AdjWW: 760.

EPDs: CE: 2.0 BW: 7.4 WW: 86.1 YW: 124.4 Milk: 42.3 MCE: -1.9 MWWT: 85.4

Horned, 100% Fleckvieh, non Dilutor, sire verified. We really think a lot of this big stout bull. We picked up his sire from Troy Cerny and are we ever glad we did. Callahan is not your typical Dirty Harry son....this guy has some leg under him. Had bad luck with him the first year of breeding as he got a sore foot and we had to switch him out, so we only got a few calves out of him. Fortunately he recovered just fine and we will easily have 40 offspring for 2021. The dam of this bull is a big cow. She has a lot of power and a great production record here at Lone Stone. 204H is her 10th calf and she shows no sign of slowing down yet. We just sold her 9th calf to Randy Ward at our 2020 heifer sale. Always good to buy a bull from an aged cow with a good track record.

POLLED FULLBLOOD P1310594 LNK 212H 10 January 2020

BW: 100. AdjWW: 801.

EPDs: CE: 0.5 BW: 7.3 WW: 90.3 YW: 133.0 Milk: 45.4 MCE: -2.1 MWWT: 90.6

Polled, 100% Fleckvieh, non Dilutor, sire verified. This bull comes from a 13 year old cow that we have sold 7 bulls out of in past bull sales. Her record is stellar having 11 calves for us and this year will be number 12. It's always nice to own a cow that is of this advanced age and we have always harvested a saleable calf. Only got 1 daughter in the herd. He will add growth and stature to your calf crop and that polled head is a bonus too.

EPDs: CE: 4.0 BW: 5.4 WW: 83.4 YW: 116.4 Milk: 37.0 MCE: 3.1 MWWT: 78.7

Polled/Scurred, 100% Fleckvieh, Dilutor, sire verified. This is our first offering of Cashmere sons. We had eight male calves born in 2020 and are offering 4 this year. I really love the correctness in the feet and legs of these Cash calves. A great hair coat on this calf and I really like the female he is out of. Going back to a Great Guns Regio daughter that is tops in our herd.

EPDs: CE: 1.5 BW: 6.4 WW: 85.7 YW: 118.9 Milk: 37.2 MCE: -0.1 MWWT: 80.1

Polled/Scurred, 100% Fleckvieh, Dilutor, sire verified. Breeding Cashmere to some of our top horned cows was important to us. This guy's mom is an embryo out of Shawacres Jahari and Miss Cujo 25L. She has lots of power and has made sure this guy has length of spine and depth of hip. I am convinced this guy will have huge maternal success on his females based on his lineage.

Horned, full Fleckvieh, dilution pending. This guy was our very first Geronimo male calf to be born in 2020. Got us pretty excited about what was to come. His 80lb birth weight does not make him a heifer bull but I really do feel he will leave you with moderate birth weights on your cows. He's got a maternal brother in Lot 2 also in the sale. He's got a great Envoy mother that is proving she deserves a spot in our herd.

Horned, 100% Fleckvieh, non Dilutor, sire verified. This very good bull is out of a second calver. Brandie 25E goes back to a cow we bought from Star West. We don't have many cows out of JNR's Caeden but this girl could easily be one of the best. His color and pigment will definitely jump out at you in the pen but so will his overall stoutness and smoothness.

Horned, 100% Fleckvieh, non Dilutor, sire verified. I really like how this guy is developing. He is so soft made and out of Ranchero expect good color and moderate birth weight. His dam is a full sister to the female that was sold to Virginia Ranches in our 2020 female sale. The Baron line, of which he is half of, also has great color and the best udders of any I've seen on a consistent and predictable basis.

EPDs: CE: 7.3 BW: 4.0 WW: 79.4 YW: 111.6 Milk: 36.3 MCE: 5.9 MWWT: 76.0

Black polled Purebred, sire verified. This guy is kind of a cool dude. He is out of a second calver. Shelley 14E is 1/2 black Simmental and 1/2 Fleckvieh. We bred her to a Full Fleckvieh bull and got this very black, chromed up, single polled bull. He is moderate in stature and thick as they come. He's a very good natured guy as well. His grand dam is a Dirty Harry daughter and his great grand dam is our Arnie 8M cow. All three generations are working in our herd. Some really awesome maternal genetics in this guy.

Terms & Conditions

TERMS - The terms of the sale are cash or cheque payable at par at sale location. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

SALES TAXES - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INFORMATION SUPPLIED - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises assume any responsibility if the information supplied is not accurate.

CATTLE PICTURES - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises assume no responsibility if the images as received have been altered.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made.

It is the responsibility of the buyer to determine the acceptance of this certificate in any other association. **SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.
