STARS

Of The Valley

SIMMENTAL SALE

A NOTE FROM THE

Sale Chain

Welcome to another Stars of the Valley Sale. This sale is one of the longest running annual sales in Canada. The Ottawa Valley is known for the excellent Simmental cattle, programs and especially the people that have made those past years as successful as they were. We are thankful for working with such a great team at Bohrsen Marketing. It is great to hear that our breeders are allowing cattle to be selected right off the top of their herds. We have tried very hard to have a live in person sale this year but with the uncertainties in dealing with the issues related to COVID, we are moving forward with a online only sale format through DLMS. It will be the same format as last year's sale. We encourage you to visit the consignors' operations prior to the sale. We hope you can take in this great sale. If you have any questions please reach out to Dan or myself or anyone from the Bohrsen Marketing team.

ONLINE BIDDING

DLMS

www.dlms.ca

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit <https://farmgatetimeductions.ca>, click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.
2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.
3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.
4. At closing time of the sale the entire sale will extend bidding for 5 minute if a bid is placed on any lot in the sale. Any bid received after 6 PM will extend the sale by 5 minutes from the time of that bid. When no bidding occurs for 5 min the computer will declare the sale finished.
5. Within 24 hours of the sale close the Sale Manager, Bohrson Marketing Services will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot.

If you require assistance with using the new DLMS Farm Gate web site, if you don't understand how to create a favorites list, if you can't figure out the proxy bid or you just plain want to bid via phone, please talk to any of the DLMS team or Sale Consignors.

WHAT IS RACEHORSE STYLE SALE CLOSE? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORK? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

WELCOME FROM *Bohrson Marketing*

There is a lot of history behind the Ottawa Valley Simmental Club and we are excited to work together with the group to continue building on that legacy. The past few sales have seen this strong group of breeders step up and offer their best animals and everyone is raising the bar together. Breeders who have invested in Stars Of The Valley cattle have had success with their purchases of herd building females and cornerstone donors. The 2021 offering is as deep as ever and the quality we found in our tours was truly impressive - there are a lot of good Simmental cattle in a close geographic area!

As Rob and Jaxon toured in July, they were both new to the consignors and programs and were very impressed with the herds and especially the quality people involved. Each club member realizes they have to dig deep and offer their highest quality to fit in with the rest of the set. It has been encouraging to see the new members that are joining the sale with cattle and of course the offering continues to be anchored by those legacy breeders that have built this event up to its current status by showing leadership and bringing their best cattle. As you study the sale offering,

know that it has been carefully selected by the breeders and our BMS team to offer high quality cattle with all of the attributes to be successful for their new owners and be positive investments.

For 2021 the sale will continue to be operated as a DLMS Farm Gate timed auction as it was last year. With the proximity of these breeders, it offers the opportunity for people to efficiently travel around to see the sale offering in their natural setting, along with learning about each breeder's operation and viewing related cattle. We encourage you to get out and do that on or before October 16 so you are prepared to participate in the sale on Saturday evening. Our BMS team is familiar with all of the cattle and operations and will be touring them again for an update prior to the sale, so please reach out with any questions if you are unable to personally visit all of these breeders. Videos of all of the sale cattle will also be available for your evaluation, but we do strongly encourage you to grab some friends and jump in a vehicle to see things in person as we know you will be impressed. If we can be of any assistance with your selections, feel free to contact us to represent your needs and we look forward to helping in any way.

Best regards, *Scott Bohrson*

Home Grown High Class might not have been born in the right month to be a show heifer but she is going to produce some good ones for the ring in the future! Quiet, deep, sound footed with a beautiful baldy face, she is ready to be bred to a bull of your choosing! Bloodlines going back to KOP Spartain 113A and Dream On while also highlighting some great Ontario breeders like Hi Tech Farms and Jetstream Livestock. Don't miss your chance to own High Class on sale day!

Crystal Brook is very pleased to participate in this year's Stars of the Valley sale. Gemma 22J is a beautiful Full Fleck that has been a favourite since she hit the ground. A nice blend of style and maternal strength, she brings it all together with perfect goggles and a deep dark red coat. Her dam was purchased as a bred heifer last year from Starwest with Anchor D on the top and bottom of her pedigree. We couldn't be more pleased with the job she did growing this calf. Naturally deep, stylish with a great temperament, Gemma 22J is definitely going to make an awesome brood cow. She is a halter broke as an added bonus.

They asked us to offer our best animals and we have delivered! Jenny is a powerful, polled female that will not disappoint. She is out of the 2016 National Grand Champion Simmental Bull, Harvie Red Summit, who also won the Supreme Bull Show at the Farm Fair International. She's got impressive genetics on the dam's side too with CNS Dream On, Remington Lock n Load, and WINC Live Ammo. Jenny has been a top pick in our barn since the day she was born. If you are looking for a showy, halter broke, 4H prospect you can't go wrong with this strong red heifer. Don't miss out on the chance to take home this sweetheart.

Jelly Bean is a solid red heifer out of a Red Mountain son that we sold to the Donovan's in Quebec. Her dam Gracie is a half sister to the heifer that we sold to the Whelan's in Sask where she was a recent Champion at the Canadian YCS Show this past summer. Jelly Bean could do the same for her new owners.

After a fellow breeder questioned where the baldie face on Reba came from, we decided to send out DNA on her just to be sure even though our semen inventory and insemination records seemed ok. It was good decision, as obviously due to an insemination error she is in fact a daughter of R PLUS Swayze 7083E! Still the same good heifer, very competitive so far in the show ring and in fact being a Swayze, she might fit better in some programs as she will be more of an outcross to many sires on the market. Very quiet and well halterbroke. Here is your 4H calf for next year and top cow prospect for the future .

Our first female on offer from a leading lady in our program. Centerfold 52C a \$15,000 homo polled and homo black female coming from 45th Agribition Sale. Coming off a successful show season with her dam LFE BS Sheila 82A leading into that sale. Spending some time in the herd of the late Paul Maxwell who we had worked closely with. Centerfold made an easy transition into our program. Her dam LFE Sheila 82A needs no introduction, with successful progeny across the country. Paired with the great Rust Rio Grande 7022. The Wescott son out of the great RF Certainly Flirtin 202Z cow, who sold for 60K. Quoted as "the greatest breeding accomplishment from the 202Z donor". A female who has produced over \$450,000 in progeny. Here is a true opportunity to acquire a pedigree jammed packed with power. 101J will be no exception.

Dam - MDR/RUST/CD Centerfold 52

| BW | 80 |
| ADJWW | N/A |

This black beauty is our first animal to sell by auction. Her dam, Donovandale Emma is a deep bodied, great temperment female. Josie's dam, Donovandale Emma goes back to Wheatland El Toro 958W, who is a Wheatland 680S son. Her sire, Donovandale Bailout was privileged to be named "CSA Show Bull of the Year" in 2019. We are pleased with the quality of his calves.

Consigned by Kaylea and Chris MacDonald

Parting with your animal is that much easier when you have confidence in their future. This sweetheart of a heifer is in no need of a spotlight. When good structure screams satisfaction you will want to keep a close eye on this stout featured, high performance baldy heifer calf with added muscle dimension and soundness. With a unique set of numbers like hers, she will not disappoint. Take her home, satisfaction guarantee.

This Capacity daughter was Rob's pick of my black heifer calves. This heifer is as her name implies capacious. Not a large framed heifer but a heifer that has great extension through the front end, lots of middle, and moves out freely on a great set of feet and legs. Sells Open.

When we saw this heifer's dam in the first edition of Mader Ranches Ladies Night, we knew she would make an excellent asset to our breeding program. Patterned much like her mother, she has momma cow written all over her. The first crop off of VEL 7G has been impressive with all of our sale calves this fall being sired by him. 2J has ample capacity and sweep of rib making her a hard one to miss in the sale pen. If you want one to go on to make solid producing replacement females or herdbull prospects, this lady is for you.

When Mike and Pam Hart offered a Broadway daughter for sale, we couldn't resist, and when you see her daughter on sale day you'll understand why. Jillian Jiggs is powerful, soggy, and easy moving. Our girls have had a great time showing her off at the local shows. Her sire combines some pretty popular genetics from Western Canada and south of the border. Can you tell...we really think a lot of this heifer.

Boone Pickens sure does make them deep bodied and wide based. This calf is good footed, tracks well and has a ton of style. Her mother is a young cow with her roots from the well-known Marmac herd and she has pushed out a pair of top end heifer calves in her first two calvings. She has been a great mother with lots of milk. Sierra Girl has a sweet disposition and will be halter broke and in our show string.

You better believe that OATTES FANCY FLIRT 31J is fancy like Applebee's on a date night, got a pedigree that's great and is sweeter than an Oreo Shake!In all seriousness, if you're not familiar with Walker Hayes' hit song you should know that this one is a big-time show heifer in the making that blends an incredible look from the side with loads of muscle shape, rib, and a disposition second to none! Not only will this outstanding prospect make a strong run as a bred heifer, especially in the junior division, but most importantly you'll be left with a tremendous production piece whose pedigree blends some of the most noted Simmental females of recent memory including RF Flirtin for Certain 37U, Aubreys Black Blaze III, and the two-time NAILE champion STF Onyx 451W. Be sure to examine this one closely come sale day as we wanted to consign one of our best being our first time out of the gate for the Stars of the Valley sale! If you have any questions on this outstanding opportunity, don't hesitate to get in touch with Craig or Jack!

Jazzy is a heifer that should be staying right on the farm. Rob wanted her so here she is. Jazzy is also out of the Red Mountain son Grand Slam. Her dam was bought at the Agribition Sale as a calf from the great herd of Ultra Livestock in Alberta. Her dam produced a herd sire for the McCraig's and a heifer for Ferme Desmaheux Inc, in Quebec. Jazzy is as dark as they come and with a white diamond on her forehead, she will catch the eye of many. If you are looking for a junior project next year, here is one that should be at the top of the list.

If I was to pick a heifer I couldn't wait to see develop into a bred next year, it would be this sweet March baldie. The depth, softness of rib & temperaments on the calves sired by VEL 7G are second to none. Stacked with maternal greats such as the Jenna cow family, Stepping Stone & Lotto on the bottom. This heifer is a sound made, easy mover with a great foot under her. 14J is halter broke, ready to add to your show string and add future value to your production. She will surely not disappoint as a beautiful producing addition to anyone's herd.

CHOICE LOT

This is the perfect blending of substance, power, and style, backed by a stacked pedigree. Jennalee and Janal are exceptionally quiet and a pleasure to work with, have been successfully shown and family friendly. These girls are loaded with depth of body, muscle shape and walk out on beautiful feet and legs. This is the blending of phenotype and genotype, bred for the real world. From the 130K Supercharged 9150G he brings performance, muscle and maternal power from 2 of the top families in the business. This is a low risk investment when you check out the family tree. Now who will it be?

Ginger Snap is a beautiful deep red heifer and is always easy to spot in a field. She has the look and conformation that many Simmental breeders desire. Her father is Donovondale Pol Prestige, a RWF award winning bull. She has great legs and feet and we expect she will give the new owner many years of healthy offspring. She was AI'd to Guerrero and was vet checked at 55 days. The vet has said she is safe to AI date and carrying a heifer. We were reluctant to let her go but felt that we wanted to send some of our best to the sale.

AI to Guerrero on March 10th, expected due date December 17th.

Guinivere is a very correct heifer with great legs and feet. Her father was Donovondale Pol Prestige, a RWF award winning bull. Her mother Diva also earned a number of ribbons and banners and was purchased from Bisch Northriver, who said she was one of their best cows. We have a number of cows from that cow family and they have all been easy birthers and excellent mothers. Guinivere should go on to produce some very high profile off spring and will be an asset to any herd. She was AI'd to Guerrero and was vet checked and ultrasounded at 55 days. The vet has said she is safe to AI date and carrying a heifer.

AI to Guerrero on March 19th, expected due date December 26th

We are delighted to offer McCaig Wilma 2G she has consistently from birth caught our eye with her deep flashy red colour and her ability to stand out in the group. Her sire is Rosemead Fireball 78F a powerful and showy royal red bull out of Ultra Miss Cassy 16C. On the dam side she has a hint of full blood, with her grand sire being Alliance Polled Dakota. We are extremely confident that she will continue to excel in any herd.

AI bred to Wheatland Affinity March 24th. Exposed to Donavandale Bailout

Hayley is a polled full blood heifer with small googles and good length to her. She has a very good udder and should be as good as or better than her mother's udder. She also has good feet and legs and walks smooth. She's one of the thickest heifers out of all the sale group. She is bred to the homo polled Hefner bull, so you should have very easy calving and have a polled calf with a very good pedigree. Also her mother has one of the top calves every year.

Bred Anchor D Hefner 274H March 24th. Exposed from March 24th to July 1st

Here is a purebred heifer with an extra splash of colour, she comes from a highly maternal cow family that has stood the test of time, her mother is raising an excellent dark red bull calf that will be at the top of the pen next spring. Hypnotic combines power and performance with structural soundness and has been a real eye catcher since day one, her mating to Affinity will be exciting, be sure to bid last on sale day!!

A.I. bred to Wheatland Affinity 8196F March 24th. Ultrasound safe

Hera is a moderate framed, compact, powerful heifer with goggle eyes and light colouring but a heifer that has grown on me over the summer. Hera was just the different one of the group; she won't be the biggest heifer but she will produce. She is off of Esposito who, in my opinion, produces some good females. He's the full brother to FGAF Electric Avenue. She has part of a horn coming back but she still looks great. Her mother is a good producer and has another full sister to Hera. She bred to the \$25000 high seller Anchor D Hefner 274H, who is homo polled with a great pedigree. .

Bred Anchor D Hefner 274H April 8th. Exposed from March 24th to July 1st

Everyone has favourite cows in their herd. This heifer's dam and grand-dam are two of mine, very consistent year after year. Add in the Kananaskis cow on the sire side, gives a lot of cow power. Harmony is an attractive heifer, dark red with a bit of white, easy to spot in the group. She is moderate sized, thick, triple polled, full fleck and should have a nice udder. I think there is a lot of potential in this heifer. Vaccinated with Bovishield Gold and will be vet checked with a certificate.

AI'd to Anchor D Imax on March 25th. Exposed to "Mur" NGDB 80F (Starwest Pol Blueprint and Sunny Valley Lady A 51A) from May 23rd to August 4th. Safe to AI

Greyledge Red Dawn has been an exceptional cow for us. We bought her at this club sale a few years ago, seemed expensive at the time, but is proving to be worth every cent of it. It doesn't seem to matter how she is mated, she always brings home a top calf (has another one this year). I think this heifer is probably the best purebred we have sold to date. She is a correct, stylish, long bodied heifer, with a lot of eye appeal. If Covid had not interrupted; she would have been in 4H this year. She is very quiet and tie broke. Vaccinated with Bovishield Gold and will be vet checked with a certificate.

AI'd to KUNTZ Sheriff on March 19th. Exposed to "Mur" NGDB 80F (Starwest Pol Blueprint and Sunny Valley Lady A 51A) from May 23rd to August 4th, 2021. Vet's opinion safe to early exposure.

This Outlook heifer is a maternal sister to Dream a previous Stars of the Valley high seller. Dream sold for \$27,500 to Canadian Donors and Sunny Valley Farms. As Scott likes to say Dream has had an outstanding ROI selling embryos and progeny to top breeders. This is Ms Dakota's natural calf from 2020 and was the best of the Outlook heifer calves. As you will notice from her birth date she is a little younger heifer but is still due very early in 2022.

Bred to Sunny Valley Freedom #1233870 April 8.

Heidi is a very attractive heifer, the kind that makes you take a second look. We have four Beer Money daughters working in our herd, doing a great job, that's why we willing to offer this great heifer.

Bred to WLE Uno Mas X549 on June 16.

Preg checked safe in calf August 10. No exposure.

TERMS & Conditions

TERMS

The terms of the sale are cash or cheque payable at par at the sale location. All settlements must be made with the clerks of the sale before any cattle are released.

CREDIT ARRANGEMENTS

The sale committee requests that potential buyers make credit arrangements with the individual seller prior to the sale.

PURCHASER'S RISK

Each animal becomes the risk of the purchaser as soon as it is sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

CERTIFICATE OF REGISTRY

The proper registration or recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING

Assistance will be given in making shipment after the sale, but the Sale Managers or seller assumes no risk. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

HEALTH

All animals will have passed the required tests as determined by Agriculture Canada at the sale location. It is the buyer's responsibility to determine health requirements for importing any animals into their province or state. Sales Management assumes no responsibility for the health status of any animal in the sale.

BREEDERS GUARANTEE

Cows represented as being "pregnancy tested safe" have been examined and declared safe in calf by a licensed veterinarian and will be accompanied by a veterinarian's certificate to this effect. They are considered breeders without further guarantee. Cows and heifers represented as "bred" are not guaranteed safe in calf, but they and open heifers selling as individual lots are guaranteed as breeders. No guarantee shall apply to suckling calves. In the event a female is claimed to be a non-breeder and after having been bred regularly to a bull known to be a breeder and after having been treated by a licensed veterinarian, the matter must be reported in writing to the seller within six months of the sale date. For heifers under twelve months of age who were purchased as single lots and who fail to conceive to the service of a bull known to be a breeder, the matter must be reported to the seller before the heifer reaches eighteen months of age. The seller shall have six additional months in which to prove any such female a breeder and may use any registered bull of the breed available to him. Any female returned will be at the purchaser's risk. No guarantee is given that a pregnant female will deliver live calves, nor that

she will carry calves to full term, nor that the calf will not be mummified. The seller is not responsible for damage caused by foreign bodies after the animal has been sold. Nor for sickness not apparent at sale time.

SETTLEMENTS

Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, AI signing fees, interest, veterinary charges, etc. will be charged by either party when making settlement. If the seller is successful in proving the animal is a breeder, then said animal will be reclaimed by the purchaser at his expense. Should the seller fail to so prove the animal a breeder, then the buyer will be guaranteed a satisfactory replacement F.O.B. ranch or location or original or a refund of the purchase price paid F.O.B. selling point. In no event shall the seller be responsible for more than the purchase price. Should a dispute arise over the quality of a replacement animal, the Sale Management will appoint a mediator.

RIGHTS AND OBLIGATIONS

The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following the purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties concerned thereto are not covered by the terms and conditions of the sale.
