UU 33G MISS ZAM 132J Purebred Hereford heifer
Registration papers will be transferred to the new owner.
Miss Zam is the daughter of one of Brooklyn's top producing, proven mature cows she is a long, deep bodied, very sound cow with loads of pigment, excellent feet and a good udder. She raised a herd sire used at Rafter Double U Ranch As well as a high selling son that Brooklyn sold at the Medicine Hat bull sale this spring. We also have retained her daughter's in our herd. They are good moms that milk!
The sire of 132J is a home raised bull with maternal strength, he passes on great disposition, udder quality and longevity.

Horse Project

This year we have 12 members aged 8-18 who are keen to learn and ride together. We have enjoyed improving our riding skills, working through challenging obstacles, and learning more about gymkhana events. We have also enjoyed perfecting our musical group ride. It has been a fun year!

Small Engines Project

The small engines project is new to our club this year. It is made up of 8 members from junior to senior. They have learned many things this year such as compression, torquing bolts, lapping valves and always the universal lesson "lefty loosey righty tighty" Rob the instructor has a wealth of information and embraces the learning to do by doing the 4H way. Rob has generously allowed us to meet in his shop and donated a Volkswagen engine to the group. He's so generous! We hope to complete the engine by the achievement day, auction it and hopefully after expenses make a small profit for each member!

Cleaver Kids
(8 and under)
Have been learning so much this year, these enthusiastic kids learn something new every 4-H meeting. They will have a chance to show off their projects on Achievement day.

Outdoor Ed Project

The Outdoor Ed Project has 3 members; 2 juniors and 1 cleaver. We have met each month and always have lots of fun learning new skills! We have learned how to identify our local wildlife by their tracks and scat, we have learned about wildlife rehabilitation, how to read maps and follow directions, how to tie useful knots, how to start a fire and build a shelter and we even went rock climbing in Calgary. The kids are always eager to learn and work so well together as a group!

Canine Project

Welcome to the Canine Project for The Eagle Beef and Multi 4-H Club!! We have had an amazing year! Our canine project doubled in size this year, and lots of fun was had by all. The kids and their dogs have come a long way this year. They have spent the year working on doing rally Obedience, where the kids follow a course doing different obedience steps. They have also been working on agility with their dogs, and I am not sure who is having more fun the dogs or the kids! Come on out and cheer the kids and the dogs on for their Achievement Day!
