## Accommodation

### Hotel Accommodation in Wainwright

Best Western	780-845-9934
Ramada	780-842-5010

## Terms Conditions

### Terms of Sale -

Cash or cheque payable in Canadian Funds. The right to property shall not pass until after settlement has been made. All settlements must be made with the clerks of the sale before cattle will be released unless prior arrangements have been made with the seller.

### Bulls sold with a "Responsible Breeder Guarantee of Satisfaction".

In the unlikely events of a dispute, the regular terms and conditions standard with the applicable breed association shall apply. In any case, the seller is not responsible for more than what the bull sold for.

### Purchasers Risk -

Each animal becomes the risk of the purchaser as soon as sold. Insurance will be available sale day.

### Liability -

Purchasers must look to the seller of the animal for fulfillment of all guarantees and representations made are hereunder. Provost Livestock Exchange are acting as agents and assume no responsibility or representations made by the seller.

**We are retaining the right to collect semen for in herd use on all the bulls at our expense and your convivence**

### *Delivery Options*

- 1- Pick your Bull up by the end of the week following the sale and receive a \$150 refund
- 2- We will work with you and start delivery of the remainder of the bulls around April 15th and get them to your yard or Pastures. If you are unable to take your bull at that time there will be a charge of \$2.50/day feed charge. **All bulls remaining here for later delivery must be insured.**

### *Sight Unseen Purchase Plan*

We look forward to seeing you on Sale Day but if you cannot make it and wish to participate please call any of the sale staff or sale contributors with your selection criteria and price range and we will try to fill your order. All bids will be kept in strictest of confidence. Your "Satisfaction is Guaranteed"

### *Buyers Discount*

- 2 or 3 bulls and get a \$100 off each of your bulls
- 4 or more bulls and save \$200 off each bull

# Welcome

Well, we survived another year of crazy chaos in the world and less than ideal weather; here we come sliding into 2022 a little more worn, but ready for another trip around the sun! While we didn't hit the full show circuit this fall, only attending Stockade Roundup in Lloydminster with cattle, we did manage to get the kids to a few Jr shows in the spring and summer and do a bit of touring to see critters in Alberta & Saskatchewan. We always enjoy our time with fellow cattlemen & women!

We have so many people that help us throughout the year, our families & so many friends; from help with cattle shows, to preg checking time, to dropping off meals & taking kids to activities when we're flat out. Before the 2021 bull sale we had quite a crew help finish the garage, getting it sale ready and erecting a tent. We also had some fantastic help with making and serving the food as well. (Did you have any of the pie last year??) From the bottom of our hearts thanks to each and every one of you. We sure appreciate you all! We would like to thank all our past bidders and buyers that have shown support of our program. We trust that your past purchases have worked out for you and if you are for some reason not completely satisfied, please let us know so we can make it right. Satisfied customers make for repeat customers, and we want to see you back.

As we always say, you are welcome anytime to stop by and walk through the bulls. Last year we really enjoyed having many of you out in the weeks prior to the sale to tour the bulls and cows. We always appreciate catching up & talking cattle. Our sale will once again be at the farm this year, hopefully in the shop, to give everyone a little more elbow room. It will be broadcast live on DLMS and the crew from Provost Livestock Exchange will be doing the selling. Mark Holowaychuk from OBI will also be on hand. If you are unable to make it to the farm please don't hesitate to contact us or any of the sales crew to help find the animal that suits your needs.

offereing is Encouraged

## Our Program

Our program revolves around the mamma cow. Our Sires, their dams and siblings are scrutinized heavily before purchasing. We concentrate heavily on creating sound, fertile and easy fleshing females that will last. Most of our pastures are comprised of the steep Battle River hills, so foot and leg structure is key. Udders are a passion of ours; small teat size, properly spaced, adequate milk flow and suspension are a must. Our cows don't get second chances, they raise a quality calf and come in bred on time or they catch a ride to town. We were told years ago to build the right cows and the bulls will take care of themselves and we stand by that moto today. We utilize AI and Embryo transfer to increase our rate of genetic advancement. The cows are on grass as long as possible and generally bale graze until calving time. We work together with the Lloydminster Animal Hospital to provide a complete herd health program and Bullseye for our herd nutrition needs.

### **OBI Welcome for Pedersen Livestock 2022**

Welcome to the Pedersen Livestock Bull & Female Sale at the farm near Edgerton, AB. OBI Livestock Ltd. is very pleased again to be working with the entire Pedersen Family.

Pedersen Livestock is a family ran operation that continues over the years to be a leader in the Angus industry. If you get a chance to go through the cowherd, you will understand this quickly with very powerful females that raise top end progeny in either the male or female divisions. Foot quality and udder quality is very evident throughout the cow herd and a huge emphasis on cow families. The herdbull battery obtained over the past years makes this cow herd even better year after year.

We see Pedersen Livestock females sell at the front end of many sales and commanding top dollars at those events. They flat go out and work for their new owners. A great testament to the program.

The bulls follow that consistency with the cow herd. Touring them this January, the offering has many options for all seeking a bull here. Solid footed bulls with that extra mass and size we are all trying to obtain. Very docile bulls with loads of hair and made for the commercial man to increase his value at the auction mart.

OBI Livestock Ltd. are very familiar with the sale offering, so please do not hesitate to call myself or visit Kurt Pedersen or any member of the sale staff. See you sale day!

Mark Holowaychuk, OBI Livestock Ltd.

Brooking Rise is backed by one of the most ideal cow families there is in the Angus industry. His dam and Granddam are two of the most attractive yet bold ribbed and wide topped females you will ever see. When we are on the hunt for herd sires one of the most important boxes for us to check is the maternal power behind them. Rise fits that bill to a tee. He himself is very sound from the ground up and proud fronted. Packs the herd bull character in a massive ribbed big topped package. His sons are stamped with the same look and character. He will make a larger impact in years to come in the bull pen and the herd.

While on the Saskatchewan Angus summer tour in 2018 I found a calf that was extremely attractive and as balanced as I have seen. That fall I made the return trip to Southern Saskatchewan to see how he had developed out and knew we had to own him. Partnering up with Macnab Angus we got him bought as the high seller for \$40,000. Kingsman is a very mild mannered, easy keeping individual who has been admired by all that have seen him. Backed by the most prominent cow families at Merit, and Range Boss, one of the more popular sires in Canada the last few years. He has bred extremely well for us and very consistent in the quality and type. His calves are good footed, moderate, and easy fleshing. They are soft haired and very easy to handle. Daughters that we sold this past fall were very well received and were high sellers at the Farm and Function sale. He is the sire of the Merit Kingpin that was the high seller for Merit last spring, commanding over \$60,000. Kingsman's first daughters are calving now and the final question on his true quality seems to be answered and he surely did not disappoint. Unfortunately, Kingsman was injured last breeding season and his genetics will only be available through AI now.

Espionage came from the Hamilton program after being a member of their Denver pen of three. We had to stretch hard to get him bought as one of the features and high sellers at \$30,000, but has proven to be a good choice. He is a moderate, soft made bull that is very easy fleshing. He has proven to be a very efficient breeder, working at two places each year being co-owned with Clifford Land and Cattle. He has proven to be a consistent calving ease sire whose calves come with a short gestation. Sired by the Agribition Champion bull, G-Man, and out of an amazing donor for Hamilton's in the Tibbie 102W cow.

**Sponsored by BULLSEYE:**  
**Brain Berry & Avelyn Angus**

I have enjoyed working with Kurt and Becky Pedersen of Pedersen Livestock on their nutrition program. Their dedication to the cowherd and to the beef industry is second to none.

The cowherd utilizes a customized mineral program that is balanced throughout the year. This supports proper bull calf development from a young age. The bull feeding program is designed to maximize forage utilization and gut health. The calves are developed on grass with their moms and then are moved on to a balanced TMR that promotes lean muscle growth. The TMR is designed to maximize their genetic potential by being forage-based.

Organic minerals are used to ensure proper immune function and overall health. Pedersen Livestock uses a total nutrition program on their entire operation, ensuring optimal performance of their cattle.

If you have any questions about the nutrition of the sale bulls, please feel free to call. Best of luck sale day!
