Welcome to the 11th Annual Chittick Family

We are happy to present our Annual Multi Breed Bull Sale once again. On offer our 3 breeds of cattle - Red, Black and Fullblood Simmentals, Red & Black Angus and Herefords.

This past year as everyone knows, was full of adversity for a lot of people but especially our farming communities, from the ongoing pandemic to the extreme drought and heat conditions we endured; it made everyday operations and feed shortages a big challenge. But us Farmer's we prevail and keep carrying on!

We continue to strive to bring new genetics and bloodlines into our herds to keep your bulls working to maximum potential in your herds whether you are looking for calving ease or performance bulls. In our farm's female replacement programs, we continue to introduce new bloodlines to incorporate new pedigrees as well.

Special thank you to our Bull Buyer's - past and present - You are greatly appreciated and wish you all the best with your Chittick Bulls! Our warranty is still the same - If a Bull is not working for you, He will be replaced or a bull credit will be given. Also thank you to our Sponsors you are greatly appreciated too!

And of course a Thank You so much for the help and support of our Family and Friends - They are always there to pitch in and lend a hand where ever it is needed during the year and during the busy Bull Sale Season!

Wishing you all the best in 2022,
Gary & Faye and Families

OFFERING - 172 Registered Bulls

95 - Yearling Simmental Bulls

Reds, Blacks, & Fullbloods

59 - Yearling Angus Bulls

Red & Black Angus

18 - Yearling Hereford Bulls

Performance Notes:

Weaning weights were taken Oct 4, 2021.

Pick Up & Delivery Options:

If you pick up your bull from one of the farms a week after the sale, we will give you \$50 Per Bull at time of pick up. Bulls will be delivered after the sale free of charge for up to 200 Kms – any distance past 200 Kms will be at the cost of the buyer. Delivery will be at the convenience of the Chittick Family. Bulls can stay at the farms free of charge until May 1, 2022. After May 1 with prior arrangements bull can be kept at the farm and there will be a charge of \$3.00 per day until bulls are picked up by the new owner.

All bulls staying at the Farm must be insured.

Contact Jill Wildman at 780-305-1146).

Insurance:

Canadian Farm Insurance: Jill Wildman 780-305-1146

Semen testing and Guarantees:

All bulls will be scrotal measured and semen evaluated prior to the sale. In Addition, we guarantee you a sound breeding bull that has passed a semen test. If a bull fails to be a satisfactory breeder, he will be replaced with a bull of equal quality or a credit will be given towards the purchase of another bull. No refunds. We carry a good supply of backup bulls in the event if there is a problem. If there is an issue with your bull, please notify us immediately and we will take care of you.

All bulls staying at the Farm must be insured.

Contact Jill Wildman at 780-305-1146

Volume Discount:

3 Bulls - \$30/Bull , 4 Bulls - \$40/Bull,
5 Bulls - \$50/Bull and so on to a Max of \$100/Bull.

Display of the Bulls:

All bulls will be displayed at each of the family member's farms. All the farms are very close to Mayerthorpe, AB. So once in the area it is not far to go see everyone's offering. Please call ahead to make arrangements to view the offerings at each farm. The week prior to the sale closing we encourage you to come and see the bulls.

Videos of all the bulls

will be available at:

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit dlms.ca and follow the link to the DLMS FarmGate timed auction site www.farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number.
2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.
3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.
4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.
5. Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

This is a combination of our Purebred and Fullblood program, out of a sire we purchased from Double Bar D Ranch, Bellagio 19G. These combinations seem to have done well for us and have lots of performance and growth in the calves and this bull should be no exception to that as well.

Eagle Eye is another Homo Black Rachido Herd Sire. With genetics of Poker Face and Vision, he has given us calves with thickness and style with a touch of chrome that is so sought after. With a birth weight of 80 lbs, Eagle Eye has been very easy calving. We have used him on our heifers with very good success until he became too heavy for them. His females in our program are calving with ease. They are fantastic mothers with neat udders and small teats. Eagle Eye's bull calves carry style and have some cool white face markings.

	92	1020					

Archer is a "bulls-eye"! He continues to impress every day. All this big fella does is continue to grow, as proven by his weaning weight of 1020lbs. Performance is in his genes with his weaning and yearling weight EPD's ranking in the top 2%. Archer loves to come up for scratches and is very friendly. He is extremely soggy and has a tremendous wavy hair coat. Archer does not miss the mark!

Winchester is a soft made bull that is sure to make some noise come sale day! His dam is a half Fullblood cow who is one of the smaller cows on the farm, yet always produces one of the biggest calves coming weaning time. Proof is Winchester weaning at 960lbs and his dam only weighing in at 1450lbs. That's a weaning ratio of 66%! Winchester is fancy, easy fleshing, bull with white blaze down his face. A unique combination of his dam's great maternal half Fullblood genetics and Rachido's Ace of Spades!

Call it increasing stock in the family business...Alberta style.

With 2.5 million head of beef cattle across Alberta, that's a lot of stock.

Long Love The LAND

Just arrived and already famous — that's Alberta Beef in a nutshell. It's the result of generations of Albertans like you who pour time, money and most importantly, heart and soul into raising cattle that are the envy of the world. It's a business, that's for sure. But it's more than that too. Much more.

You don't just follow the herd — you raise it. Stop by the Mayerthorpe branch or any one of our branches or agencies — we're in 242 Alberta communities. Long Love This Land.

94	1046	Day Wt.			

This bull is out of another good Hazel Bluff cow that we purchased and has done a great job with this calf and is our biggest Red Angus bull calf. This combination with our Covenant sire has proven well with lots of performance, frame, deep bodied, thickness and dark color. He should be a power house of a bull.

Concept is a bull that has exceeded my expectations with his first calf crop. He is a homozygous polled power bull. He sires long, deep sided calves with loads of rib and big hips. Concept is amazing to watch move in the pasture, he is very free moving. He also gives me solid marked calves with eye pigment.

We purchased this bulls granddam from Robert St Arnaud and she has produced top performing calves each year with good dispositions. This bull is so quiet and has had a halter on him as a calf a couple times. He is thick and deep with dark pigment and small red eyes. He's got a nice moderate birthweight. Another good Excalibor bull calf.

This is a heifer's first calf and my Grandson bought this dam from our heifer sale last year. He has been very excited to watch his heifer raise this bull calf. He's got small red eyes and lots of red. This bull has a great disposition and is nice and quiet. Nice moderate birthweight of 83 lbs out of our Dillinger sire, he's got lots of smoothness and is very uniform style.
