## BULL & FEMALE SALE

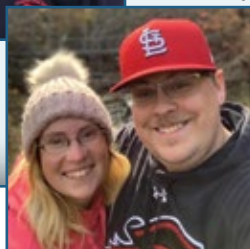

Offering **58 BULLS  
& Open Females**

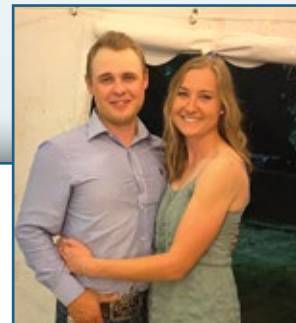

*Ron & Laurie*

*Garilyn, Emmett, Rhett & Jared*

*Jen & Ryan*

*Travis & Alex*

**WELCOME** to our 31st Annual Bull Sale and Female Sale 2022! We would like to extend a huge thank you to all our customers, sale staff, family and friends and many others working behind the scenes that support our program!

We must say we are proud of the cattle assembled for your consideration and welcome you to tour the pen and cowherd anytime. Our cattle are raised on natural pasture without creep, culled vigorously for all the traits we admire in the Angus breed thus making life easier and efficient. You will notice many of the sires utilized on our herd have been searched and sourced for the traits we find valuable, with calving ease and performance, maternal strength, structural soundness and eye appeal. There are a large number of bulls that would be recommended for heifers, some powerful cow bulls, but rest assured all have met the criteria to be offered. The bulls are wintered on a forage ration of silage, chopped hay, rolled oats and a custom formulated bull supplement to insure longevity and expression of growth. By sale day they will have Fusogard vaccination for foot rot and booster and have passed a semen test. Updated scrotal measurements and weights will be available closer to sale day. Open heifers will be palpated to insure breeding soundness. The purebred open heifers are selected from the top of our replacement pen, dams are cows we appreciate and are of pedigrees that work. The commercial heifers are home raised or a few sourced from Dennis Kraus who had been building his small herd from purchases from Lauron. We appreciate that he allowed us to select these heifers for the sale.

We will be having a live video sale once again, DLMS will be onsite for online bidding so please familiarize yourself and sign up prior to the sale. There is in person bidding of course and phone bidding is another option or contact us or any of the sales staff. Cattle will be penned just outside the sale barn sale day but please feel free to view the cattle anytime, just give us a call to discuss any questions you may have. Directions to the farm are 5 miles east of the Didsbury overpass off QE II on Highway 582 north side of the road. Check out the video links on our website [www.lauronredangus.com](http://www.lauronredangus.com) or DLMS. Bulls can be kept free of charge until May 1. Any animals staying must be insured and insurance will be available sale day. Delivery will begin 1 week after the sale, if you choose to take your purchase home sale day or within 1 week of the sale \$50 will be deducted per lot. Please give complete instructions at the settle up desk upon the conclusion of the sale.

Join us for lunch sale day. We look forward to meeting up with new and old friends and connecting with a wonderful network of people as this old world continues to evolve. Stay safe all.

*The Hunters*

## CATALOGUE ABBREVIATIONS

**B.W.** Actual Birth Weight  
**205 Adj** Adjusted Weaning Weight  
**365 Wt** 365 Day Adjusted Yearling Wt

## EPD'S

Expected Progeny Differences - EPDs are one tool to help in selecting decisions that compare an animal to his contemporary group, the numbers will change as the more data is collected and will increase the accuracy.

**BW** Predicts the difference in average birth weight compared to breed average (expressed in lbs.)  
**YW** Growth from birth to yearling ( expressed in lbs.)  
**WW** ability of calves to grow from birth to weaning (expressed in lbs.)  
**Milk** Indicates milking ability of bull's daughters, expressed in lbs. of calf weaned.

CANADIAN ANGUS EPD AVERAGES 2022								
RED EPD's	BW	1.1	WW	39	YW	66	MILK	23
BLACK EPD's	BW	2.0	WW	51	YW	89	MILK	22

## CALVING EASE LEGEND

"Calving Ease is related to factors including birth weight of the bull, gestation, nutrition, dam's genetics and her management and environment. The Calving Ease score is our best estimate considering Actual BW, EPDs, structure of the bull and genetics."

- \*\*\*\* Likely to have a high level of calving ease.
- \*\*\* Should be minimal problems for moderate size heifers.
- \*\* Recommended for second calvers or smaller framed cows 1100 -1300 lbs.
- \* Recommended for mature cows 1400 lbs. plus.

**ELITE DAM** The Canadian Angus Association's ELITE DAM program is an effort to identify superior cows in the Angus breed based on early puberty, breeding, regularity of calving and above average performance of offspring.

Can't make it to the sale? **Watch & Bid Online.**

With DLMS you can Watch, Listen & Bid on your computer just like you were there with online bidding over the internet

This could be one of the best we've ever raised! Solid build, strong topped with deep rib shape and flank, ample muscle expression, clean sheath and tidy head and shoulders, Jamboree is hard to fault. Leading the pack with an exceptional growth curve the numbers are there to back him up ranking BW in top 1%, CE top 2%, WW top 15%, YW top 6% and Milk top 6% for the breed. A ¾ sister turned heads as our open heifer consignment at Red Round Up selling to Rafter 2M Farms. Dam is a pasture favorite, sweet made and moderate in stature with a very desirable udder typical of the Block Buster daughters. **SALE FEATURE!**

Deep red in color and long as a train, this cow bull will certainly produce the steers to push down scales come fall. He indexed high on the cow as well on test this winter. Given his black hided dam is rated high in the herd and great maternal qualities coming from the topline of his pedigree, replacement females could be favorably considered.

Jailbreak has been a standout while alongside his dam right from birth. We really admired what an extraordinary bull he's developed into. Easily one of the stoutest made Angus bulls you will see all spring while touring bull pens and one of the best we've raised. His sire is an outcross red derivative of the popular Banknote bull and has sired top performing offspring in multiple Canadian herds. The best part is that he is maternally backed by one of our favorite young Tradin' Right daughters! Have a look at the hip, muscle, bone and foot quality on this Banknote son. We are planning on freezing in-herd semen on Jailbreak prior to the sale to use in our own herd. Selling full possession. Retaining 1/3 semen interest. **SALE FEATURE!**

Another Tradin Right son with plenty of performance and balanced numbers that would be well suited for use on cows. Dam is a real power cow that came to us via Red Roundup as a heifer calf from Ward's Red Angus.

# 36

## Red Lauron **BLOCKBUSTER 78B** Lots 38 - 51

Our home raised grand old gentlemen and superb calving ease specialist with unbelievable EPD's leading birth weight, calving ease and milk. Progeny are phenotypically superb, sons display a high degree of consistency as their sire, daughters are moderate but feminine with sweet udders. Still soundly walking the pastures in his 8th year and thoroughly enjoying his work. Semen available.

More than just an average Joe, Lot 38 is plenty to offer. Orphaned at an early age, he shared his foster mom with 2 others, but excelled nevertheless. Super quiet disposition, he would also be voted in favor by 9.5 out of 10 heifers. Dam was a model Angus cow with ideal udder structure and teat size. Full brother was purchased last year by Hazel Bluff Red Angus, full siblings also purchased by Widmer Ranches and Cam Morris.

Consistency and predictability with Jive Talkin 73J as EPD's reported top 4% for both calving ease and birthweight and top1% Milk. Note the fantastic numbers. Dam has recently been identified by the CAA as an ELITE female, she was acquired at the great KBJ Dispersal. She finally got the memo and birthed a red heifer. Pretty easy fleshing and correct with plenty of performance and an easy disposition in this Red Carrier, 3 other full brothers equally good have sold to Gord Turner, Mel Nysten, Brent and Connie Tannas.

**ELITE** Dam. Overall attractiveness and eye appeal top to bottom from a never fail female, take advantage of this opportunity with this younger but very worthy bull.

## Red RSL Moonshine Man 39E Lots 56 - 57

High selling Lot for RSL Red Angus in 2018 sourced for fresh genetics on our own heifers, progeny average 75 lbs. Sons perform well, daughters are very desirable.

Tidy fronted and finer boned, an excellent candidate for the heifers but enough performance to go farther than just a heifer bull. Dam is smaller framed and has already produced 2 sale bulls and 1 daughter retained.

It's hard to trade these Trooper daughters because they are flat good and have been some of our higher indexing calves. Dam is a productive young female and we will probably breed her back the same way for obvious reasons! Missy 26J ranks in the top 2% for WW and the Top1% for YW. Take this female home and breed her to get a herdsire. WW Ratio:114 YW Ratio:113

Little speculation was involved when the mating of Trooper and 84D produced this hot number! Dam is a tank, sired by our high selling bull Blindside 86B to Rodgers Red Angus back in 2015. Performance at the top of the replacement pen, a dash of black genetics, but ain't she purty! A maternal sister sold last year to 3MC Stock Farm. Trooper's dam and grand dam are truly impressive females as well....this is the type of female that spawns herdsires folks!

A darling, sweet fronted and feminine, 59J is showing great potential to become a favorite. Sire Trooper is leaving exceptional progeny as more hit the ground this spring, he was confidently used heavily naturally and flushed to as well. Dam is a moderate framed young cow, her first calf was a popular choice at the sale last year selling to Haggerty Farms.

We are in love with this Dyna female, but can't keep them all! Every attribute screams greatness, she has the stats, maternal power and she definitely looks the part. Dam is a sweet natured treasure who wore a show halter as a calf, 119J strikes a pose too, and juniors (or seniors!) what fun you could have fitting all that hair. Opportunity to secure a Trooper daughter from an awesome cow family.

### SALE TERMS AND CONDITIONS

**TERMS:** The terms of the sale are cash or cheques payable in Canadian funds upon the conclusion of the sale. The right of property shall not pass until after settlement is made, no animal will be released from the premises until settlement is made. Each animal becomes the risk of the purchaser as soon as sold. Each animal will be sold to the highest bidder. In the case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision will be final.

**CERTIFICATE OF REGISTRATION:** A certificate of registration will be transferred when payment is made in full.

**ANNOUNCEMENTS:** All announcements made from the auction block will take precedence over the printed material.

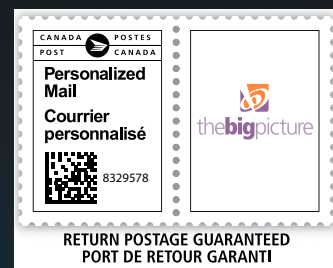

**BREEDERS GUARENTEE:** All animals are sold as guaranteed breeders as outlined by the CAA bylaws. No guarantee is given that a bulls' semen will freeze. All bulls will have passed a semen test prior to the sale. A bull may be replaced with one of equal value, guarantee does not apply to bulls injured, sick or uncared for. Under no circumstances shall the seller be liable for more than the purchase price of the bull.

**INSURANCE:** Insurance will available sale day.

**ACCIDENTS:** Although every precaution will be taken to protect the safety and comfort of the buyers, neither the sale manager, auctioneer or owners assume responsibility in this matter and liability, legal or otherwise in the event of accident or loss of property. All persons attend the sale at their own risk.
