Elmhirst genetics add value!

Welcome

Not sure I've ever written a bull sale opening when the industry has so much upside and such a positive future going forward. It's a great time to be in this cow business with record calf prices, record cull prices and an all time low in cow herd numbers indicating a strong market for years to come. Our goal at IRCC has always been to have the genetics and cattle ready and available for beef producers to capitalize on these markets and the time is now. The bulls and females on offer in Source for Quality represent the kind to add value and increase profit. Low maintenance, problem free cattle that send more pounds to the market with fewer inputs and less manpower. Calving ease bulls are available in spades while there are also a few higher performing bulls to crush the scales. The females are a cross section of the herd with a few fancy show prospects, mixed with stellar replacements and for the first time a few really nice young cows or breds. A couple of those breds are flat out big time with cow family to back them up. With our three breed mix we are confident there is something in this offering for everyone and look forward to welcoming you on April

Fools for a day of fellowship, fun and auction excitement. If we can assist you with any of your plans and interest in Source for Quality feel free to contact any of the Elmhirst family. This cow business is in for a fun ride, and that's not an April Fools joke!!!!

NEW FOR 2023

We are trying something new for the bull sale as we know people lives are becoming increasingly busy, so we are offering this opportunity to bid online. Online bidding has become a large part of the auction industry and if you need assistance contact Stacy or ourselves to get you set up. To bid online, please sign up before the sale.

Stacy Young: 780-718-0622 Mark Shologan: 780-699-5082

GORGEOUS DAM

RF CALIBER 014G

RF NO LIMITS 1112J

- Special frozen genetic opportunity here to tap into the freshest, most potent and elite genetics in the Simmental breed. Foxtrot was the \$62,000 valued standout that sold to the leading programs at Black Gold and Greenwood and who has already produced daughters at \$16,000 and \$10,000 while another daughter was supreme B & O at the Double Feature and also Jackpot Champion and Supreme at the competitive Warkworth Expo. A son is fixing to lead off the black division at Black Gold.
- The sire options here are truly exciting with the hard to access genetics of past Rancier high sellers. Caliber sons are creating a buzz this spring with a \$140,000 son at Lewis farms most recently. No Limits is the new kid on the block that LA Ranch acquired and first calf reports are very positive. Big time genetic potential available here to take any program to the next level.

SIMMENTAL

- Younger show prospect
- Stellar maternal genetics
- Cow family is timeless
- See dam, grand dam and great grand dam sale day
- Beauty Sandman mom
- Excellent data, top API
- Pretty good natured for a late spring born
- Nice versatile piece

- George Semen
- A-5straws
- B-5straws
- C-5straws
- D-10 straws
- E-10 straws
- One of the most consistent breeding bulls we've ever raised in terms of calving ease and quality. His proof of production has been evidenced across the industry and country with sale toppers and show winners. A couple of high lights include Academy Hill's 2022 Royal National Junior Champion Bull that tgen topped the Leahy Select sale at \$10,500, another beautiful daughter was a high seller at Fall Gala for \$12000 to Mitchell's, Outset campaigned a sweet heifer calf that also was a top seller and Miss Jordan Petherick struck purple at the FallFinale and Royal with a darling blaze face % heifer calf. The list could go on and on. Calving ease locked in, blaze faced, beautiful dam and built in marketability makes this semen make "cents" and \$\$\$.
