BUYER'S DRAW SPONSORED BY:

Bullseye

All bulls that are taken home will receive a \$100 credit on their bull.
All bulls that return to the farm must have insurance. Bulls will be delivered by April 30, 2023 any bulls that remain after April 30, will have a \$3.00 a day feed charge.

Welcome

On behalf of everyone at Movin on Farms, we would like to invite you to join us for our Bull sale on Friday March 31, 2023 at 1:00pm at North Central Livestock in Vermillion AB.

The past 2 years we have been selling bulls by private treaty while the world has been upside down. We have also been transitioning our program for selling mostly yearling bulls to selling mostly 2 year old bulls. We have made this transition because we feel it gives our bulls time to develop as they should and not be pushed outside their natural design. The bulls this year are out of some well made herd sires that have fallen right into our program. We are very proud of what we produce and what they will produce for you.

We have 19- 2 year olds and 6 yearlings bulls coming this year. We have bulls that will work well on heifers and bulls that will put some punch in your herd. All yearling bulls were weaned on October 8, 2022, and the 2 year olds were weaned September 25, 2021.

Movin On Farms would like to thank the crew, family, neighbors, and the really good friends for helping us through this past year. It is very much appreciated. We would also like to say thankyou to last year's buyers. Without your continued support this would not be possible.

Jim, Jodi, and Family

****PLEASE NOTE -2 YEAR OLDS WERE WEANED SEPTEMBER 25, 2021
BULL CALVES WEANED OCTOBER 08, 2022**

Over the past 3 years we have been trying our hand at AI. WE got a hold of some very exciting semen on a bull called Duff Red Bear. Our Red Bear calves have been very exciting to watch grow. They are easy fleshing, smooth walking, calves with low birth weights and big weaning weights. Red Bear calves are just made right. There will be 2 yearlings offered in this sale and note there are only 19 registered animals in Canada from last calving season so here's your opportunity to own something fresh and new.

Example is a female making bull, he is a son out of our top red cow 105z. He has a superb foot under him, he's a long bodied big hipped bull. We used this bull for 3 years as we really liked her female growth and udder development. This will be the last year of bulls on offer.

Grand Slam is another home raised son that goes back to the great bull red howie magnum. This bull is a sleep easy heifer bull, we used this bull for 2 years and never pulled a calf. We feel he allowed our heifers to come into motherhood with very little stress which gave us very little stress. So if you're looking for a stress free bull his clave will be one to check out.

Fig is a bull we got from double F cattle.co. This guys has done a tremendous job so far, we have used him on our heifer for the past 2 years and we are very happy with his calves, they come unassisted with a nice low birthweight and growth to weaning.

Primo is a bull we got from Running steady ranches, he's a sleep easy heifer bull. He adds calving ease but still has enough punch in his calves in the fall. His first calf crop will be calving this year and this is the first offering on this bloodline. We are very happy with the growth of his sons in the yearling and 2 year old pens.

Luke is our \$24000.00 bull that we picked up from Justamere Farms in 2019. Luke's first calf crop is having their second calf now. They are turning out to be superb cows with nice clean udders. This will be the last offering of bulls from this sir. He added some real depth to our females and bulls.

Working with the Movin On Farms crew on their nutrition program has been a pleasure. The cowherd utilizes a year round chelated mineral program that is balanced to the cow's requirements and feed sources. This supports proper bull calf health and development from a young age.

The bull development program is built to maximize forage utilization and gut health. All forages are sampled and analyzed to ensure quality feed sources are used. Once the calves are weaned, they are slowly transitioned to a TMR. The TMR is forage based and is designed to promote lean muscle growth, allowing the bulls to express their genetic potential. Rumen health is of utmost importance, which is why suitable protein sources and proper starch levels are fed to the bulls.

Movin On Farms uses a total nutrition program on their entire operation, ensuring optimal performance and health of their cattle. If you have any questions about the nutrition of the sale bulls, please feel free to call.

Good luck on sale day!

TERMS & CONDITIONS

TERMS:

Terms are cash or cheque sale day, unless prior arrangements have been made. See Jim or Jodi. We reserve the right to draw semen on any of the Bulls sold.

INSURANCE:

Insurance will be available on sale day and we ask that all cattle that come back to the farm be fully insured.

DISPUTES:

In case of a dispute, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK:

Each animal becomes the risk of the purchaser as soon as sold.

LIABILITIES:

All persons attend the sale at their own risk. The seller and facility owner assume no liability legal or otherwise, for any accidents that occur. Under no circumstances shall Movin On Farms be responsible for more than the purchase price paid for the said animal.

HEALTH:

All animals will be sold in compliance with the health laws of Alberta. All bulls will be semen tested before sale day.

BREEDING GUARANTEE:

All bulls are guaranteed breeders. All bulls will be semen tested and vet inspected. If a bull does not work he will be replaced with another one or a credit for next year's sale.

REGISTRATION PAPERS:

All animals selling are registered and will be transferred only upon full payment and on request of buyer.

DELIVERY:

Free delivery within 200km radius. Bulls delivered after being semen tested in May. ANNOUNCEMENTS: Any announcements from the stand will take priority over catalogue material.

BULL WARRANTY:

We guarantee you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event all is a non-satisfactory breeder the seller will not under any circumstances, be responsible for more than the original selling price of any bull sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available sale day.

SEMEN COLLECTION:

We reserve the right to draw semen on any of the bulls.

SIGHT UNSEEN:

If you are unable to attend the sale and wish representation, please call Jim or any of the above sales staff and they will be glad to assist you. For sight unseen purchase we guarantee satisfaction upon delivery.
