In both breeds, they strive to raise cattle with balanced, maternally oriented females with added look & eye appeal. Throughout the year, cattle are exhibited across North America, including the Toronto Royal, NAILE, FarmFair and Agribition. In the last few years they have exhibited numerous Champion Bulls & Females across the country. The Shorthorn females are sold the first Wednesday of October in the Millbrook Northern Exposure Sale held online with AMS Online Sales. The Simmental females are sold through a consignment sale the first Sunday in October. Select genetics are sold through the Northern Exposure Spring Edition each February. Blair & Stacy were both actively involved in their respective breed associations growing up, and look forward to the opportunity to give back to youth whenever possible.
