DELIVERY

Deliver will commence April 1st, 2023 unless prior arrangements have been made.

WINTERING

Anyone not wanting to take their bulls after the sale can make arrangements with us to keep the bulls at the ranch until April 1st, 2023. **ALL BULLS REMAINING AT THE RANCH AFTER SALE DAY MUST BE INSURED.** The bulls will be housed at the buyer's risk. The breeder will not be responsible for any type of injury while the bulls are in their care.

SEMEN TEST

All bulls will be semen tested before sale day.

ONLINE LIVE BIDDING available with DLMS.

Check out videos of the sale animals at dlms.ca, cattlevids or our facebook page.

DIRECTION TO THE RANCH

Turn onto Meadow Creek Road west from hwy 2, go west 10 miles and the road will bend to the left (south) go 1 mile south, you will come along a row of trees and a yield sign. Go straight through the yield sign heading south. Our place is the second place on your left at the end of the road. You will see 2 red barns.

Internet Bidding Available

Terms & Conditions

Terms: The terms of the sale are cash or check. All monies are in Canadian funds. The right of property shall not pass until after settlement has been made. All settlements must be made with the clerk before any cattle will be release.

Disputes: Every animal sells to the highest bidder and in the case of disputes, the auctioneer's decision will be final. Announcements from the auction block take precedence over the printed matter in the catalog.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Insurance will be available sale day.

Breeder's Guarantee: All bulls have been registered, unless indicated in the catalog, and papers will be transferred to the new owner. All bulls sold are guaranteed to the standard breed association guarantees. In no event shall the seller be responsible for reimbursing more than the purchase price.

Liabilities: All persons attend the sale at their own risk. The seller and /or sales staff assume no liability, legal or otherwise, for accidents that occur in, on, or about the premises.

Age Verification: All cattle at the sale are age verified.

FIELD DAY

We are having a come and go, book by RVSP Field Day for February 25th at the ranch to preview the bulls before sale time. Donuts and coffee available. 10am -3pm

IN HERD USE SEMEN

Rack Red Angus reserves the right to retain 100 straws of in herd semen on any bull in the sale at buyers convenience and our expense.

Welcome to the 2023 RACK Red Angus Bull Sale

Welcome to our Rack Red Angus "More Burger Than Bun" Annual bull Sale. The past couple of years have been challenging at the least, but now more than ever we need to rise to the occasion and show the world our product and that producers are the best the world has to offer, with cow numbers decreasing over all we need to stand tall and produce the best product ever so consumers gain that needed confidence in Canadian Beef!

As we write this note we are thinking of the past and the future. We bought our first purebred Red Angus cow from Doug Lane and joined into Meadow Creek Red Angus herd in 1989. As every family there has been some bumps and bruises along the way but have continued to build our herd to present. Both the kids Kelsey and Marshall have grown up with the cattle and share our passion with the Red Angus and based on the new tattoos in the ears are showing growth in our program and the need to expand based on their interest. New to our program is Will Little, our son in law. Will is showing us his strength in numbers and always has an idea to add to our discussions.

Our bull pen, in our opinion, this year could be the best we have offered. We are always trying to improve and up our game plan each year. 2021 we stepped out and purchased 3 impacting her sires Red BCC Brylor OTM Resolution, Red MarMac Hudson and Red HE 983D Rock 318G. The three walking bulls are breed improvers and have impacted our herd largely. They have added dark color, tremendous depth, thickness and muscle were needed. Great leg and foot quality, sound moving bulls with performance but still having calving ease built in. Our AI sire of choice was Duff Red Wood, a bull that has style, length of body, huge hind quarter, depth; I can go on all day about this guy.

We are proud of this year's bull pen and you will see a great set of bulls and we are looking forward to hearing your appraisal of them. There is sleep easy to a balance of power that should cover all your requirements.

Bulls have been on a rolled grain ration to achieve their development and not to burn them out. They are also on free choice hay. Bulls will be semen tested and guaranteed to breed. We believe in longevity and quiet temperament.

Bulls remaining on the ranch after sale day are required to have insurance purchased. All bulls remaining after April 1st will be subject to a \$4.00/day per head. We are happy to work with you for delivery or pick-up.

New sale location this year, sale is being held right on the ranch at 1:30pm. Bulls will be available to walk through and view like others years. DLMS will be on site for live online bidding and you can bid live as the bulls are auctioned off. We will be serving a smoked beef lunch at 11:30am. We will also be hosting a Field Day on Feb 25th from 10am - 3pm. If you can't make it then we will happily show you the pen anytime. Coffee is always on.

Hope to see you sale day and don't hesitate to call,

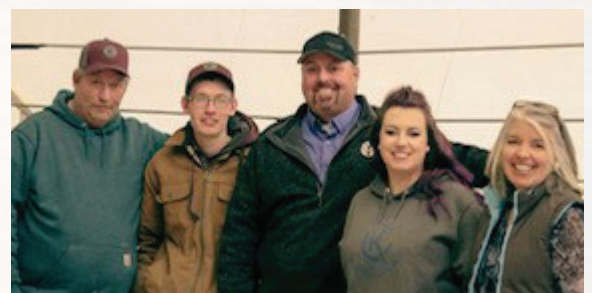

Clayton, Kathy, Marshal, Kelsey and Will

Red Rack Cora

Donation Heifer

We are pleased to present this donation heifer to help raise needed funds for the Stavelly Ag Society. We have been doing this for the past 2 years and it has averaged over \$10,000 each year. This year the funds are going towards an outdoor covering over the stands. This organization puts on many events for a small town and community. The committee puts countless hours of hard work to keep this facility running. This is a hub for such events as Stavelly Indoor Rodeo, Stavelly Horse Show, Amateur Rodeo, Stavelly 4H, Glenn Keeley Bull Riding, as well as Stavelly Figure Skating and Stavelly Pond Hockey. **Help make this a success for this communitie. Tickets are available from any board member, the Claesholm Local Press or ourselves. Draw will take place at the 2023 Bull Sale on the Ranch.**

In the spring of 2021 we had a conversation with Bryan Mackenzie and told him we were looking for a new impacting herd sire. Bryan replied I know for just the bull for you. "Resolution" after gathering information on him and pictures and history of the cow with the sire families we recognized that Resolution was our bull of choice. When you have a small herd its always about a budget conversation and what is going to impact us the most for the input costs. Sale day came and the bidding started, in the end we partner up on the purchase of Resolution for \$30,000. Here is what we bought, a bull that brought us together with partners that were outstanding in every way. (Brandl's, Brylor Ranch and On The Mark). What outstanding people. Resolution came with all the qualifications:

- A Sound Made Bull
- Strong Top
- Huge Hind Quarter
- Depth of Rib
- Deep Cherry Color
- Length of Body
- Long Necked
- Great Legs and Solid foot
- Smooth Shouldered

Resolution Progeny as a calf

Dam: Red BCC Renee 44F

Renee 44F as a bred heifer

All of that put together with incredible eye appeal and most of all calvability. He works well on both heifers and cows and has performance to match as you will see in his bull sale offering. He now resides at JAS Red Angus.

416K "ICON" is a bull that exhibits all the bells and whistles that we have strived to achieve. We have never raised a bull calf with as much top, width, thickness and easy fleshing ability as ICON. From the day he was born he has been a standout with over all style and incredible disposition. 416K dam Red Shiloh Guilty Pleasure 48G was a Red Round Up purchase from Blake and Darcy at Shiloh Cattle Co. for \$11,000. 48G is one of Kelsey and Wills easiest doing females with great depth of body and is a great milker. Kelsey and Will are very excited for ICONS future.

Selling full possession and retaining 1/3 semen interest.

Herd Bull Alert! 404K is one of the most impressive bulls in the pen. What makes him so impressive; he is out of the \$30,000 BCC Brylor OTM Resolution bull we bought from Brandl Cattle Co in their 2021 Bull Sale and what an impact he has made in our program. 404K is extremely smooth in his makeup from his front end to his massive hind quarter, 404K is a bull that is impressive to look at from all angles. Being a Resolution out of a Rack Bertha Cow Family you will want to keep every daughter out of him. A definite pen favourite of ours.

We have never been so excited in an AI sire as we are with Duff Red Wood 1941. Red Wood has impacted our breeding program in an game changing way. Red Wood brings everything to the table as you will see in his sons on offer in this years sale. Depth of rib, big hind quarter, top line, bone, structure, large correct feet, neck extension, smooth shouldered and most importantly bulls that walk out well. We also see in the replacement heifers females that have the same characteristics as the bulls but are still feminine in there appearance. At the time of writing this footnote we have had the second set of calves hitting the ground and they are incredible as well.

Lot 8

Redwood 436K packs performance as does all of his brothers in this sire group. You will find Redwood 436K easily in the pen as he is a stand out! Redwood is a bull that we feel has a lot to offer. He has a very tidy head with good neck extension, smooth shoulders and wide top with added thickness to make this guy a definite herd sire prospect! His Dam MS Rouge 13A has been a great producer here for us and raised herd bulls for Lorne Depaoli and Dean & Pam Steeves. Redwood 436K has a bright future ahead of him and we can't wait to see how he develops for his new owners. Redwood 436K is thick made and recommended to be used on developed heifers and cows.

Lot 12

Red Rack Wood Splitter 445K

Wood Splitter 445K is a smooth made bull with great thickness throughout. Wood Splitter combines a light birth weight of 80 lbs with a performance weight of 1140lbs and the time of writing notes is the second highest gaining bull in the pen. His Dam Red Fine Line Gal 4D has become a great producer for us and has raised a replacement heifer that Nick VanGalen felt strong enough about the cow family to buy her out of Red Round Up Sale. Gal 4D also raised a bull calf that was sold to Oxyoke Ranch. Outstanding bull out of an outstanding sire group.

41K Thunderhead is a bull that will be best suited to be used on larger framed heifers or cows. Dam KF Queen 30A is a larger framed cow that shows characteristics of a model cow and has shared those same attributes with her bull calf 41K. He stands on good feet and strong legs; he has great length and matched with a clean top and big hind quarter. A very good bull to look at.

45K Thunderhead is a bull you will appreciate, a smooth head, shoulders and length of body combined with a 85lb birth weight we feel he has a lot to offer. Dam KenRay Favorite 8C has raised daughters being sold to Hillcrest Colony and Double F as replacements from KenRay Ranch. 45K is a bull I feel would work well in larger heifers and cows. It's easy to see 45K's performance as he has a March 25th birth date and is in the top end of the pen for weight.

Red Rack Authentic 27K

27K Authentic is true heifer bull in both his genetic and physical make-up! With a 73lb birth weight, this cherry red bull is very clean fronted and still has plenty of muscle expression matched with strong feet and leg structure. Dam Red B-Elle Excell Glory 943G first calf was a heifer, Red B-Elle Jubilee 108J that now resides with Joni Page Redline Livestock. Jubilee 108J was shown in class at the 50th Red Round Up heifer Extravaganza.

HE ROCK 318G came to us sight unseen but highly recommended by Nate Marin. Rock 318G was purchased out of Hawkeye Ranching 2021 Bull Sale and what a great bull he has become. Rock is a deep sided soggy bull that is correct made from every angle! He stands on very correct feet and moves effortlessly. We bought him originally to clean up on our AI cows but have realized this bull has potential to be an upfront sire so look for more calves to come next year. Rock has a very impressive cow family to back him and her first calf was sold for \$26,000 to Lodoen's in North Dakota.

Rocky 455K is sired by KBJ Rock 983D, that has a very neat pedigree, Copenhagen and U2 Limitless on the top side and diamond mist and Lassie on the bottom side. Add Cactus and MRLA Miss to the equation and what a great bull this has produced. Rock 318G is a power house sire that we have not used to his full potential. This sire has only gotten better with age and he will be used early this year in our cow herd. Rocky 455K is a heifer bull that will develop with age to be a great sire for his new

Rocky 469K again takes after his sire thick made but has features to be easy calving. He is smooth made but has the muscle and shape where it's needed most. Rocky 469K is coming on strong in the pen and only has a March 4th birth date and it will be interesting to see where he finishes before sale day.

Swampy 407K was a lucky guy. His mom decided to calve him in a mud puddle in the field east of the house. We were so glad it was daylight and that we caught in time. Swampy 407K takes us back to genetics out of the 1980's and was a cornerstone sire for Kathy's dad Doug Lane of Meadow Creek Red Angus Red LCC Stallone 7B was a son of the world known mighty Rambo 50Z Sire. We happen to have a few straws left in our semen tank. Stallone raised moderate sized good footed, good uddered, thick made females that Doug thought highly of them. Swampy 407K is taller made with good length.

Marshall's Black Angus offering this year. Dam Allandale Rosebud 22H was purchased out of Ladies in the West 2021 Sale. Rosebud 22H is out of the poplar Brooking Firebrand herd sire that consistently sires progeny across the land. Firc Brand adds that extra thickness and very correct udders in his females. Sire Coleman Bravo 6313 is a genetic gem that has both sire and dam families to back him. Bravo adds rib and body, loads of red meat and very easy fleshing. Bravo 418K would make a great bull to be used on a young set of cows that you want to keep the replacements on.
