

HIGHLAND STOCK FARMS TWENTY FIRST ANNUAL BULL SALE

MARCH 16TH 2024 | 2PM | AT THE RANCH | BRAGG CREEK, AB

BULL SALE

LIMOUSIN | ANGUS | SELECT FEMALES

MARCH 16TH | 2PM | AT THE RANCH | BRAGG CREEK, AB

We welcome everyone to our 2024 Bull Sale.

Our Limousin bulls are about 2/3 black and all but one are homozygous polled. We believe our Angus offering is one of our best ever. As you can see, the majority of the bulls are December and January born. These bulls are more mature than typical yearlings and ready to go to work when you need them turned out; performing better than most two year olds due to strong libidos.

All scrotal measurements and weights will be available at the time of the sale. Videos will be on DLMS mid February. Also, we will deliver the bulls prior to April 30th, but it would be greatly appreciated if the bulls are picked up at the sale. I should note that we will be offering a strong pen of heifers – both Limousin and Angus.

I don't need to tell any of you that 2023 has been an interesting year– cattle prices were a savior as we have never spent so much on feed in previous years. All farm expenses: insurance, machinery, parts, fence posts or fuel stretched all of us. We really hope that 2024 will not be a drought and all of us can get back to normal.

We had some great non cattle related things happen last year. Our granddaughter Cassidy was engaged to Simmental breeder Riley Chalack of Ultra Livestock and our daughter Amanda married Noah Fileccia on August 25th at the ranch. Amanda runs day to day operations and Noah is an electrician, her two sons, Holt and Revington are becoming more and more involved in 4H and junior cattle shows.

We look forward to hosting you on March 16th. If you have any questions please contact Amanda, Myself or our Sales Consultant Kiley Mckenna.

Sincerely,
Rob Matthews

SALE DAY SCHEDULE

MARCH 15 – Cattle available for viewing
MARCH 16 – 12:30 – Lunch
MARCH 16 – 2:00 PM – Highland Bull Sale

SALE DAY PHONES

TERMS & CONDITIONS All bulls sell under the standard breeding guarantee and guidelines recommended by the Canadian Limousin and Canadian Angus Associations. Copies are available upon request. Announcements from the auction block take precedents over printed material. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure times.

VIDEOS View video preview clips of the sale offering approx. 2 weeks prior to the sale by visiting www.cattlevids.ca

EPDS EPD's may have changed from those printed in the catalog. Updated EPDs are available on the Associations' website,

VIEWING OF THE BULLS Viewing of the bulls will be welcome at any time prior to the sale. The bulls are housed at Triple S Red Angus and will be moved to Highland on March 14th. The heifers are located at Highland Stock Farms.

SALE DAY

ABSENTEE BUYERS OPTION If you are unable to attend the sale, please contact Rob or Amanda. We would be glad to discuss the bulls and your needs to find you a bull or bulls that fit your program. *If we deliver a bull that you do not like, you do not own him.*

BOARD ON SALE BULLS We can keep bulls until delivery. We would like all bulls picked up or delivered by May 1 unless previous arrangements have been made. These bulls must be insured. Pick-up on sale day would be greatly appreciated.

INSURANCE Insurance services will be available through Jon McKenzie
403.642.7256
jon@dsinsureservices.ca

RISK MANAGEMENT All persons attending the sale do so at their own risk. Highland Stock Farms assumes no liability for accidents, theft, injury, disease, or damages occurring at the sale site.

EMPHASIS ON HOMOZYGOUS POLLED We at Highland believe that the homozygous polled trait is the most important thing we can pass on to commercial cattlemen. If you use a homozygous polled bull, you will not have to deal with horns. We do not use the term double polled as all it means is that the parents are polled and the offspring have not been tested or they did not pass the homozygous test. We have only used homozygous bulls for several years and our goal is to have a homozygous polled herd of which we will be very close, as we only have one cow in our herd that is not homozygous polled and she is 13 years old.

Possibly the star of the Angus bull pen. He has been a performance leader since birth. His sire was purchased from Pahl Livestock as their lead bull in 2021. Unfortunately, he was injured and we only got seven excellent calves. 208K's dam was purchased from Greenwood in the Angus Collection Sale. She produced our high selling bull in last year's bull sale going to Camas Creek in White Sulphur Springs, Montana. She also has produced a daughter for Lisa Johnston's herd.

211K's dam was purchased in the U2 Dispersal. She has produced a son that was sold to Vern Pointen in the 2021 Sale.

213K's dam was an in-dam purchase from Brian Sutter's sale. She produced a bull for Greg Appleyard of Strathmore in 2022. She has already had a bull calf in December who looks very promising. Take note of 213K's birthweight as he should be an excellent heifer bull.

She is out the lead off bull at the Pahl's 2021 Sale. He unfortunately was injured and only sired seven calves at Highland. 210K's dam is our favourite two year old female and her dam was purchased from Johnson's of Saskatchewan.

Her sire was the highselling black bull in the Triple S's 2021 Bull Sale. Her dam was purchased from Brian Sutter's Atlasta Sale in 2018.
