# *Welcome to our 14th Annual Production Sale*

So here we go again with 2023 almost in the rear view. We did end up with a pretty good year even though it looked really sour in the spring and early summer.

We are quite pleased with our offering of cattle this year. We continue to work on uniformity with quality carcass, hair coat and enough performance to keep these Hereford cattle at the top of the grid. We raise ranch cattle that will perform well in a wide variety of conditions. We don't raise show cattle anymore but we are proud to show you our cattle any time.

We encourage you to watch the videos on DLMS and if you are not able to attend the sale, you can also bid there.

See you on sale day for lunch at starting at 11:30 am. The sale begins at 1:00 pm MST on February 13, 2024.
