OVER 100 WELLS DRILLED

OVER 100 CONTAINERS DELIVERED

1200, 440 2nd Avenue SW
Calgary, Alberta T2P 5E9

www.nahelium.com

Geopolitically Secure & Reliable Supply

Operator of multiple helium purification facilities including Canada's largest – with total NAH production representing ~7% of North American supply

Non-Hydrocarbon Sourced Helium

Sourced from deep, high-pressure nitrogen fields that have significantly lower full-cycle¹ emissions than hydrocarbon-based sources

¹ Full-cycle is defined as estimated Scope 1, 2 and 3 emissions.

Strong Customer Focus

Over 100 liquid helium containers delivered to our customers around the world reliably and on time since 2020

Growing Production

Future volumes available on long-term contract or spot sales

Most Active Explorer

Over 100 wells drilled to date, with additional discoveries being advanced toward production

If you're a farmer under 40,
we have the financing and
resources to help move your
business forward.
