SSS 52ND ANNUAL
75 RED & BLACK ANGUS YEARLINGS SELL
BULL SALE

 SATURDAY, MARCH 22, 2025 AT 1PM MST AT THE SSS NORTH SALE FACILITY

On behalf of the Triple S crew, Dave, Mary Beth and Adam, Dylan, Karissa, Laina and Hayes. Welcome to our 52nd Annual Bull Sale. We have changed our date to a weekend to allow for more of a “customer appreciation” event—To celebrate our customers, neighbors, friends, family and all those who make what we do possible. Please plan on joining us for a catered lunch at noon and some post sale nibbles and beverages.

It is often written, about the influence change has on the beef industry. Today, those outside influences have and will continue to shape our future. It seems impossible and at times, overwhelming to deal with each and every one. 50 plus years in the “Bull Business” have taught us: first, raise the best animal you can; second, use the best genetics available that match your goals within your environment and management practices; and third, market those cattle and the qualities bred in.

About this years bull pen—We are very pleased to offer the first time sons of Red SSS Moon Pie, a past high selling bull here at Triple S at \$96,000; Rush, a \$30,000 high seller form Cockburn Red Angus in SK; SSS Tessera and SSS Disco, both home raised red-gene carrier, outcross sires; along with the solid maternal genetics of Granite and Luster that added more weaning weight to a uniform and consistent crop. These young bulls are brothers to the most impressive set of young heifer calves ever weaned here at Triple S. In our constant effort to strive for balanced trait selection, we demand that the maternal traits come first: Mothering ability, udder quality, efficient easy fleshing females, calving ease in addition to the performance and carcass traits necessary to add value.

We provide as much information as possible to aid in your selection decisions, to achieve your breeding goals within your herd. What you don't see is some of the criteria we rank very highly in our selection process: Calf Vigor...nothing makes it to the bull pen if they don't get up and nurse within minutes of birth; Mothering ability...If we have to intervene in any way they do not make it; Udder quality...We do not “score” every udder here, but cull the ones that do not meet our standards; Fleshing Ability...we have never tolerated skinny cows, they cost too much to keep up with the rest; Environment and

Management...we strive to match the animal to our ranch environment, with extended grazing seasons, fewer inputs, less labor...happier cows...happier people.

A special *thank you* to all the very important people who are part of our “ranch life.” Sunberry Valley Ranch, Darren and Carol Vancuren, are friends and valued partners in our program. They have purchased top genetics from our herd and have bulls in the sale. Justin Davis, a friend, neighbor, and local “cowboy for hire,” is a valuable part of the Triple S crew. He has the very important job of night calving. We wouldn't trust that job to just anyone, and we appreciate him and his caring ways with our cows and calves. Nick and Jodie Josephs, our good friends, are so kind to lend a hand cleaning barns through those long winter months. Mike and Deb Murphy, (Karissa's Parents) are always happy to lend a hand when needed. Andie Schmidt, Westway Farms, helped us out taking bull pictures this year on a very cold miserable day. Katie Songer is our “catalog artist” and “advertising specialist.” Her hard work does not go unnoticed and is appreciated. Dr. Waylon Wise is our resident fertility expert and knowledgeable vet, that we can look to for the best and most current advice. Waylon is constantly working through “Herd Trax” to bring data collection and subsequent goal setting from the data. Tom McNeeley from Bullseye Nutrition does all the feed tests and ration balancing so we know that our herd is getting everything they need to be the best they can be.

This year we are happy to offer 2 nice ranch horses from Alyse Molina at Irricana, AB. This young lady has done a beautiful job on these horses, please feel free to give her a call to book a test ride and to find out more about these quality horses.

We thank you for the past support and look forward to assisting you in achieving the goals that you have set for your cowherd.

Our best to you,

Team Triple S

Dave, Mary Beth, and Adam

RANCH HORSES

A “PRETTYLITTLECAT” AKA WILLOW

2018 AQHA MARE

Daughter of Stormin Norman, sound, healthy, UTD on everything. Started showing in the Reined Cowhorse last summer. Very gritty, cowy, athletic and fun horse to ride and be around. Rides extremely well from just seat and legs. Has a very promising long future ahead of her in the Cowhorse. For any questions or to book a test ride please contact Alyse Molina at 403.681.6233

B JACKSON

15.3HH 5 YEAR OLD GRADE GELDING, IRRICANA, AB

If you are looking for a safe, handy, all around gelding that will get you noticed, Jackson is your guy. Not only is he stout, correct and flashy, he also has the grit to get the job done. He is very cowy, a pulling machine, and brave going down the fence.

Jackson has extensive miles working in the feedlot, roping at brandings, doctoring and tying off in the pasture. Apart from his well rounded working resume, Jackson has also competed in various disciplines including Ranch Rodeos, Rein-Cowhorse, and has earnings in Team Sorting.

I have had Jackson since he was a yearling. I chose to train him using traditional methods honouring the california vaquero style. He has spent most of his riding career in a hackamore and has recently been graduated to the 2-rein.

Jackson is suitable for any level of rider, including kids. He is as quiet as they come and has always been my steady eddy. He is a gentleman to handle, self loads, easy to show and will meet you at the gate. He has a very kind personality and is perfectly content just being with you.

I am very proud to offer this excellent gelding. Please contact Alyse Molina with any questions or to book a test ride. 403.681.6233

The bull feeding program is built to maximize forage utilization, gut health and as a result quality sperm production. Nutritional status of a bull, particularly from the previous 60-days can affect the semen quality being ejaculated today. Sperm production is a continuous process and proper nutrition is critical to maintain peak fertility and longevity of bulls. Bull calves are generally developed on grass with their mom's on a quality mineral program.

Once bull calves are weaned, they are slowly moved onto a balanced TMR. The bulls are challenged with a forage-based TMR to help them develop and express their genetic potential. This is important for consistency of maturation and puberty of bull calves. Sampling and analyzing forages are important for properly balancing the overall ration.

Forage quality and digestibility are important for maximizing ruminal health. Matching suitable protein sources with proper starch with the available forage sources is key to promoting lean muscle growth. The addition of organic minerals are used to ensure proper immune function and overall health of bulls. All of these factors contribute to semen quality and conception within a herd.

If you have any questions about the nutrition program, please feel free to reach out. Buy with confidence knowing the bulls have been developed on a balanced nutrition program.

Best of luck on sale day!

SALE TERMS

TERMS Unless previously arranged with an individual consignor, terms of this sale are cash or cheque, payable in Canadian funds. US exchange rate will be announced from the block on sale day. The animal becomes the responsibility of the purchaser as soon as sold.

BREEDING GUARANTEE All animals sold are guaranteed breeders. Any animal that has not proven itself within 6 months of sale, if in healthy condition, may be returned to the seller at the buyer's expense. The seller reserves the privilege of trying for a 6 month period to prove the animal a breeder. The seller at his option may either return the purchase price or replace the animal with another of equal quality in full settlement and satisfaction of all claims. Any complaints regarding any animal in this sale shall be made to the breeder.

All bulls will have passed a semen evaluation conducted in March. All complaints must be reported in writing by the buyer to the seller within 6 months and any animal returned must be free of disease and in good health.

DISPUTES In case of disputes bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision will be final in such matters.

ANNOUNCEMENTS Errors discovered in the catalogue will be corrected by announcement from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalog.

PEDIGREE TRANSFER The Canadian Angus Association has begun storing pedigrees electronically in an effort to be more environmentally friendly.
