SUNDAY, NOVEMBER 30, 2025 STETTLER AG SOCIETY • 1:00 PM

Welcome

Welcome to our 45th annual 4's Company Sale! Our group of consignors has brought a tremendous set of females and bulls to offer up again this year. These cattle are real world genetics, the kind that get out and work for any operation. This sale has stood the test of time and we are very proud of what is to offer again this year! Feel free to give any of the consignors a call/ text or email, they all would love to hear from you. We hope to see you in Stettler and on DLMS.

Yearling Bull | *33715 | Apr 11, 2024 | SCD 60M | White | Polled

BYLAND FLASH 9U106

SHADYBROOK LADY 80E

STUDER'S UNIVERSAL 10B
BYLAND CINDY BEAUTY5M106

LITTLE CEDAR AVIATOR 503X
SHADYBROOK LADY 52T

We are very excited about this years 4's Company sale lineup. What an excellent sire to start it off, he is a maternal brother to Six S The Closer 92K who was the Premier Jackpot Champion Bull in 2022. 60M is moderate framed, bold barreled, and heavy boned with big testicles while remaining awesome in his structure. Plus he should be heifer safe.

UPHILL CROCUS 8D

____ LEHNE GENSET 116F

STARBRIGHT RAGEDDY ANNE 30F

This heifer calf is without a doubt the toughest animal in the sale for us to part with. She comes out of one of the most powerful and promising young cows in our herd—a female that has gone three-for-three with absolutely stunning progeny. Her first calf, Majestic Big Flash 202L, has been a standout in the show ring for three consecutive years. He's won his division at every show we've taken him to, drawing praise from judges and breeders both in and outside the Shorthorn breed. We truly believe he has the potential to be a breed changer. The second, Majestic Raggedy Anne 29M, has been equally impressive. She's been shown successfully for two years and has never placed lower than second in her division. A young cow we believe in deeply. Now, this heifer calf—our third from this incredible cow—might just be the best one yet. She puts it all together: power, style, structure, and presence. We have every confidence she will go on to do great things for her new owner. We believe in honesty when marketing our cattle, and one thing to note: she's taken a little extra time to halter break. She's got some spice to her—so we do not recommend her as a junior project. But she has been improving with consistent handling. Whoever ends up with this heifer at the end of the sale is getting something special.

"Nutmeg" is a flashy, halter-broke calf that will turn heads on sale day. She's a smooth mover packed full of rib and natural muscling that we have to appreciate. 12N is the first calf off a blue roan commercial cow we purchased from Trieber Farms in 2023. She stems from the Bunter cow line which goes back 20+ years in Trieber's herd. Her sire is the progeny of PFF Yesterday's Gongshow 1G and backed by excellent EPDs!

A docile feminine heifer in a pretty roan package that will go on to make a great female. She comes from genetics that have worked extremely well for me.

This bred female packs an interesting pedigree with lines going back to some shorthorn legends: Uphill gussy, Saskvalley Bonanza , HC Mists Return, Highfield Irish Mist, Muridale Buster, Winalot Big Mac and Eionmor Ideal 69F. Susie 19M is out of outstanding cow families on the top and bottom of her pedigree.

She was Al'd to Crooked Post Stockman on April 26. Pasture exposed to Sharom Mathew 93M for next heat cycle. 93M is an ST King son with a high CE score. Vet Confirmed 150-160 days pregnant on Oct 9/25.

TM

A valentine sweetheart! Probably the thickest heifer in this year's offering. She is one of two heifers in this sale sired by ST King 5K, our calving ease heifer bull that was used for 2 seasons. The Lomond cow family has been making a name here at Sharom. Like all Lomond cows, this heifer has the potential to turn into a profitable brood cow. Molly Lomond ranks in the top 3% for calving ease and has an impressive stayabilitly index. She deserves a serious look on sale day.

Pasture exposed to Arbutus Elkhorn 23L from April 10 – July 10, 2025. Preg checked <u>September</u> 9, 2025 safe in calf for a mid to late January calving.

Easy on the eyes! This soft roan heifer is more than just looks. Her sire, Glenford Mr. Crimson 51H, left an impressive set of well uddered, moderate framed thick females here. When we were choosing heifers for this sale, we decided to part with a couple of Crimson daughters, but not easily. Miss Trixie has a strong hip and thick barrel. She has the background to become a herd matron that will add to any herd.

Pasture exposed to Arbutus Elkhorn 23L from April 10 - July 10, 2025. Preg checked September 9, 2025 safe in calf for a mid to late January calving.

BUFFALO LAKE BOXER 15B PAINTEARTH DEE 47B

Just how we like them, red and full of performance! An added bonus is that her dam, Paintearth Dee 47D, was with us for 9 years and always produced a bull for the pen or a keeper in the replacement heifer pen. This will be the first and only Dee daughter to be offered at the 4's Company Sale. Her sire, Star P Jerry 39J, has produced well for us by siring long, growthy calves that have done well in the herd and at the auction.

Pasture exposed to Sharom Macgyver 34M from April 10 – May 23, 2025 and Arbutus Elkhorn 23L from May 24 - July 10, 2025. Preg checked September 9, 2025 safe in calf for a February calving.

SHAROM DEBORAH 89D

MATLOCK LSR RJ 59Z **SHAROM ADELE 246A**

This heifer is off of a tried and true cow at Sharom. Her great granddam was purchased from Six S Farms at this very sale. A solid made female with a solid set of EPD's. She will be an asset to any operation. Like all Crimson daughters she is thick and well put together.

Pasture exposed to Sharom Macgyver 34M from April 10 - May 23, 2025 and Arbutus Elkhorn 23L from May 24 - July 10, 2025. Preg checked September 9, 2025 safe in calf for an early March calving.

SHAROM HIGHJACKER 27H

SHAROM HASHBROWN 117H

SHAROM CRAFTSMAN 87C PAINTEARTH EVITA 27D

SHAROM MICKEY 36F SHAROM FLAURETTE 35F

This is a heifer out of the heart of our replacement pen. It was a hard decision to put Marmalade in the sale this year. Sharom Highjacker 27H daughters are hard to part with as the performance they bring to the table is undeniable. Her EPD's indicate growth and performance which means dollars in your pocket. Make sure to give her a long hard look on sale day.

Pasture exposed to Arbutus Elkhorn 23L from April 10 - July 10, 2025. Preg checked September 9, 2025 safe in calf for a February calving.

It has been many years since we have offered a white female at the sale. There are many boxes to check to get this far as a white female in our herd and she checks them all. Feminine yet stout, this heifer has it all. Her granddam has been roaming the pastures at Sharom for 12 years and produces every time. We believe this heifer will continue with this tradition.

Pasture exposed to Arbutus Elkhorn 23L from April 10 – July 10, 2025. Preg checked September 9, 2025 safe in calf for a mid to late January calving.

SALE LOCATION AT STETTLER AG SOCIETY

Buyers Draw \$500 GIFT CERTIFICATE AWARDED SALE DAY
