84	747	980	-4.0	+5.1	+71	+111	-3.0	+23	

Perhaps our favourite heifer from the consignment this year. A powerful, big and well put up female; good feet and legs. Sired by DMM Maximus 18G, a past Agribition champion and known to put nice udders on his heifer offspring. Out of a cow tracing back to Soo Line Motive and our prolific Ladybird 28X cow. Haltered, Triangle 5 vaccinated and treated with Ivomectin in September.

Pasture exposed to Merit Synergy 3038L from April 17 - July 1, 2025; due to calve in January 2026. Will be preg checked prior to the sale.

75	625	858	+3.0	+3.3	+56	+90	+3.0	+25	

A more moderate heifer, nice headed and a nice quiet disposition here at home. Put together nicely and moves well. Sired by DMM Maximus 18G who has bred very well for Miller Wilson Angus and has improved our herd. Mermaid is out of North Perth Barbara 753 who is a full sister to the North Perth cow that was champion in many western Canada livestock shows. Haltered, Triangle 5 vaccinated and treated with Ivomectin in September.

Pasture exposed to Merit Synergy 3038L from April 17 to July 1, 2025; due to calve mid-February 2026.

A very nice tidy heifer; perhaps not as powerful as the 31M heifer but will make a good brood cow. A good Angus head on her. Sired by Merit Chief, a bull Trent Liebrach sold in a past sale that many breeders have utilized in their programs. Out of a Brooking Firebrand daughter. Haltered, Triangle 5 vaccinated and treated with Ivomectin in September.

Pasture exposed to Merit Synergy 3038L from April 17 to July 1, 2025; due to calve mid-February 2026.

Top of the Hill Farm is offering a big-bodied calf sired by HLC 101 Cross Fire 569C—a bull we stumbled across and have been excited about ever since. Every calf he's sired has impressed us right from birth. 2N brings extra frame for those who appreciate larger Angus cattle. She's a structurally sound, well-balanced female with the qualities of a top maternal prospect and shows strong potential as a brood cow. Her pedigree includes standout names like Remital F Odyssey 67X and Krone Royal 1140, giving her both style and longevity. Her dam continues to produce year after year, consistently delivering high-quality calves whether you're aiming for the show ring or building a reliable cow herd. If you're looking for a female backed by proven genetics, performance, and eye appeal, 2N checks all the boxes. She combines size, structure, and maternal value in a complete, exciting package.

Top of the Hill Farm is excited to offer another outstanding daughter of HLC 101 Cross Fire 569C, as we couldn't decide which one we liked more! 8N is a standout heifer, showcasing the kind of natural muscling you'd desire in any breed. Everyone who walks into the barn notices this calf — and we're confident you will too. Her dam is sired by Insight, and if you're familiar with Insight daughters, you'll understand why we speak so highly of them. It's been a pleasure watching these calves develop, and we're incredibly proud of how far they've come. Don't get caught up in the "Crossfire" and miss your chance to bring home this exceptional female!

The Joyride x Bolder matings have seemed to click for us since purchasing this calf's young dam from O'Shea Farms in Ontario several years ago. We have retained two full siblings to this calf - one female that made an appearance at the Royal for Gabrielle and has developed into a beautifully uddered, fleshy 2 year old, as well as a young bull that we campaigned last summer and has since went on to become a herd sire.

The Yedda cow family from our friends at Burnside Herefords needs no introduction. I had the opportunity to purchase some females out of this family several years ago which have since become foundation cows in my herd. Maternity and milk run strong here.

The Anna family has long been a farm favorite, they're large, stylish cows who do their job while maintaining their condition. 3N is no different. She's an up headed, clean necked calf, that moves like a dream, with all the makings of a good cow. She weaned off as one of the largest in her group, and she was shown in 4-H throughout the summer, and was as broke as can be. Anna makes an excellent prospect for CJHA members who would like to show at Bonanza next year in Richmond, QC.

Juniors pay attention to this stylish heifer! She's show broke and ready for Bonanza 2026 in Quebec. She will continue to be showcased throughout the fall at a few select shows and she has already had lots of success at a past show this summer. Her sire, Bolt, has a tremendous EPD profile and ranks in the top 10% of multiple categories. He goes back to "R Leader" who is known to be a top female producer especially ones that are heavy milkers. Nova is a carbon copy of her dam who is one of the deepest and cleanest uddered females on the farm. This is the first female I have ever parted with but they say to sell your good ones and this one is no exception, don't miss out on this opportunity!

Betsy is out of our no miss, best producing cow that goes back to Teejay Simmentals. Her mother is Angus/Simmie and she is by our Shorthorn herdsire, from Dempsey Show Cattle in PQ. The 2360L bull produced the Reserve National Champion bull for our daughter Claire at the 2025 Shorthorn Showcase in Lindsay, ON. The Tory cow has produced numerous male and female Champions across both open and steer shows in Atlantic Canada. Betsy herself, was 3rd in her class at the 2025 Shorthorn Showcase. Betsy is beautiful fronted, soft made, and will be shown up to sale day by our juniors. Note Betsy is registered as a Shorthorn Plus and her calves by a Shorthorn bull can be registered also. She will make a lovely cow foremost, and certainly a show heifer for someone!

Spades has been a calf that has caught our eye since day one with her big hip and attractive front. Out of a hard-working 2 year-old, she stems from our most productive cow family, going back to one of the original matriarchs of our herd, purchased from Destiny Simmentals. She has the eye appeal for the show ring, yet the cow family behind her to be productive in any herd. Her sire is an exciting young herd bull that stamps his calves with tons of look. This sweet little baldy is a perfect show prospect for the upcoming show season.

This heifer offers a balanced combination of style and functionality. She's clean through her front end, naturally thick, and carries plenty of depth through her rib. Wide topped and good haired, she's the kind that will fit into a variety of programs. Her dam is a moderate, easy keeping cow with an excellent udder. Traits that are sure to carry through. With her structure, softness, and maternal backing, this female has all the pieces to make a solid replacement or show prospect.

2025 TERMS & CONDITIONS

TERMS & CONDITIONS: Each lot will be sold to the highest bidder. In the event of any dispute, the Auctioneer's decision shall be final. Announcements from the Auctioneer's stand on sale day will supersede any information in the catalogue. This sale is being held under the terms of the Canadian Angus Association, Canadian Hereford Association, Canadian Shorthorn Association and the Canadian Simmental Association. Arrangements for the delivery of animals must be made between buyer and consignor immediately following the sale. Consignors will be paid as soon as possible following the sale. Terms cash, satisfactory cheque or e-transfer. Payment shall be made immediately following the sale. Release of cattle will be given only when satisfactory settlement has been made by the buyer. Liability of the management of the sale merely acts as an agent between the buyer and seller, and therefore is not responsible for any failure on the side of either party to live up to their obligations as well as assume no liability for any accidents or injury that may occur.
