Edensville Megatrome 16M is the definition of power and performance. He's wide-topped, deep-ribbed, and carries that extra muscle and shape that stand out in any pen. Big-framed and structurally sound, he moves with ease and has the kind of length and growth that translate into pounds on the scale. He's big-nuttred and masculine through his front end – the kind of bull that adds performance, look, and breeding power to a herd. His quality has been proven time and time again in the show ring, being named 2025 Olds Grand Champion Shorthorn, 2024 Agribition Senior Bull Calf, and Champion of the 2024 Presidents Classic.

ECC 16M - FRONT

Picture Perfect is a heifer that we've always really liked. She's incredibly stout, attractive, feminine, structurally sound, and as a added bonus she has fantastic hair. Sired by our senior herdsire Diamond Hendrix, her maternal grandsire is Byland Flash9U106, and she is a maternal granddaughter of the 2021 Agribition and Farmfair Champion Female Shadybrook Perfect 7G. Her dam is one of our top females. 7N is a female we are very excited about; she has a phenotype and pedigree backing her. We strongly believe, like her dam, maternal granddam, and paternal granddam, that she will be destined for a donor pen after her show career is finished.

Deep from forerib to flank, extended throughout her top and dark cherry red that creates unmatched breed character. Lea 126M is a daughter of the quickly proven herd sire Bell Zirconium 53J. A multipurpose, mid 5 frame female with a bottom side pedigree that screams proven. Her mother sent a bull to Vogel Shorthorn Farm in North Dakota, and her maternal grandsire Bell M Martin 11Y is a legend at Bell M Farms for siring females that produce standout calves. Lea 126M records an individual weaning ratio of 112 and breed rankings in the top 1% for Stayability, 10% for CED & 15% for BW, MK, REA, \$CEZ & \$BMI. Her mating to Four Rivers is exciting as his first calf crop has exceeded our expectation in growth while still being very easy calving.

Safe in calf to Gilman's Four Rivers 51L for a late February calf.

Retaining the right to 1 flush at the seller's expense and buyer's convenience.

SERVICE SIRE - GILMAN'S FOUR RIVERS 51L

We are pleased to offer Lady 25M from the top of our bred heifer pen. She comes from a great cow family. The calves from her dam and 3 maternal sisters are always amongst our best. Lady 25M is long bodied, has excellent depth of rib and is smooth made. With her striking markings and showy posture, she stands out in a herd. She was a class winner at Agribition 2024 and has continued to develop well.

Bred June 5 to CSF Evolution and vet checked pregnant.

BASIN joined the bull battery at BSG in 2024 as the most exciting outcross sire to grace the U.S. Shorthorn scene in some years. Insanely good at Calving Ease/Low Birthweight, cow herd Stayability and Beef Merit. In addition, he impresses progressive breeders ranking in the Top 2% for the Cow Productivity Index at \$183. This stout constructed, smooth jointed, perfectly assembled stud is the answer for Ronan daughters and other heifers around the country in search for an outcross service sire.

From our experience in 2025, he will reduce BW and improve calving ease, while adding a touch of frame to those females that may be too moderate in size.

Canadian qualified semen housed at Hawkeye Breeders, Iowa.

Prepotent. A true Shorthorn mama-cow maker. Backed by one of the most valuable females in the breed, Palermo transmits her same power, fleshing ability, and maternal strength—all while carrying the calving ease and consistency of his sire, Hector. More than just a heifer bull, Palermo is the calving-ease king of the breed. His calves are robust, vigorous, and hit the ground ready to thrive. His daughters are feminine, deep-bodied, and productive, with ideal udder quality and structure. His sons come thick, square-hipped, and masculine—herd-sire prospects from a young age. Palermo sires cattle that work in any environment and add value with every generation.

BELL M MISSIE 94H

10 Years... Wow 10 years and still prevalent in today's cattle industry, not many bulls can make that claim. The most notable white Shorthorn bull to have won Agribition and be selected as a Top 10 finalist at the RBC Beef Supreme Challenge. Known worldwide for his real world predictability, sire to registered head around the globe of both females and bulls that are functional, easy keeping, stylish, and just have that breed character everyone strives for. CSA Performance Sire award winner every year since 2021. Recently sired the record setting \$120,000 Outback Sprys Foreman U218 in Australia.

Due to the limited amount of semen on hand we have decided to stop offering semen privately. This is your only chance to purchase Foreman for the foreseeable future.

Stored at Bow Valley Genetics. Qualified for Canada, USA, and Australia.

We have decided to open the tanks and offer for sale semen on the legendary Gilman's All In 6K. All In needs no introduction; last fall, he was named the Farmfair and Agribition Grand Champion bull, as well as being crowned World Champion. His calves are consistent and have been stamped with his style. The offspring he has had over the partner herds and First Class Shorthorns is proving All In to be a genuine breed changer, and more importantly, a herd enhancer. This semen has not and will not be offered regularly, so if you hesitate to jump on this chance, you very well could miss your opportunity to add this powerhouse to your program.

Canadian Qualified Only, Stored at Bow Valley

GILMAN'S ALL IN 6K

Manitoba Provincial Champion, Canadian National Grand Champion, Agribition Grand Champion and World Shorthorn Champion bull. Performance and style tied together in an eye-catching roan package. Backed by a pedigree with breed leaders such as Saskvalley Yesterday, ACC Candy's Bubble Yum and Hill Haven Breathless. His dam is a deep bodied, moderate framed, thick-made red cow with what we would deem an ideal udder. With impressive natural thickness, length of spine, sound foot and leg structure and proven safe for heifers, he checks the boxes to be added to your bull roster! Homo Polled.

Semen is qualified for Canada and USA. Semen stored at BoviGen.

A bull that needs little introduction, Thermal Energy 15A has written his name into Shorthorn history books in three countries. Bred by Muridale in Saskatchewan, he became a true cow-maker at Bowman Superior Genetics, leaving behind daughters that are super attractive, fertile, deep, and highly functional, along with sons that are good-looking, and balance performance and moderation with extra muscle shape. His global influence is unmatched—Gerald Spry of Australia, publicly called him the greatest bull he ever used. This is a special chance to tie into a sire whose legacy is measured in productive daughters, profitable sons, and worldwide respect.

Since his first calves sold in 2020, no other bull has produced as many high selling progeny as Fireball. His daughters have seen the winners circle at Farmfair, Agribition & Toronto Royal, as well as every US major show. We are now seeing the impact his sons are having on the industry, and this popularity continues to grow each year. Semen is limited, so do not wait!

The more progeny we see South and North of the 49th, the more convinced we are that Manhattan will make them right, whether they are Red, White, or Roan.

Phenotypically, Manhattan transfers adequate bone coupled with good feet and leg structure. He is leaving progeny that are bold in the rib, deep bodied, strong topped, fuller rumped and level from the hooks to pins. The males measure well, mature and crest quickly and display an early interest in their female contemporaries. The females possess eye appeal, femininity, and neat and tidy udders. With nearing three hundred progeny registered in Canada and the US, it is evident that Manhattan's phenotype and genotype are making an impact in the breed.

Don't pass up this opportunity to secure these semen packages!

Canadian Qualified. Stored at Alta Genetics.

Herd Sire for Paint Valley Farms, Bar N Cattle Company, and Steel Hill Cattle. As a long yearling he set a record at the Durham Nation Sale and since then has been nothing short of outstanding as a sire. Most recently, He sired the top selling heifer calf at the Summit in Denver, and he has sired several sons that have been sent all over the States. It's no surprise as he is out of one of the greatest cows to ever walk our pastures.

This is our first time sending semen up to Canada, and I can't think of a bull that I'd rather have representing our first consignment here.

A bull we didn't own but had Canadian semen rights on. Swaggers pedigree is stacked top and bottom with some of the breeds greats. Most notably is the SS Agusta Pride 3127 cow that was a top donor for Schraggs for years. On the bottom side you have the great Rose cow family that needs no explanation. Swagger left many sons and daughters throughout North America that were in the top of the breed!

Saskvalley Task Force 105T has quietly but unmistakably carved his place in Shorthorn history as one of the breed's truest maternal transmitters. The first of several sons out of the legendary Maggie 73R, Task Force represents the kind of longevity, structural integrity, and functional efficiency that have too often been overlooked in modern cattle breeding. His daughters are deep-bodied, easy-keeping, fertile cows that thrive in commercial environments.

Canadian qualified semen housed at Great Lakes Sire Service, Michigan.

TERMS & *Conditions*

TERMS: Terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the information in the catalogue. All monies are in Canadian funds.

MAIL, PHONE OR WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

BREEDING INFORMATION: All cattle of breeding age are guaranteed to be breeders. Any export tests will be arranged after the sale, at the seller's expense. The standard guarantee as endorsed by the Canadian Shorthorn Association will apply.

PEDIGREES: The Canadian Shorthorn Association certificate of registration will be furnished with each animal sold, duly transferred to the purchaser after payment has been made. Proper instructions must be provided at the conclusion of the sale. Extensions granted on order bids only. Costs incurred due to incorrect transfer will be borne by the purchaser.

INSURANCE: Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value. Delivery: Every assistance will be given in arranging the shipping and delivery of your purchases. Each animal becomes the risk of the purchaser as soon as sold.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue. Liabilities: R&R Sales Management, the consignors, sale staff and representatives accept no responsibility for any accidents that occur. All persons attend the sale at their own risk.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that R&R Sales Management is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does R&R Sales Management assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. R&R Sales Management assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.
