Video Sale

This sale is a video sale, and bulls will sell by video and will not enter a sale ring. We welcome you to view the bulls prior to sale day or the day of the sale. The sale will be broadcast on DLMS for those unable to attend.

Semen Rights

Coyote Flats Charolais retains in-herd semen interest on all bulls sold in the sale.

Exchange Rate

For our American friends, the exchange rate will be announced on sale day at the start of the sale.

Semen Testing

All two-year old bulls will be semen tested prior to sale day All yearling bulls will be semen tested by March 1st.

Wintering Program & Delivery

Yearlings

All yearling bulls can be left at Coyote Flats Charolais until May 31st. After June 1st, a \$3/day boarding fee will be applied until delivery/pick-up. All yearling bulls that remain at Coyote Flats for wintering must be insured.

Two-Year Olds

We winter the bull(s) and deliver when needed. Wintering costs are: \$500/bull when one bull is purchased, \$250/bull when two bulls are purchased, or \$0/bull when three or more bulls are purchased by the same buyer. Wintering fee is payable on sale day. All bulls that winter at Coyote Flats must be insured.

Terms & Conditions

Sale is conducted under the Canadian Charolais Association's Code of Ethics.

Accommodations

Quality Inn & Suites, Lethbridge	(403) 331-6440
Holiday Inn Express, Lethbridge	(403) 942-5856

WELCOME FROM

Coyote Flats

Welcome to our 11th annual bull sale. What an incredible run the cattle industry is on. Ranchers were selling their calves shortly after they were born on video sales for fall delivery for never seen before prices. It really made everyone sit up and pay attention and more calves sold earlier on video sales than ever before. On top of the great calf prices, the cull market also continued climbing, with both cows and bulls reaching new highs. I have had a hard time wrapping my head around these numbers, but they seem to be staying around, hopefully for years to come.

On a personal note, 2024 and 2025 have been a couple of exciting years for Trish and me. It started off with Christopher marrying Grace Gouws on June 8th, 2024. Then we started the new year with a trip to Germany in February to get my back fixed up. I had 2 discs replaced in my lower back and I am happy to report that it went very well. Then on April 14th we were blessed with our 2nd granddaughter Georgia Dawn Nelson. She came a little bit early, but she is doing great and just like Mackenzie she has me wrapped around her little finger. On October 19th our youngest son Zachary got married to Rouaa Ahmed.

This year's crop of bulls is an excellent set. Cody and Chris have worked very hard on the herd. We have been culling exceptionally hard over the past few years. This has resulted in more consistency throughout our herd. Our goal has always been to try and give the rancher a bull that will calve easily, and at the same time, give him a calf that performs and tips the scale in the fall. All the time hoping that we will have an opportunity to feed these calves in fall and have them also perform well for us in the feedlot. If you are unable to attend or would prefer that we pick out a bull for you, Cody, Christopher, or I would be more than willing to help out. Please don't hesitate to contact one of us to discuss your needs.

New this year we will be selling some bred heifers. These heifers were purchased together with Moebis Bros. With the cow herd shrinking, we thought there was an opportunity to help with building the herd back up with the kind of heifers that will work great being bred to Charolais bulls.

Lastly, be sure to check out our "Win-Win" program. It's always exciting to buy calves from our customers and have the opportunity to see how our genetics perform in the feedlot. It's great to have customers show faith in our program by buying bulls yearly from us and be able to reward them by buying their calves back and showing faith in their program. We realize that selling directly to us is not an option that everyone prefers, so if you let us know when and where you are selling your calves, we will do our best to support you at your sale.

Hope to see you at the sale!!

COYOTE FLATS CHAROLAIS LTD

We believe in our bulls! We believe in supporting our bull customers!

We believe in the feeding ability that calves sired by our bulls have, that is why every bull sold in our sale comes with a bid on our customers calves in the fall.

The Win-Win Program was developed because we want to develop a partnership with our customers in the cattle business. A successful partnership must benefit both parties, and we believe that the Win-Win Program allows for successful partnerships to be developed.

YOU WIN

- Excellent sale price: We pay top dollar for the calves that enter our feedlot! We can also offer to contract your calves during the summer months.
- Less stress: On the day you wean your calves, you already know the price and don't have to worry about what price you are going to get, or what the weather is going to do. No worries about calves getting cut out because of a minor problem or off colour. We are flexible on delivery times and dates.
- Less shrink: We have a government inspected scale at our facility. The calves are weighed on the truck and the shrink is determined on a sliding scale based on distance from our feedlot.
- No sales commission: All that you pay for is the brand inspection and the trucking to get your calves to our feedlot.
- Pride: You can come back to the feedlot and have a look at how your calves are doing and developing.

WE WIN

- Healthier calves: Calves are less stressed, therefore, they stay healthier.
- Performance: We get large groups of calves that packers are looking for and we know they will perform and yield among the best in the industry.
- Management: We can track performance of our different bloodlines from weaning to slaughter. We are also able to help with vaccination decisions, so we can vaccinate the calves the same way when they arrive at the feedlot.

WELCOME FROM WRIGHT LIVESTOCK MARKETING SERVICES

Welcome to the 11th Annual Coyote Flats Charolais Bull & Commercial Female Sale!

We are excited to be a part of this 11th edition of the Coyote Flats Charolais Bull Sale, working with the Lohues family again. For the last 11 years, we have watched this sale gain momentum year after year. This year, there is an exciting addition to the sale, an elite group of bred commercial females will sell, which compliments their bull sale offering nicely.

The Coyote Flats Charolais program is continually evolving. This program has never been one to shy away when it comes to capitalizing on genetic opportunities and adding new herd sires and key breeding pieces to their program to push it forward, without sacrificing the quality and traits that you have come to expect from the Coyote Flats program. We will see some sons of the Lindskov herd bulls they purchased out of South Dakota a few years ago now, which will provide the opportunity for some outcross genetics for those customers who support this sale year after year.

The yearling and two-year old bulls featured in the catalogue pages are a very functional and solid group that can go out and work in your cow herd. There are performance bulls if you are looking for those bulls with some extra punch to sire those calves that tip the scales at weaning, or heifer bulls that will sire those calves that will go out and grow. You can have the peace of mind knowing that Coyote Flats stands behind their bulls and values the relationships they build and maintain with their customers.

The bred commercial female group is a welcome addition to the bull sale this year. With the cattle market seeing unprecedented high prices being captured by cattle producers, it is a great time to add some fresh new females into your herd to replace those old cull cows you have been holding onto or expanding your herd with those commercial females that will go out and work for you.

With the quality of the two-year old and yearling bull pens, and the outstanding offering of commercial bred heifers, you won't want to miss the 11th Annual Coyote Flats Charolais Bull & Commercial Female Sale. We hope to see you there!

If you have any questions about the offering or require some assistance on sale day with telephone or proxy bidding, please don't hesitate to contact us. We would be happy to assist you.

Sincerely,

Jon & Sarah Wright

Wright Livestock Marketing Jon: (306)807-8424

WELCOME FROM HIGH LEVEL CATTLE CONSULTING

Welcome to the 11th Annual Coyote Flats Bull Sale. Every year for the past 6 years we sit down with the Lohues family and discuss the nutrition program we are going to put forward for these bulls. The Lohues Family always insist on developing a bull in a safe and responsible manner in order to create an animal that will sustain his soundness for multiple breeding seasons. We have formulated a balanced ration that meets growth curve requirements necessary for proper breeding maturation that allows for superior genetics to be passed on.

These bulls have been raised on a chelated mineral program that was designed to enhance immunity, semen quality and strong foot structure. Coyote Flats is committed to their customers through the feeder cattle buyback program, with a vested interest in raising a quality product for everyone involved. It's very seldom that you run into a purebred operation that is as dedicated to the industry like Coyote Flats. If you have any questions around the rations don't hesitate to call (403)-634-5590.

Trevor Moebis

High Level Cattle Consulting Ruminant Specialist

WELCOME

FROM TELUS CATTLE PROFESSIONAL SERVICES

It is time for the 11th annual Coyote Flats Charolais bull sale and on behalf of the veterinarians at Telus Cattle Professional Services, Lethbridge, I am very pleased to share with you some of the health practices of this organization. I have been working with Coyote Flats Charolais for over 30 years and have a great deal of respect for the integrity they show towards their community, the agricultural industry, and their customers. The Lohues family strives to ensure that the customer is treated fairly throughout all interactions. Additionally, Coyote Flats Charolais is very conscientious regarding the health of the cattle that are on the farm, and those that are to be sold. Vaccinations are carried out in a timely manner to help prevent disease in the individual animals as well as in the calves that are raised. All cows receive a 5-way (IBR, PI3, BRSV, BVD Type I & II) modified live virus vaccine pre-breeding to protect the fetus from infection with IBR or BVD. This program is started while the cows are still calves, so all mature cows have received at least 2 doses of the 5-way viral before first conception and then annually pre-breeding after that. When the calves are born, they are initially given an intranasal IBR, PI3, BRSV and an intranasal Mannheimia hemolytica and Pasteurella multocida for protection against respiratory illness. At branding time, the calves are given a modified live 5-way viral to continue this protection, as well as an 8-way Clostridial vaccine that also contains Histophilus somni. The 5-way viral and the 8-way Clostridial vaccines are boosted at weaning time and then the heifers are given the 5-way viral pre-breeding. This program provides maximum protection for the calves against respiratory disease as well as protecting the fetus from BVD infection and abortion from these viruses.

The bull calves go through this vaccination program as well, and before leaving the farm they also receive Fusogard and the booster for protection against footrot during the breeding season.

Nutrition is also an important component of raising purebred cattle. Coyote Flats Charolais has a nutritional consultant to ensure a complete nutritional program for the bulls being raised as well as all the livestock on the farm. It is important that the bulls are fed for the purpose of longevity, not just for size.

Coyote Flats Charolais has a comprehensive herd health program and have invited the us to work closely with them in all aspects of their cattle operation. This involves everything from pregnancy diagnosis, and breeding soundness evaluation of the bulls, to regular herd health visits for crew training and monitoring of health. We are also involved in the feedlot aspect of this farm and in the past, many of the calves that have been inducted into the feedlot have been purchased from producers that have sourced their bulls from Coyote Flats Charolais. This close working relationship demonstrates the confidence Coyote Flats Charolais has in their genetics and has proven beneficial for both the cow/calf producer and Coyote Flats Charolais. The Lohues family is always interested in developing more of these relationships with producers that are purchasing bulls and would welcome any inquiries regarding providing calves for sale to the Coyote Flats Charolais feedlot, and vaccination and health protocols for the cows and calves from these herds.

It has been a privilege to work closely with Coyote Flats Charolais in all aspects of cattle health.

Sincerely, **Varl Dueck**DVM

1 TONNE OF RIGHT NOW ONYX MINERAL

RETAIL VALUE OF \$2782.00 DONATED BY CARGILL NUTRITION

Cargill's Right Now Onyx Mineral with Altosid

Onyx Mineral is a mineral supplement for cattle, providing essential organic trace minerals and yeast to support health and productivity.

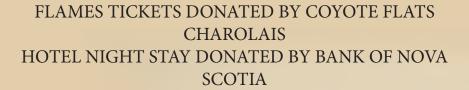

Altosid IGR is a fly control solution that disrupts the horn fly life cycle, preventing pupae from developing into adults.

Combining these products ensures cattle receive vital nutrients and effective fly protection, enhancing overall herd performance.

Sale Notes

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque payable immediately after the sale. Settlement is in Canadian funds. The right of the property shall not pass until settlement is paid in full. All settlements must be made with the clerks of the sale before any cattle will be released. Current exchange rates will be announced on sale day.

BIDDING: Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received prior to the sale, in a sufficient time frame.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

ANNOUNCEMENTS: All announcements made from the auction block on sale day will take precedence over the printed material. Errors discovered in the catalogue will be corrected from the auction stand at sale time and such correction will take precedence over printed material in the catalogue.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

IN-HERD SEMEN: Coyote Flats Charolais reserves the right to collect semen on any bull sold through the sale. Semen collection will be at seller's expense and the buyer's convenience.

BREEDER GUARANTEE: Should any bull fourteen months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove that the bull is a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE: In the case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void. The seller is not responsible for damage caused by foreign bodies after the animal has been sold or for sickness not apparent at sale time. In no event shall the seller be responsible for more than the purchase price.

INSURANCE: Insurance will be available for purchase on sale day.

DELIVERY: Assistance will be given with making delivery arrangements after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller but will be as soon as practical after the sale, at the buyer's risk.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of buyers, neither Coyote Flats Charolais, the auctioneer, sale staff or Wright Livestock Marketing Services sale management assumes no responsibility in the matter and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

SALE MANAGER: Wright Livestock Marketing Services Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his/her obligations, or for any warranties, guarantees or representations, expressed or implied. Wright Livestock Marketing Services Ltd. does not assume any financial obligations to collect or enforce collection of any monies between parties. Wright Livestock Marketing Services Ltd. assumes no responsibility for any credit that is extended by the seller to the buyer. The buyer must look to the seller for the fulfillment of any/all guarantees and representations made. Any legal action that may, in exceptional circumstances/cases, be taken are solely between the buyer and the seller.

PICTURES: By attending the sale, you are granting permission for your picture to be used for promotional and advertising purposes relating to the sale, unless you notify the sellers/sale manager that you do not grant permission for your picture to be used.
