W E L C O M E to the *Third Annual Destination Gelbvieh Female Sale!*

We are honored to welcome you to the third annual Destination Gelbvieh Female Sale — a showcase of quality and commitment to the Gelbvieh breed. This sale highlights some of the very best genetics our programs have to offer, with females built to perform in real-world conditions and add long-term value to any herd.

If you're a long-time Gelbvieh breeder or new to the breed, we're confident you'll find females that fit your program and goals. Whether you're looking to add elite genetics, foundation females, or future donor prospects, we know you'll find quality and value in this year's sale. Thank you for your continued interest and support - we couldn't do it without the support of the many great men and women in the cattle industry.

Join us online through DLMS November 19th–20th to take part in this exciting sale. We also invite you to our Open House on Saturday, November 15th at Cowlick Ranch. Stop by and view the cattle in person, visit with fellow cattlemen, and enjoy some great food and treats. We look forward to visiting with you and helping you find your next Gelbvieh Female.

Yours Truly,

The Destination Sale Group

A very rare opportunity here! This beautiful girl comes right from the very top of our bred heifer pen and there are many days we have regrets of putting her up for sale as she keeps getting better and better. A very structurally sound female that checks so many boxes for what you want in a female that has potential to be a very useful piece in any breeding program. She has a beautiful front third, is incredibly deep bodied, has lots of hair, she's good footed and is shaping up a nice udder! She comes Homo Polled and Homo Black, and to top it off CLR Xanadu 20M has a very nice temperament as well. She's backed by very proven genetics; her dam SLC17E was very successful in the show ring - a 2 time national champion, and her maternal brother, Peaky Blinder, was a national champion as well. We are very excited to see where this special bred ends up and the impact she will have on someone's program.

Pasture exposed to CLR McDavid 97M from April 1st - May 28th. Preg checked safe.

Lot 2

Here is a chance to get in on what will be one of the first daughters to calve from HL SLC Firestick 26J! CLR 51M is a beautiful dark cherry red brood type cow in the making. She's going to have a near perfect udder and is sure to be the type that is productive year after year, just like her dam, JM15F. There's some great genetics stacked in her. She should be serviced to CLR McDavid 97M, a new and totally outcross herdsire for us and Unger Land & Livestock.

Pasture exposed to CLR McDavid 97M from April 1st - May 28th. Preg checked safe.

FLAD FLADELAND FACE OFF 212F
JM CHERRY BOMB 9C

Lot 3

This girl has always caught our eye and she's going to be a more moderate cow but we really appreciate her feminine features and her nice refined skull shape. She's very sound footed and like the other bred options is developing what is looking like a beautiful udder. She's sired by HDG Quinn 31G, a bull that worked really well for us over the years. On the dam side she comes from a very good cow family from the Jace Cattle program. Her mating to SLC 59GET will be sure to give you a dark cherry red calf.

Pasture exposed to SLC Red Viper 59GET from April 1st - June 1st. Preg checked safe.

Cowlick Ranch

Sire - HDG Hillsdown Quinn 31G

Lot 4

U2 Township 17G had made a very big impact on our program in a short time! One of our favourite things about this bull was the maternal strength he would bring, and he has consistently given us balancer daughters just like this beautiful girl pictured here. We have not been willing to let any of his daughters go because they are so good, but we figured it was time, and we picked one of his top daughters from this year. CLR Chick 32N has great depth of rib, a nice front end, and great hair. Her dam is a very nice, moderate, productive cow with a perfect udder. A great genetic piece for any program in 32N and the first chance to get in on these genetics!

Lot 5

If you like fancy, clean fronted animals then "Nora" should catch your eye. Here was a mating that turned out just like we hoped. We took a fancy moderate SLC Peaky Blinder cow and bred her to the powerful, performance based RWGW Hashtag and we have really enjoyed watching this calf grow from birth through the summer! We are confident she is going to be one of those pasture front cows. We were very happy with the first set of Hashtag daughters that were in production this year, and CLR12N is sure to have all the good maternal and growth traits that we have seen in all his daughters. Be sure to check this girl out!

CHOICE LOTS

Here is a choice lot on a couple BNH Katcher daughters- CLR 30N & CLR 33N

BNH Dream Katcher did not disappoint us on his first set of calves for us this year! Here is one of the first chances to purchase some Katcher genetics, and there will not be a lot more of them in the future as due to some unfortunate circumstances, we lost this bull this past spring. We couldn't make up our mind between these two special females, so we figured we would give you the chance to make the choice! They both have very similar genetics as they come from first time RWGW Hashtag dams. They both weaned off within 10lbs of each other and they have very similar qualities all the way through. One really has to appreciate the volume and muscle these two offer and we love the hair that we are seeing on all Katcher progeny. I don't think you'll go wrong with either option; a great opportunity to grab a great building piece for any kind of program!

This is my favorite red Horse Power daughter and I'm sure you'll appreciate her as much as I do. She is a complete package with loads of volume, a brood cow look, dark solid feet, nice EPD's and a super developing udder. Cow families play a big role in the females we keep or sell. 29M traces back to a big dimensioned Judd cow Roger brought up years ago. We have a few females here from this cow. Also, the females in the 722Z pedigree add to her overall profile. This heifer is the real deal.

Observed bred to CLR McDavid 97M on May 24th. Exposed until June 18th. Preg checked safe.

2025 Unger Land & Livestock Sale Breds - ULL 29M on far left

Lot 8

Believe me when I tell you that 25M is better than her picture. She is very long bodied with a very attractive skull shape and front third. She has good solid feet and will have a very amazing udder, with her sire Flint on the topside. Her outstanding dam was a purchase from Hurlburt's at the Gelbvieh Gala 50th Sale. She is a hardworking female with some outcross genetics that really click. We feel this heifer has lots of potential. Check her out!

Observed bred to ULL 41M on May 3rd. Exposed to CLR 97M until June 18th. Preg checked safe.

Foursquare Princess Carla is truly one that we are so proud to offer for sale in this years Destination Sale! She is part of the best cow line that we have at the farm right now! If you study her pedigree, you will find a deep maternal pedigree of long-lasting high producing females! From 23Y, who raised calves till she was 13, to Foursquare Carla 31C, who has many females working in the herd and has been a very successful donor cow with 5 ET calves plus her own on the ground this year, to Foursquare Fiona 60F, who has taken her turn through the donor pen producing 20+ embryos! The pedigree is proven maternal strength and excellence! 24M has a great disposition, is a big bodied, hairy, good footed female that will be a top end producer for years! Her teat and udder structure is flawless! We feel Princess Carla has the potential to be a breed influencer and a herd building female for her new owners!

AI bred to Fir River Hennessey 711H April 3rd. Pasture exposed to Foursquare El Jefe 84L from April 8th to June 15th. She is preg checked safe for a late Jan calf.

DDGR COACH 57E
CMR SUNSHINE 94D

dam: **FOURSQUARE DIVA**

JRI POWERSTROKE 706A43
OAR MO-ROC TR LACEY 7L

Lot 19

Foursquare Diva's Girl is another Lost River Dungy sired Female, that is smooth in her design and clean through the front. She is another female packed with maternal strength, with CMR Sunshine 94D on the top side and a powerhouse cow family on the bottom side with Foursquare Allison 28A, who is still producing, and OAR Lacey 7L on the bottom side. 31M is sure to carry on the legacy of a highly productive female for many years, with excellent teat and udder quality!

AI Bred to Fir River Hennessey 711H April 3rd. Pasture exposed to Foursquare El Jefe 84L from April 8 to June 15th. She is preg checked safe for an Early February calf!

Consigned By:
Foursquare Farms

Sire - LRSF Dungy H275

Lot 20

It's time to share the herd! ULL50B has been a solid, mainstay around here for years with three direct daughters currently in the herd and her influence beyond that. She is tremendously easy- fleshing, super uddered and has an awesome, docile temperament. She now has a new home with great people at AKS Ranch. Her mating to Tip Hercules 99H was an easy decision as he is deep-sided and thick-made with lots of hair. His sire was a futurity winner and his dam, a very much proven cow. Proof of these embryos is in the full sib ULL3M.

3 EMBRYOS (EXPORTABLE TO CANADA)

Lot 21

sire: **HL SLC FIRESTICK 26J**

ULL FLINT 14F
HL MISS FAYET 30F

dam: **SLC XANADU 47E ET**

SLC OUTBACK 142X
CK XANADU 71X

Lot 21

Here is the chance for you to own some exclusive genetics! We purchased SLC 47E in the 2024 Gathering Sale. She is out of a direct daughter of CK Xandu 71X and SLC Outback 142X, both champions in their own right and elite genetics. We mated SLC 47E to the trending herdsire HL SLC Firestick 26J. This combination has a potential to produce breed altering progeny and something we are excited to offer for sale!

**Unger Land & Livestock
& Foursquare Farms**

Sire of Embryos - HL SCL Firestick 26J

HOW TO PARTICIPATE IN OUR DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING

1) Visit dms.ca and follow the link to the DLMS Farm Gate timed auction site www.farmgatetimedauctions.ca, click on the LOGIN / REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your username and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2) You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3) The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4) At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5) Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

For more info and assistance with bidding contact any of the sale contacts listed on the DLMS Website.

Internet Bidding Available

Mark Shologan 780-699-5082 or Purebred Team 780-991-3025

Terms & Conditions

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made.; no invoicing buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced on sale day. All monies are in Canadian funds.

Certificate of Registration: Each animal will carry papers issued by the Gelbvieh Association of Canada. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Pregnancy Information: All servicable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be use only as a guideline to calving and is not a guarantee of actual service.

Delivery: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail & Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance: We strongly recommend that insurance is purchased for full value.

Errors: All announcements at sale time, written or oral, supersede any written material in the catalogue.
