

FOUR BAR X RANCH BLACK ANGUS SALE

Bulls on display at the Ranch in Medstead, SK

APRIL 8 - APRIL 9, 2025
TUESDAY 10:00AM - WEDNESDAY 7:00PM

Timed Auctions Made Easy

WELCOME everyone from the Anderson family. First off, we would like to thank everyone who has supported our program in the past and look forward to our future business. Again this year, we have a number of AI sired bulls. Bulls we use that are consistent and multi-trait leaders. Our focus has always been calf vigor and early growth to weaning. Our walking bulls are picked or retained for their balance of performance and maternal depth, and highly maternal sound productive cows. Our sale bulls were raised on grass and milk until they were weaned on October 4th then placed on a high roughage diet to ensure longevity.

Feel free to come have a look at the bulls any time prior to the sale.

Kevin, Becky, Ty, Luke and Tiana

WEANING WEIGHTS WERE TAKEN ON OCTOBER 4, 2024

#1 sire for registration in American Angus Association for 2024. He is the \$500,000 high selling bull at the 2022 Connealy Bull Sale. He passes on his length, expressive muscle, and explosive growth. We find Craftsman is able to stamp all his offspring with consistency, both his bulls and heifers.

When I saw Bar None in the fall of 2022 in Billings I was impressed by how smooth and correct in his structure he was, and being backed by his elite mother HA Rito Lady 3839. The most complete bull raised at Hoffman Ranch.

Growth Fund is the No. 1 sire for registration in the Angus breed for 2023. We are very happy with our Growth Funds. They are consistent cattle with hair, fleshing ability, good growth, easy calving, and the daughters will be beautiful cows with excellent udders.

Stellar is a powerhouse individual with a proven pedigree and great maternal design. Stellar is a proven foot quality improver. He is a super thick topped and deep sided bull that transmits added substance, fleshing ability and muscle shape. They are rancher favourites to make females to improve the cow herd.

Hesston 233F was our high selling bull in our 2019 sale to Dale and Wendy Jacobson. We had the opportunity to purchase him back and continue on the Hesston line. Hesston sons are attractive, easy moving bulls with great feet and legs. His daughters are equally as good with a feminine Angus look.

We used Alaskan again to infuse the Alaskan maternal strength, hair, and structure back in. Some of our Alaskan daughters are getting to be 10-11 years old and are still going strong.

BREEDERS GUARANTEE

All animals are sold as guaranteed breeders as outlined by the CAA bylaws. No guarantee is given that a bull's semen will freeze. All bulls will be semen tested prior delivery. We reserve the right to draw semen on any bull. Guarantee does not apply to bulls injured, sick or uncared for. Under no circumstances shall the seller be liable for more than the purchase price of the bull.

25M is a powerful Stellar son that is backed by a tremendous cow. His dam 25H is an extremely long, fertile, feminine cow with lots of spring of rib and depth, with an outstanding udder. We retained 25M's full brother last year and has a very nice set of calves on the ground. He will give you heavy steers and top-notch replacement females.

130M is a long, deep sided, calving ease bull that we really like. He's got lots of hair, moves out good, and is very quiet. His dam 130E is an Elite cow that was picked out of the Sheidaghan sale last fall.
