

GLENNIE BROS. ANGUS

LONG YEARLING BULL & FEMALE SALE
DECEMBER 7 2025 | 2:00 PM CARNDUFF SK

5M

WELCOME

The Glennie Bros have been riding hard, rounding up a great set of bulls and bred heifers for your appraisal on December 7th. While all the cattle will be conveniently displayed sale day, this will be a video sale conducted in the comfort of our heated sale barn and DLMS will broadcast it live over the internet.

Come early, appraise the cattle and enjoy some good food before the sale.

J. Wes Glennie

TERMS AND CONDITIONS

PAYMENT TERMS: Cash or cheque payable to the Clerk of the Sale on sale day. US funds will be accepted at the rate of exchange used by the Royal Bank of Canada for Friday, December 5th, 2025.

TERMS AND CONDITIONS OF SALE: All cattle selling shall sell with a Breeder's Guarantee as set out under the Canadian Angus Association's Breeder Guarantee Guidelines.

DELIVERY OF CATTLE AFTER THE SALE: We undertake to deliver all cattle to all central sale barns or stockyard locations (or directly to the buyer's ranch or farm if it can be done conveniently) in Canada and the USA within a 300 mile radius of our farm.

SEMEN TESTING AND PREGNANCY EXAMINATION: All bulls will be semen tested prior to the sale date. For pregnancy status, see notes at start of bred females section and then refer to footnote for each bred female.

1:00 - 5:00 pm, cattle are available for your approval

SUNDAY, DECEMBER 7

Coffee and Doughnuts all morning

11:30 - 2:00 pm lunch and hospitality

2:00 pm sharp, sale of coming Two year old Bulls

Followed by sale of Registered Bred Heifers

ACCOMODATIONS

Western Star All Suites Hotel

(306) 482-1400

121 Diamond Road

Carnduff, SK

DIRECTIONS TO GLENNIE BROS. ANGUS

FROM CARNDUFF:

From Hwy 18 turn south at the east exit into Carnduff onto the Super Grid (Range Road 1331) and go 5.5 miles to the end of the pavement, then go 5.5 miles West on TWP RD 20.

FROM GLEN EWEN (WEST OF CARNDUFF):

From the old truck at the east end of Glen Ewen go 3.8 km east on Hwy 18, then turn south at railway crossing and go 2.4 km south to dead end, then east 2.5 km to Range Road 1341, then south 10 km to TWP RD 20, then east 0.5 miles.

FROM CARIEVALE PORT OF ENTRY ON CANADA/US BORDER:

Go north 6 miles on Hwy 8 to TWP RD 20 then west 13.5 miles.

BULL WINTERING

We are giving buyers of bulls from this sale the opportunity of having their bull(s) fed along with other bulls from this sale at a 3rd party location at a cost of \$4 per head per day with delivery to buyer arrangements to be made commencing at any time after April 1, 2026. Bulls wintered under this program will be at the buyer's risk and insurance is highly recommended.

As a 2 year old we used 16B on some heifers with good results. Impressive as a yearling, he has matured into a powerful herd bull with excellent feet and disposition. He adds muscle and scrotal development and his progeny are very correct. His dam is a very consistent producer with a nice udder with small teats.

4A is a moderate framed herd bull who matured out to 2450 lbs on the Precision Ag Scales at Carnduff. We started out using him on heifers as a yearling. He proved to be an excellent calver, retained his flesh well and with minimum care developed into a very fancy two year old. He is a free moving bull who we have come to use more heavily as time goes on. His dam is a very moderate frame cow who consistently produces top quality progeny.

Our first and second calf crops have yielded some very promising bull prospects that display 831's muscularity. A tremendous maternal pedigree and 831 is probably the most muscular Right Time son ever. A moderate framed bull with excellent feet, testicles and disposition. Owned with BJ Cattle Co., Del Bonita, AB.

53'08 daughters are now the backbone of the Wiwa Creek herd, one of the of the most revered herds of purebred cattle in Canada. After AI'ing to Monarch in 2016 we bought the youthful looking bull and he bred naturally here at 9 and 10 years of age. 53'08 is all about sound functional moderate framed cattle that last.

This good doing, easy fleshing bull was used lightly as a yearling but extensively as a 2 year old. You will see some real top bull calves by him in next years sale. We drew semen and the bull now works for Angus Ridge Farms, Jamie and Charlene Chapman, at Carlyle Sask.

Killarney demonstrated good calving ease in his first two calf crops. He is a good moving bull with quiet disposition, and a proud upheaved carriage. He easily retains condition and always surprises on the upside crossing the scale.

GLENNIE BROS. ANGUS LONG YEARLING BULLS

WEIGHTS AND MEASURES AND HOW WE DEVELOP BULLS TO DELIVER A BETTER PRODUCT

The weaning weights and yearling weights below each animal's pedigree in the catalogue are the actual weights.

Actual weaning weight day September 28th, 2024

Actual yearling weight day May 5th, 2025

We do not creep feed prior to weaning. At weaning the calves are started on brown oats and a supplement from Cargill.

With an appreciation for longevity and soundness we do not push our bulls to post big yearling weights. From May 2, 2025 we ran the yearling bulls on grass. On Sept 25, 2025 we started feeding them brown oats and a Cargill supplement. We like to see the bulls put on some condition prior to winter setting in. By sale day I think you will find the bulls to be in nice rig but not fat.

GOOD FOLKS TO DEAL WITH

GLENNIE BROS. ANGUS SERVICE SIREs

GLENNIE BROS. ANGUS BRED FEMALES

BREEDING INFORMATION ON BRED HEIFERS

June 11th to June 26th, 2025
Al'd heifers

July 5th to August 14th exposed
all heifers to HF Ingenious 128K

September 19th preg checked
heifers by ultrasound

Taking all of the above in mind
we noted the most probable
pregnancy status of each
female.

WEIGHTS AND MEASURES AND HOW WE DEVELOP HEIFERS

The weights below each heifer's
pedigree are the actual weights.

Actual weaning weight day
September 30th, 2024

Actual Yearling weight day June
10, 2025

The heifers are not creep fed
before weaning. At weaning
the heifers were taken to Tim
McMechan's feedlot and put on
a silage ration. They are well
taken care of. The heifers run
on grass all summer and fed
hay as required in the fall as
conditions dictate.
