Welcome to the fifth annual Heart of the Peace Multi-Breed Bull and Female Sale!

We would like to sincerely thank all those who have been instrumental in making our sale a success over the past 4 years. The support from our fellow cattlemen and interest in our programs is deeply appreciated by all our consigners.

With most of the Peace Country dealing with three consecutive years of drought, many cattlemen and women are reducing herds. The record high cattle prices have flamed optimism that our industry is thriving despite the challenges we all face. We remain hopeful that the weather produces favorable conditions this growing season!

The 2025 edition of the HOTP consists of a strong set of red and black Angus and polled Hereford bulls and purebred open heifers. We would like to welcome Murray and Nicole Sorensen and family of Sorensen Cattle Co., Debolt, AB. They bring a small but powerful consignment of yearling black Angus bulls to the sale.

We encourage you to contact the contributors to set up an in person viewing at a mutual convenience. Online sales offer many benefits, and we are happy to host potential buyers to view our sale animals along with potential to preview the herd of origin for additional piece of mind on your purchases. Each lot will have a video to view on the DLMS website farmgatetimeductions.ca.

All bulls will come with a satisfactory semen test and all animals will fall under their respective breed guarantee. We encourage adding insurance to your purchases following the sale and discuss delivery or pick up options with the contributor.

WHAT YOU SHOULD KNOW ABOUT DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.

2. After you are at the FarmGate Timed auction site - farmgatetimeductions.ca, click the LOGIN/REGISTRATION button.

First Time FarmGate Users

First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate from your DLMS Live sale site account).

After you create your FarmGate account you will receive a text message with a pin code to verify your account.

On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning FarmGate Users

If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

How to Bid

Now that you are logged in and your account phone number/email is verified, you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

Place Next Bid - to place the bid on the animal, you see the amount in the first box, you simply click the Place Bid button and after you review the bid and agree to the terms and conditions your bid will be placed.

Max Bid Amount - to place a max bid, you put your max bid in the second box listed as Max Bid on the animal, and then click the Place Bid button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the maximum amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works: If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you. If someone else bids \$2200, the computer will again bid for

Timed Auctions Made Easy

you - this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective. You will no longer have the winning bid on this lot without once again logging in and bidding again, or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot, competing against each other.

Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch without having to scroll through the entire list, you can add the lots to your watchlist. On each lot you will see the "eye" button beside the bid button. Clicking this "watchlist" icon adds the animal to your personal watchlist for easy viewing of only your favorite lots in this sale or on the entire site.

Sale Ending/Closeout

Most FarmGate Timed Auctions close racehorse style with extended bidding.

Racehorse Style Sale Close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone to extended bidding.

When we get to the close out end time the clock for close extends with any bid placed with less than 5 minutes on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

Bidding Close & Follow-Up

After the clock has gone to **ENDED** and no bidding has occurred for 5 minutes, the computer will declare the sale finished. Following the close typically within 24 hours of the sale close, the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/pick up your lot. As the winning bidder you can contact the sale consignor/sale manager to confirm payment instructions.

Please make sure your account info is up-to-date and correct if you are the winning bidder of a lot as this how the billing is sent to the sale manager and/or sale consignor.

Woking, AB

780-518-2643 Serena

ms_hay@outlook.com

We would like to take this opportunity to thank everyone who has shown interest in our program, whether by purchasing, bidding or reaching out to chat about our cattle.

Each year we strive to improve our genetic base to meet the growing and evolving demands of the commercial cattle industry. We are cognisant of the continuing trend of red necks with high pigmentation on herd sires while still holding true to our traditional style the buyers know and love. Unfortunately, the market still skews away from the more traditional feathered markings on the necks of Hereford cross livestock, so we strive to reduce that impact on our customers and optimize returns with strong pigment patterning.

Seven of the eight bulls in this sale are full red necked and all are pigmented. We are featuring bulls that will increase your calving ease and bulls that will increase power in your herd. This year we are also offering 5 open purebred heifers from the top cow families in our herd.

Please feel free to contact us prior to the sale as we would be happy to host you at the farm to tour our offering.

For sale updates and additional photos, please check out our Facebook page "Rebers' Polled Herefords".

LOT 1

80	724		2.5	56.7	85.2	24.7

Massimo is out of our LSF Upstart herdsire. These calves were all extra vigorous at birth and built for calving ease. This guy would work great on heifers without sacrificing performance. He is also red necked with a ton of pigment. A maternal brother sold in last years sale to Warren and Marcia Day.

Take note of this guys birth date, mid June born out of a beautiful top producing cow. If you're looking for a heifer bull that will handle a larger group, this is your guy! Another full red necked bull with goggles, Lefty has a small birthweight and as he's matured he has developed into an extremely stout bull. You have to admire the muscle shape this guy boasts when you look at his rear quarters and the width over his top.

BINKS ANGUS FARM

Evan & Melanie Binks
 Grande Prairie, AB
 780-518-2020 Evan
 binksangus5@gmail.com

Located just 10 minutes east of Grande Prairie, we have had the great pleasure of raising our 3 children in the country way of life. Now as empty nesters with 3 grand children we realize just how blessed we are. If the last few years has taught us anything, it's how important friends, family and community are.

We want to take this time to thank all of our fellow contributors in this 5th annual Heart of the Peace Multi Breed Sale, and to thank all of our past supporters.

Evan grew up showing purebred Hereford cattle in 4-H and local fairs around the Peace Region. When our girls, Jaeden and Madisyn, got into 4-H with heifer projects they chose to get purebred Angus. This is where all the fun began again with the cattle!

Most of our herd is genetically linked back to the first blood lines that our girls used in 4-H. With the extensive use of artificial insemination in the early years, we have built a very reliable herd of red and black angus. The traits we focus on are good feet and legs, conformation, docility, calving ease, and the ability to perform at weaning time.

All of our bulls and heifers in this Heart of the Peace sale this year are sired by RED LBL MULBERRY 12B 3K of the highly respected Lazy B Livestock Angus herd. This sire is what I would consider to be a little bit Country and a little bit Rock and Roll!! Plenty of calving ease and yet lots of weaning weight to put dollars in the bank at sale time! We realized a few years back that when 8 out of 10 people calling for Angus bulls were looking for "Heifer Bulls", it only made sense to make this a priority. As a result, this shift in prospective has made for the easiest calving seasons we have had.

Binks Angus Farms is honored to have partnered with such a great group of like-minded cattle producers in this Multi breed bull and female sale.

For your convenience Lazy B and Binks Angus bulls and heifers will be all together for viewing at Binks Angus Farms. Come pick your next Angus herd sire!

lazyblivestock.com

We would like to welcome you back to the 5th annual Heart of the Peace Bull and Female sale. We are once again very excited to share with you our finest bulls that strongly represent our program.

We have 10 bulls on offer with 6 different sires and if you are looking for an Angus bull we are positive we have something that will work for your operation. We raise our Angus cattle keeping in mind ease of handling and safety without jeopardizing the fundamentals; structure, growth potential, calving ease and fertility. We believe that tie and halter breaking our bulls will benefit your operation by producing predictable and profitable cattle. We are very hands-on with our animals by visually heat detecting and AI-ing without the aid of a sync program. At the end of May the tank is put away and the cattle are exposed to reputable and calving ease sires.

Our bulls on offer will be tie broke, parent verified and semen tested. All our bulls have been hand fed, hand groomed and accustomed to people and dogs. Please feel free to reach out to us with any questions about our program or tour through the bulls on offer. Once again the photos in this catalogue were taken Dec 29, 2024. Videos will be taken the first part of March for viewing on DLMS sale day.

We would also like to give a shout out to RancHER Designs for the sale books, Kyle Klassen for the photos/videos as well as our Sponsors. Your support matters. ~Melanie & Trevor

SAV Renovation is a bull used to improve maternal traits and solid body composition. His progeny are reporting added performance in the bull calves and an attractive look in his females. LBL Renovation seems to be following in his sires footsteps, being square, deep and soft sided from top to bottom. With a BW of 83 lbs and a WW of 830 lbs, he will give his new owner a lot of options.

When I went shopping for semen, I gave Lee Wilson from Miller Wilson Angus a call. He hooked me up with his DMM Rolling Stone 10G semen. They have had a lot of his progeny hit the show ring and they are simply impressive animals. 10M did not disappoint. He has a very square stance with some hip, soft sided with a tonne of middle. Be sure to have a good look at this bull as he will make a great addition to any herd.

Another big solid framed bull out of our 11G, Crystal cow family. This alert, attractive SAV Jesse James son, is a big framed animal with a lot of power and structure. Jesse James is a Renovation son known for his stellar phenotype, powerful performance, herd changing properties and breed impacting potential. Look up this sires pedigree and you will find iconic names in the angus breed such as Renown, Renovation, Blackcap and Traveler. Take a look at this bull if you are wanting to add some leg and power to your herd.

Here is another big framed bull out of SAV Renovation and our 61Y matriarch cow. If you have been following Lazy B Livestock you will know that this Hoover Dam cow has been knocking it out of the ballpark for us since 2012, when we purchased her from K-Cow as a heifer. With over a dozen progeny, this cow has had a huge impact on our business and she is still going strong. It stands to reason that we expect nothing less from LBL Reno 61Y 17M.

Out of our former herd sire, 20M is very evenly made with lots of presence to him. 20M gets out and moves with a smooth shoulder, balanced and sure footed. We believe he is built for calving ease and will give you lots of options. His dam is one of those Blackbird cows that keeps on giving at Lazy B. Be sure to watch his video or see him in person prior to the sale.

Sawyer is the only red bull we have on offer. When we acquired a friends semen tank there was some 1990 semen in there, Red Brylor Sawyer Brown. What we got was a big frame, lots of leg, a very slick front end and smooth throughout the shoulders, well balanced and square footed bull. So, what worked in 1990 still holds true today. Check this bull out for your RED requirements.

SORENSEN CATTLE CO

Murray & Nicole Sorensen
 Teepee Creek, AB
 780-832-1189
 nicklefritz@hotmail.com

Welcome to the Heart of the Peace Bull and Female Sale.

We would like to share how excited we are to be consignors in this year's sale. We run a mixed farm operation in Teepee Creek, AB with our 3 young sons consisting of sheep, pigs, turkeys, grain and cattle.

Our journey in raising purebred black Angus cattle started 10 years ago. We feel the foundation to every great herd is investment in the mothers. Even though our herd is still small, we have every confidence in our cows. We are very adamant in our cows having nice udders, good feet, good temperament and being able to raise consistent animals.

This year we chose to acquire some embryos from some good friends in Ontario from some very reputable females in the Angus industry. Along with growing our herd around these genetics, we feel we have taken a step forward this year with some new bull power.

We were very excited to be able to be part owners of DMM Snapback 13L (son of the great donor cow 105A) with Miller Wilson Angus. They have been great mentors to us. We also added RLP Jester 21L from Pieschel Farms to our herd this year (a son of the great Cheetah 15X cow). We look forward to seeing what these genetics do to our herd and are always looking to improve.

Stop by the farm anytime to tour the herd and look at the bulls, coffee is always on.

We split a flush with Lyndon Manor Farms, the maternal grandam of these bulls was the great Baldridge Isabelle Y69. Anyone involved in the Angus industry will know that cow. We were very excited to be able to share in this flush. Glen flushed her to EXAR Stock Fund 9097B a son of Deer Valley Growth Fund. Glen said we would be happy with this flush and he was right.

Out of the 7 embryo calves we got, the 5 bull calves are almost identical. They bring the calving ease and growth. These bulls will not disappoint you. They have been favorites from the beginning as well and they are quiet. These two have had halters on them and were apart of the Pen of 3 bulls that attended the Peace Country Beef Congress in Grande Prairie in January. Stop by and take a look at these guys.

This bull has been one of my favorites from the start. Coming from the Meadow Bridge Angus program he's a stout son of the prolific SAV Resource 1441 x PFLC Pure Pride 16B. If we didn't have so many cows here already with the Resource blood line, he would be staying right here. He will add the pounds to your calves in the fall and you will want to keep the females for your replacement pen.

This larger framed heifer is the first offering from our newest herdsire LSF Upstart. The Upstart calves are very easy calving and vigorous at birth. This cow family is very prolific throughout our herd. The "Covergirls" are not ones we ever part with. Since we have so many in the herd and with too many in our replacement pen we thought we'd let one go!

This is the most powerful heifer I have in the group today. She's very clean through the front, straight legs, thick through the body and well balanced all the way around. Performance out the ying-yang - don't overlook this one. She's got style for the show ring and for the pasture. You NEVER lose money on these kind of cows. She weaned off at 742 lbs.

TERMS & CONDITIONS

TERMS The terms of the sale are cash or cheque payable at par to sale consignor at the farm within 7 days of the sale or at delivery unless satisfactory credit arrangements have been made previous to the sale with sale manager. The right of property & delivery shall not pass until after settlement is made. **BID** Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder. **DISPUTES** In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the computer accepted the last bid. The online auction company's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time. **ANNOUNCEMENTS** on the sale page will take precedence over printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY Each animal will carry papers issued by the applicable breed association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made. **DELIVERY** Every assistance will be given in making shipment after the sale, but no risk is assumed by Sales Management or Sellers. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

INSURANCE Agents will be available to insure your purchases. Animals returning to the consignor's farm must be insured.

GUARANTEE All animals in this sale will be sold under the terms and guarantees set forth by the applicable breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management or Sellers assumes any responsibility in this matter and disclaim any liability legal or otherwise in the event of accident or loss of property.
