# *Welcome to our 15th Annual Production Sale*

Well, 2024 is behind us with a number of challenges. It's always disappointing to see the crops dwindle away in the heat we had last summer. However, we made it through with enough feed and some encouraging things happening on the cattle front.

We pulled more than usual numbers out of our bull offering to use in our own herd so sale numbers are down a bit, but we are still committed to producing quality ranch cattle with the hair and performance we think is necessary to move the cattle business where it needs to go. These are hands off ranch cattle that will thrive in a host of conditions, whether or not they are optimal.

We encourage you to watch the videos on DLMS, and if you are not able to attend the sale in person you can bid online or be in touch with us.

Lunch will be served beginning at 11:30 am on sale day with the sale at 1:00 pm MST. Come early to view the cattle and discuss what you need or want for your herd.

---

## *The Next Generation*

# General Information

*Date & Time:* The sale will begin at 1:00 pm MST on Tuesday, February 11, 2025

*Location:* The sale will be held at the Holloway Sale Barn located at 13215 Secondary Highway 599 east of Castor, AB.

*Site Unseen Program:* If you can't make it to the sale, please let us know and we will go over the sale cattle together. If you wish to bid, we will have a representative do so on your behalf within your price range or you may view the sale through **DLMS** and bid through DLMS or by phone.

**Sale Day phones: 403-740-0380 | 403-331-0611 | 403-376-2282**

*Health:* Cattle will be sold in compliance with the health laws of the Province of Alberta. This is a tuberculosis and brucellosis free area. Females are all vaccinated for IBR. All sale cattle have been treated with Ivomec. All bulls have been vaccinated for foot rot and semen tested. Horned sale animals are dehorned with paste at birth. There are also a good number of polled animals in our herd.

*Warranty Program:* For 10% of the purchase price we will warranty your bull by replacement or refund during the first breeding season.

*Terms:* Terms of sale are full cash payment sale day, unless prior arrangements have been made with Les. Animals are the buyer's responsibility as soon as sold. We are continuing the warranty program started by request a few years ago. We will, for a 10% fee, work with you to replace a bull, loan a bull, or refund the purchase price of any bull not performing satisfactorily during the first breeding season. We are asking that any animal being left at the farm for any length of time be on this program. We will continue to work with you on flexible delivery times. There may be a nominal fee for boarding.

*Insurance:* Insurance can be arranged through Stockman's Insurance at 403-501-1326 or Maureen Balog at 403-320-1980

*Announcements:* Announcements from the auctioneer supersede any printed material.

*All Persons:* All persons attending the sale do so at their own risk. Owners and management assume no liability, legal or otherwise, for any accidents that may occur.

*EDDs:* Accurate at time of printing.

 HOLLOW C57Y AMY 55B

*This bull has about as much performance as we have. As we're writing this (about Christmas time) he tips the scale at a ton with scrotal development of 41cm. Although we could probably go back and get it done, this bull is not registered because his mother was accidentally deleted from the herd and we didn't go through the hassle of putting her back. He has a great pedigree with 38B on the top and 57Y on the bottom at the cow side. Not to mention that 18H, the Calgary Champion is his sire.*

 CC 14N SARAH 125X

*This is the second year we have used 32K on heifers. We are very happy with his first crop. He has produced one of our strongest sire groups and all out of first calf heifers. 32K is a nice, blocky short marked bull.*
