

JENSEN   
RED ANGUS

MARCH 28, 2025 • 1:00 PM AT THE RANCH • LEADER, SK

SELLING **59** YEARLINGS & **17** TWO YEAR OLD BULLS

# WELCOME

First off, thank you to everyone that supported our first sale last year! Whether you bid, purchased, or just attended you are all important to us. What a tremendous amount of support from so many of our old customers and so many new ones as well! We appreciate your interest in our program. Also a big thank you to our auctioneer, our ring men, Castlerock Marketing and our friends for a job well done.

We have 200 home raised purebred cows, therefore there are many large cow families which produce a very uniform set of bulls. We consider our herd to be very maternal and the daughters of these bulls should make awesome replacements. There is also plenty of performance to push the scales down on the steer calves. Jensen Red Angus is also home to 120 commercial red angus cows so we understand how important it is to sell calves by the pound. We have been foot critics for over 30 years and the proof is in the cow herd and the bull pen. These cattle and bulls have all been handled on foot, on horseback, by dogs and on quads, which is an important versatility here at the ranch.

Our cows are moderate in size 1300-1400lbs and seem to thrive well in these short grass river hills. We always say the cattle here survive on sagebrush and scenery, but at least this year it was green!

We look forward to these great cattle prices continuing for years to come and to welcome new and old faces back to our 2025 sale! If you are new people to the ranch please come and introduce yourself!

Give us a call to come view the bulls and cows prior to the sale! If you can not attend sale day you can bid live on DLMS or contact any of us or our sales staff. We would be happy to help.

Satisfaction Guaranteed. We look forward to seeing you sale day.

Jensen Red Angus  
Bob & Jill Jensen  
Tee, Melissa, Elsie Jo & Sis Jensen

CRM

The 2nd Annual Jensen Red Angus Bull Sale is here and they have another exciting offering in store for you! A great ranch family dedicated to raising cattle as good as they can and when I mean dedicated, I mean dedicated. Nothing is spared when it comes to presenting a quality product that is backed by years of private treaty sales and fine tuning what works in an arid environment but also for you their customers situations as well. The time and efforts and hours spent sourcing future genetics and cultivating customers is admirable. If you know the family you know they're passionate in all they do. You will also know their smiles and laughs you will have with them wherever you might find them. Business is to be done of the highest level of integrity and they take their jobs seriously in providing genetics for your herd. Be sure to stop at the ranch ahead of time to go through the cattle and find the ones that will best suit your operation. If you have any questions regarding the offering be sure to reach out to Bob, Tee or Mark and I at Castlerock Marketing.

See you sale day!

# REFERENCE SIREs

**RED JENSEN RAZOR 23H**

We liked 23H's sire so much and didn't think we could get enough of these genetics in our herd with just one bull, so decided to use 23H and get more females and larger cow families. His mother is a great cow that never seems to miss. We have several daughters of hers in our herd! The proof is in the females, she is also a daughter of BJT 367A who is the mother of BJT Distinguished IH who resides at Solderglen ranches!

**RED DKF RAZORS EDGE 20F**

We bought the pick of the DKF Red Angus bull pen at Red Roundup back in 2018 and this was our pick! We loved the stoutness and deep cherry red colour of this bull as well as his awesome hair coat! His biggest attribute was a tremendous black foot with a ton of heel. He has passed all these traits on to his progeny. We have many daughters who are now calving. They have beautiful udders with lots of milk and have that real broody cow look to them!

**DKF DISTINGUISHED 16D**

We admired this bull at Agribition and purchased him as a 2 year old at Red Roundup. Scott and Tina have done a great job on their cow herd in tough country. We felt this bull would easily adapt to our country and he did just that! We have crossed these daughters with 20F and 23H and they have complimented each other very well. The 16D daughters are great footed with a beautiful feminine look that makes for some very attractive cows!

**RED JENSEN DISTINGUISHED 1H**

This is our high selling bull we sold to Solderglen Ranches in 2021 and kept a semen interest in him to utilize through AI! His mother has many daughters and grand daughters in our herd and at 10 years old is still going strong and looks terrific! Although the AI only produced one bull last year and the rest all heifers, we feel his son BJT 19H deserves a very close look. 1H is producing calves with lots of performance and a nice moderate birth weight!

# REFERENCE SIRE

**RED MOOSE CREEK FARLEY 6IH**

We bought this bull for our heifer program. He was the \$30,000 dollar high selling bull in Moose Creek's 2021 bull sale! Moose Creek has bought an interest back in him and used him last summer after we were done breeding! Low birth and tremendous growth is Darren's motto! We are calving our first set of daughters out of him and I can tell you we need more of them! Dark cherry red with great black feet another of 6IH's strongest traits.

**RED JENSEN MONARCH 5K**

5K is a bull that we are very fond of. He is a unique breeding piece that encompasses moderate birthweight and great growth and performance! His dam 404B is a standout type of cow moderate; in size with a beautiful udder and tremendous foot structure. She may be the most fertile cow on the place and always calves within the first 10 cows every year! We aquired semen on his sire (MONARCH) after seeing him at 6 years old and sound as a dollar working at Soldergren Ranches! We felt implementing that type of fertility and longevity back into our herd was something we couldn't pass up! When our good friends at McKenzie Ranch saw 5K in the bull pen that spring they jumped on the opportunity to buy a half interest in him! He has seen heavy use over the past 2 seasons between the two of us and handled it with ease! A great sire option if your looking for low input type cattle that pay there own way!

**RED ALLISON ELYSIUM 80J**

(co owned with Diamond T Cattle Co)

We could not be more excited to own this bull in conjunction with Diamond T cattle co! Ely was one of the most sought after bulls in Allison farms 2022 bull sale and possibly one of our best purchases to date. With our 2nd calf crop now on the ground its amazing to see the style and consistency he is putting into his calves! We feel this bull is one that is going to move our program forward in more ways than one! His daughters are popular among visitors and ones that we cannot wait to get into production! His sons are at the top of their class and boast many of their fathers traits! Elysiums herd bull presence and rib shape, coupled with length of spine and skull shape make him a big time game changer! His sire Black Wheel Dracarys 86G has an incredible production record with his daughters averaging \$19,000 at some of the most elite female sales in Canada! We unfortunately lost this bull the fall of 2022 and his progeny will be very limited.

**RED SVR RELIABLE 87H**

We needed 2 heifer bulls in 2021 so we bought Mission Statement and he hasn't let us down! One of our go too heifer bulls out of a great Freyja female at South View Ranch! Smooth made with a great foot. His sons should calve heifers like a dream!

CALVING EASE IS AVAILABLE ON ALL SALE BULLS.  
CALVING EASE IS NOT REFLECTED IN THE BIRTH WEIGHT OF THE BULL.  
ASSISTED CALVING IS NOT TO BE EXPECTED IN NORMAL CIRCUMSTANCES.

**DAM 80IF**

Red Jensen Elysium 62M is the type we strive to make! Although it's no easy feat, the stars seemed to align on this one! When we bred Elysium to 80IF, one of the most phenotypically correct females on the place this is exactly what we dreamed would happen! His strong smooth design ties in exceptionally well with his tremendous bone and massive rib shape! He boasts the typical beautiful head shape the Ely progeny have and carried tremendous testicle development. This bull is no fluke, his pedigree is stacked. A paternal brother was one of the top sellers in Canada last year at Allison Farms annual bull sale for \$115,000 and his Dam has placed our high sellers in 2023 and 2024 in the hands of some top pure bred outfits in the country: Janzen Ranches and Heart Valley Angus. I can promise you this guy is worth the drive!

Here is a meat machine! He has tons of hair, is big barreled and will make a very powerful bull. His style and presence demands your attention! His sire Red Jensen Monarch 5K is Co owned with our good friends at Mckenzie Ranch in Delisle SK! This dark cherry red stud has herd bull written all over him! He was the 3rd heaviest bull at weaning time, couple that with tremendous testicle development and a solid black foot you are gonna want to pay attention to this guy when the bidding starts!

BJT 42M's mother was part of our pen show heifer group a few years back. She was a stand out then and still is today. She is a tremendous cow, the kind you can never get enough of! The maternal side of this pedigree is incredibly strong, and cross that with the Razor 23H, I will guarantee you this bull will last a very long time!

After many requests from customers, we added a two year old program to our operation in 2024. It was so well received that we are excited to bring you another exceptional offering this year! Each year we have selected a cut off birth date to be kept back for the two year old program. As yearlings, these bulls are wintered separately where they are fed a modest silage based ration then grazed on rugged summer pasture with nothing more than a mineral tub and grass. With the additional size and power of these two year old bulls, we also make it a priority to ensure they are both horse and dog broke. We would like to make a special note that any yearlings culled from the yearling sale pen are not held for two year olds. These bulls are specifically selected by age, no exceptions.

## **DIRECTIONS TO JENSEN RED ANGUS**

North side of South Saskatchewan River Bridge  
13 kms East (Watch for Signs)

### **FROM LEADER**

Travel North on Highway 21 for 11 kms  
Cross the bridge and turn East at the first road  
Follow the gravel along the river for 8 kms  
The road will curve North around a pivot at 5 kms  
Then you will turn back East and continue on

### **FROM EATONIA**

Travel south on Highway 21 for 20 kms  
Turn south on Montgomery Landing (RR3252)  
Follow heading south for 6.7 kms  
Turn East at the yard just before the river  
Follow the road across cattle guard for 3.9 kms  
Must cross the river bridge at Highway 21 only  
(there is no river crossing on RR3252)

# TERMS & CONDITIONS

## **TERMS**

The terms of the sale are cash or cheque at par. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate of exchange. This sale will be conducted under the terms and conditions of the Canadian Angus Association.

## **BIDS**

Every animal entering the ring will be sold to the highest bidder.

## **DISPUTES**

In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

## **ANNOUNCEMENTS**

Any changes from information in this catalogue will be announced from the auction block; such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.

## **PURCHASER'S RISK**

Each animal becomes the risk of the purchaser as soon as sold.

## **CERTIFICATE OF REGISTRATION**

Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full and total payment has been made.

## **ACCIDENTS**

Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, Castlerock Marketing Inc, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

## **LIABILITY**

All persons attending the sale do so at their own risk; sellers and/or sales management and/or any of the sales staff assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.

## **INSURANCE**

Livestock insurance and/or transit insurance will be available.
