Murriale
HERITAGE

**PUREBRED SHORTHORN &
COMMERCIAL BRED HEIFER SALE**

VIA DLMS FARMGATE TIMED ONLINE SALE

Welcome!

Welcome to the 5th Annual Muridale Heritage Sale! We are pleased with this group of heifers for the 2025 edition of our bred heifer sale. We are honoured that a large group of our cows have been awarded Performance Dams from the Canadian Shorthorn Association and recently received the Performance Award from the American Shorthorn Association. The dams of these bred heifers are those hard-working cows that perform.

Our breeding program emphasizes profit. Understanding the importance of structural soundness for longevity and selecting genetics to ensure these heifers maintain their body condition. For our heifer breeding program we prioritize low birth weight genetics, utilizing proven calving ease bulls specifically designed for heifers. You can buy with confidence, knowing these heifers are bred for success.

We invite you to visit and see the cattle for yourself. Videos of the sale heifers will be available on our website, www.muridale.com, and on DLMS/FarmGate. If you have any questions, please don't hesitate to reach out.

Timed Auctions Made Easy

Terms & Conditions

LOCATION & DATE

The sale will take place exclusively online on DLMS Farmgate timed online sale at DLMS.ca, Wednesday, December 3, and Thursday, December 4, 2025. All sale animals will be available for viewing in person on the farm near Swift Current, SK. Please contact for directions.

TERMS

The terms of the sale are cheque to Russell Muri or e-Transfer to rbmuri@gmail.com. Announcements from DLMS Farmgate will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDS

All bids must be placed online through DLMS Farmgate.

GUARANTEE

The standard guarantee as endorsed by the Canadian Shorthorn Association will apply.

INSURANCE

We strongly recommend that insurance is purchased for full value of animal.

DELIVERY

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

HEALTH

Heifers have been given Ultrabac 7 and Bovi-Shield Gold twice as calves and Bovi-Shield FP 5 before breeding last spring. The heifers were given Ivomectin this fall.

U.S. BUYERS

USA buyers will be charged the cost of exporting once determined. We will assist in arranging transportation at buyers cost. We will guarantee that your heifer will be eligible to export to the USA or we will refund your money. Please check with your state vet for health requirements before the sale.

Muridale Robert 35U is a proven calving-ease sire backed by the influential Saskvalley Bonanza 219M, a bull recognized for breeding consistent quality across North America. Robert has been used successfully on heifers in many herds, with a CED EPD ranking in the top 4% and a BW EPD in the top 10% of the breed. His progeny are known for their structural soundness, balance, and early vigor. Daughters display excellent udder quality, fertility, and easy-fleshing ability, making them valuable foundation females in both seedstock and commercial herds.

Muridale Jaxson 4A combines the performance and consistency of Muridale and Saskvalley bloodlines. He sires eye-appealing, deep-bodied calves with natural muscle expression, fleshing ease, and exceptional docility. Jaxson's progeny exhibit the kind of balance and volume that make them equally at home in show rings or on the range. His daughters are admired for strong maternal instincts, tidy udders, and longevity, maintaining the practical traits the Muridale program is known for.

PICK OF HERD FLUSH

*Selling one buyer's choice flush
Flush to take place in June 2026*

We are opening our gates and giving you an opportunity for a pick of our herd for an embryo flush. These cows are just a sample of what you can choose from.

The sire of the flush is Buyer's choice. We are also offering sires from our AI tanks.

Choose from many notable bulls, such as:

- SASKVALLEY BONANZA 219M (Only Canadian Qualified)
- MURIDALE BUSTER 14K
- MURIDALE THERMAL ENERGY 15A

These bulls have left a legacy of powerful females. We guarantee 6 embryos, and the buyer will cover the cost of the flush.

CONTACT US FOR MORE DETAILS.

Pen of 3 - Blue Roans

Shorthorn Sires
Angus X Dams

Beauty and brawn, these heifers have the power and the flash to not only make great cows but look doing it.
Bred to white shorthorn bull due April 1st.

Pen of 3 - Reds

Shorthorn Sires
Shorthorn x Angus Dams

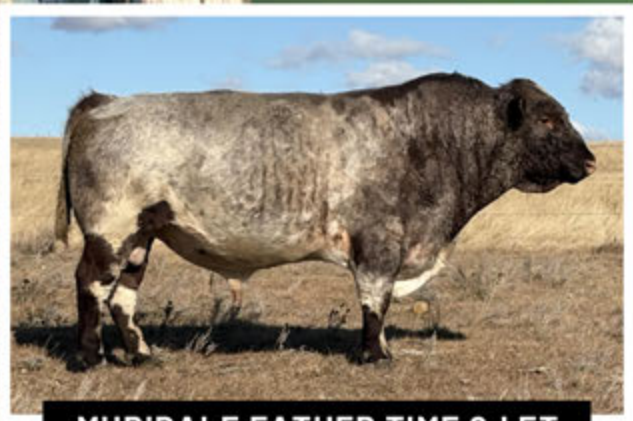

Something a little different for Agribition, this pen of solid red heifers are big and powerful, selected from the very top of the heifer pen. Bred to a Burnett black angus bull, due April 1st
