Scott, Mia, and Luke Turner

It is our pleasure to welcome you to the Annual Peak Dot Ranch Fall Bull Sale. Our program, since its early beginnings, has always been committed to producing bulls for the commercial cowman.

The coming two year old bulls in this sale are developed and managed exclusively for this event. They are never pushed and are grown out to be fertile and problem free. Several of the bulls in this sale are low moderate birth weight bulls and come recommended for heifers. The bulls are penned and sorted by sire group with many groups of half brothers and three-quarter brothers available for a more uniform and genetically consistent calf crop. Good honest cattle, repeat customers, long-standing relationships and real genetic value is what we want to produce.

Please note that years Fall Bull Sale is a Online Timed Auction. Everyone is welcome to come view the bulls anytime prior to the sale at the ranch. If any one has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The growing success of this program is driven by the disciplined manner in which it is handled.

You can count on the cattle you purchase from this fourth generation family owned ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program.

How to Participate in the DLMS Farm Gate Timed Auction with Extended Bidding

Timed Auctions Made Easy

1. Website

Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the Farm Gate Timed Auction Sale page.

2. Login

After you are at the Farm Gate Timed auction site: farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button.

First time Farm Gate users:

First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (Please note due to some of the text notification features the Farm Gate Time Auction Site requires a new separate account from your DLMS Live sale site) After you create your Farm Gate account you will receive a text message with a pin code to verify your account. On your first login to Farm Gate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning Farm Gate users:

Now that you are logged in and your account phone number/email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

3. How to Bid

Now that you are logged in and your account phone number/email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

Place Next Bid

to place the next bid on the item, you see the amount in the first box, you simply click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed.

Max Bid Amount

to place a max bid you put your max bid in the second box listed as "Max Bid" on the item, and then click the "Place Bid" button and after you review the bid and agree to the terms and conditions, your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller.

Example of How the Max Bid Works

If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if someone else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

4. Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list, you can add the lots to your watchlist. On each lot you will see the "eye" button beside the bid button, by clicking this "watchlist" Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

5. Sale Ending / Closeout

Most Farm Gate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding works?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

6. Bidding Close & Follow-up

After the clock has gone to "ENDED" and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidder you can contact the sale consignor / sale manager to confirm payment instructions.

Mohnen **Stability**

Selling Ten 10% Exclusive Semen Interest and Revenue Shares

Mohnen Stability...

Selling Ten - 10% Exclusive Semen Interest and Revenue Shares

Peak Dot is retaining possession and a 1/3 semen revenue share. Peak Dot will not receive any semen revenue until after all the partners are fully paid back their original investment.

Mohnen Stability - one of the top bull prospects to sell this year when he sold for \$82,500 in the record breaking 2025 Mohnen Angus Bull Sale to Peak Dot Ranch. He is an ultra complete sire with balance and performance. He posted a 954lb weaning weight and a 40cm scrotal and comes with breed leading EPDs. It is not very often you get a bull this deep, this thick, perfect feet, wide topped being a +1.13 on marbling. He gets out and moves perfectly in his track. He is wide hiped, wide pinned and we just really like this bull a lot. He is going to leave some nice females. Stability is a bull you can build around. Just like with anything you build or construct you want to start with a strong, stable foundation. Stability is back by tremendous females. There are so many great females in this bulls pedigree top and bottom. His dam Mohnen Madam Pride 3189 is a powerful donor. She is the #1 daughter of Confidence Plus in the entire breed for scrotal EPD. She is just a gorgeous female with phenomenal udder qualities and exceptional feet. Her Pathfinder dam SAV Madame Pride 5290 has sold over a million dollars worth of progeny and has a weaning ratio of 108 on her last six calves.

"A few years ago we decided to sell semen shares in Gable. It worked out very well for everyone involved. Exclusive Gable progeny went on to top several sales for many of the Gable partners and Gable is currently one of the most in demand semen sellers in the USA. We feel that Stability is the next generation sire to follow Gable and we look forward to working with our new partners on promoting this up and coming superstar"

Stability has put up a large bank of semen which will be available immediately after the sale to the new partners!

Profound Bulls...

Peak Dot Profound 1018G *Peak Dot Reference Sire*

A standout from the 2021 Spring Bull Sale selected by Hillcrest Enterprises. Profound 1018G is combination of power and performance with added length, thickness, muscle and pounds. A bull with very good feet and top ranking hoof EPDs backed by two consecutive generations of donors made this bull a must use back in our program. He was the heaviest bull of his flush where he earned a 205 day weight of 891lbs and yearling weight of 1600lbs. The progeny of Profound 1018G are performance type cattle with extra volume and added rib shape.

Ponderosa the bull that is on the radar of the Angus World and already has begun to write his own chapter in Angus History. He started as the popular high selling bull out of the 2023 Schiefelbein Farms Bull Sale where he was regarded as the thickest Angus Bull in existence. He went on to set new records every time his semen sells and the demand and momentum continued on with Ponderosa embryos selling for \$3750 per embryo in past sales. Never before has there been a time or a push in history to get back to good functional, deep-bodied, correct cattle. Ponderosa is leading the charge with his mass, performance and fleshing ability while adding style and balance.

"Gable is a big bodied bull that excels in every trait including looks!"

Schiefelbein Gable 311 the \$90,000 Sale feature from the 2022 Schiefelbein Farms Sale selling to Peak Dot Ranch. Gable 311 is a true breeders bull with a flawless EPD package, stunning looks and an outcross pedigree. As we enter the stage of the cattle cycle where retaining females is a must Gable 311 is the best option for doing such a thing. His +100 \$M combined with +20 EPD for Heifer Pregnancy rank him in the very top 1% of the breed. Two very important traits. He ranks in the top 30% for 12 of the 13 major traits including top 1% for WW,YW,HP,DOC & \$M. Combine that with double digit calving ease and a light birth weight along with a \$C in the top 2% of the breed. Gable 311 is a big scrotal bull with a nice look and loads of rib, great hip and a big thick butt. His young dam Frosty Elba Lizzy 5569 boost outstanding EPDs and is quickly climbing the ranks in the Schiefelbein herd. His grandam Frost Elba Lizzy 3565 is a pathfinder cow with a proven track record.

Lancaster is a rugged built stock bull with true muscle definition, extra rib-shape and real performance. He was the featured lot 2 bull in the Spring 2020 Bull Sale selling to Glasman Farms for \$56,000. His progeny display a nice pattern with body depth, fleshing ability and real muscle shape. His dam is a very well made SAV Eliminator 9105 daughter that ranks near the top for milk and marbling. She is also the dam of the \$25,000 Peak Dot and Hillcrest Enterprises herdsire Peak Dot Seedstock 38F. Her son Peak Dot Profound 110J sold in the 2022 spring sale for \$20,000 to Yarrow Creek.
