Annual Bull Sale

The Tibble Family

MARCH 27-29 2025

DLMS FARMGATE TIMED AUCTIONS

ANGUS | SIMMENTAL | PROSPECT HEIFERS | BREAKING DONKEYS

WELCOME from Swan Hills Ranch

Welcome to our 2025 Annual Online Farmgate Bull Sale. We are grateful for the continued interest and support of past buyers and all who took the time to visit our ranch and view our seedstock. As a family cattle are the #1 focus that we all participate and our children look forward to coming back on weekends to work and contribute to our cattle operation. Martina and fiancé Jay have wedding bells ringing for June 2026 and have purchased Jay's family homestead in Arcola, SK. and looking forward to expanding their Angus base in the future. Martina continues her career with BASF as a retail representative in her new territory and oversees SHR registrations. Robyn continues to reside at Madge Lake and works off the farm at Crosstown Motors GMC in Roblin, MB, where she holds the title of F & I Manager. Chatting to farmers about their new truck and cattle have made her job very rewarding. Parker is finished with Grade 12 and finishing his level 1 welding certificate. He was talking about employment and career in Alberta, but a cute blond from Ethelbert helps him feed cattle, goes hunting and fishing with him, so Manitoba it is for now!! This year's offering will include the strongest group of bulls with diverse characteristics to offer everyone including calve ease, maternal milk, to tipping the scale from our performance bull selection. Also, along with our offering we will offer out of our replacement pen 3 female prospects that will compliment any purebred herd or 4H project. Last but NOT least, and by popular demand, we will be selling 2 selected halter breaking donkey's equipped with our own designed "HALTER" that will make life easier leading up to show-time and also offer some predator control. We at Swan Hills Ranch strive to continue to breed for efficiency to produce beef on an ideal moderate 1400 lbs cow and strive to produce 50% of her body weight in 205 days. SHR continues to seek the finest genetics available through our AI, Embryo, and IVF initiatives using bulls with a balanced set of EPD's, calving ease, and strong emphasis on milk. Call us to discuss your next herd sire with any of our team.

Feel free to call to discuss your next herd sire with one of us:

We begin the sale with this Gold Coin son that sets the standards for our operation. Structurally correct, extra growth, well balanced, square built, and an attractive profile! He reads to have the ability to have a solid impact on making cattle attractive without giving up any fundamentals and muscle. Proven genetics that stem from the great SAV Blackcap May Donor that has made her mark in the industry. A very good bull here!

Offering ½ interest, full possession.

This trio of full brothers has us excited. SHR Gold Coin 7M is an absolute powerhouse herd sire prospect. He definitely resembles his sire in terms of body dimension, fleshing ability, and muscle thickness. We feel like this guy will generate the kind of high quality sons that are easy to sell, but hard to let go of!

This impressive bull blends the Coleman Donna and Blackcap May families. 6M is not only excellent on the eyes, he is a moderately framed bull who has been appreciated for his phenotype that shows with exceptional thickness, muscling, and capacity in a structurally sound package.. Sired by \$175,000 SAV Renown, were excited to see the impact 6M can make.

Another prospect sired by ELLINGSON BADLANDS 0285. Badlands was the Lot 1 lead-off Rider Pride son selling for \$80,000 in the 2021 Ellingson Angus production sale. 21M resembles his sire, with a tremendous center body mass and base width with a sound structural design. Not only is 21M out of a great sire, his dam who we purchased a couple years back from Mountain View Farms will excite you too. MVF PRIDE DOLLY 21E is pretty fronted, big-bodied, and packed with extra foot and bone. Great genetics to purchase here!

ELLINGSON BADLANDS 0285

Sassafrass

Sassie flexes, sidepasses, yeilds very well to pressure, has a nice stop, spin and backup. She loads and trailers well, great for the farrier, deworming, bridling, saddling, etc. She just had a month or so of softening work this winter and she is like a Cadillac. She is gorgeous in both Western and English gear, or throw on the halter and go bareback. Sassie has a great work ethic and super foundation to go many directions! A working home is a must! She will come with references with anyone involved with her. As will I, if needed.

We have indoor riding for applicants to take a test ride.
