Welcome TO OUR 2025 ONLINE RED & BLACK SIMMENTAL *bull sale*

This year we have a consistent group of 18 sound, functional red and black yearling bulls on offer. Our program is based on utilizing top quality walking herd bulls to produce the best cattle that we can. Building and maintaining a quality, attractive cow herd with good feet and udders is always a priority, we cull heavy and the ones that don't work for us are gone down the road.

Thank you to all the cattlemen and women who bid on and purchased bulls in our sale last year, your continued support is truly appreciated. Over 70% of the bulls sold to repeat customers and our goal is to grow that number each year.

The cattle market seems to get better year after year, which is great to see ranchers finally getting paid for something they love and work so hard for.

We welcome you to tour our bull pen and cowherd before the sale. We are interested to discuss your needs in your next herd bull purchase. Taylor Richards of Bohrsen Marketing has been through our bull pen several times so feel free to reach out to him if you are unable to see the bulls in person or would like a second opinion. Thank you to Tiffany at 14 West Creations for an excellent job of designing our catalogue.

Flying S hospitality is always on at the ranch, we enjoy the visit. Get your bull buying done early as you know the spring sales will be crazy!!

Please join us online December 13 & 14th.

WELCOME FROM BOHRSON MARKETING

Welcome to the 2025 edition of the Sinclair's Flying S Ranch Simmental Bull Sale. Ken & Shauna have again assembled a high quality set of red and black beef bulls for your appraisal and we can confidently say its their deepest and most consistent group to date. The utilization of 4 powerful walking bulls at Flying S has left a pen of bulls that are very consistent in type and kind and in many cases you will get a chance at 3/4 or full brothers in blood to choose from. The Flying S bulls are bred, raised and developed with the commercial cattleman in mind and are fed and grown out responsibly with longevity at the forefront. These bulls are chocked full of natural red meat and muscle and are very sound and athletic. The Flying S cowherd is a real no non sense, easy doing set of cows with a heavy emphasis on foot and udder quality. The cows are low maintenance and are always impressive to tour through. We highly encourage you to give Ken or Shauna a call and discuss your herd bull needs and hope you take advantage at the opportunity to get your shopping done early before the busy spring schedule of sales and all that come with that time of year. Be sure to set up a time to tour through the bulls, the Sinclair's are always happy to show you around and talk cattle. If any of us listed from BMS can be of any assistance, please feel free to contact us and utilize our free consultation and order buying services. We look forward to visiting with you about the 2025 Sinclair's Flying S Ranch bulls!

dam **RLC HUMMERS LADY 705E**
RLC TAILGATING LADY 510C

Nash has been one of the front runners in our black division from day one. He is a big hipped bull with a strong top and lots of middle. His dam was a purchase out of the Agribition sale and one of her Crossroad Connected daughters also went through the Agribition Sale a few years ago. She also has a daughter walking the pastures at Peters Simmentals. Nash is possibly the most complete bull in our offering and he could be the quietest as well.

Nixon is very similar to the rest of the FLY 40K sire group, they are thick, meaty, hairy and quiet. I know it sounds pretty repetitious but that is the way they are. They are some of the first bulls noticed in the pen. If you are in the market for a low birthweight, power bull that is easy on the eyes then Nixon is for you.

She had a set of twins as a heifer that set her 2025 calving date back a little but she is due to calve in January 2026. Nashville impressed some visitors on summer tours and has exceeded our expectations for such a young age. I would keep this guy on your short list if you are in the market for a dark red calving ease specialist. I would plan to retain his daughters as well. **HOMO POLLED/DULITOR FREE**
