welcome
to the sale
FROM JACK AUCTION GROUP

Welcome to the Ramrod Dispersal, what a sale this will be...

Ramrod Cattle Co. has been breeding cattle for over 40 years, and some of the genetics are at least 60 years old that date back to DUSTY DALE ANGUS - Maurice VanDale (Tony's Grandpa) who started it all.

This cowherd has been built on the foundation that a cow should be powerful, long bodied, deep sided, with maternal traits and be easy keeping.

Careful selection has added in longevity and exceptional disposition.

If you're in the market for females that will go on and make exceptional herd bulls, stellar females for the future or just high powered cows to add to your commercial program, this sale is for you.

This is not just a cow herd, this has been Tony and Jody's life, they live and breath these cattle, and it shows in the catalog from the front to the back, regardless of breed. They know good ones and my team and I are very excited to manage this sale of exceptional cattle for some exceptional people.

We hope to see you join us in Virden on sale day, and feel free to give Richard, Brett, Calvin or myself a call, if we can help you make a selection or be of assistance in any way.

welcome
to the sale
FROM RAMROD CATTLE CO.

Welcome to the RamRod Dispersal Sale.

You will have the opportunity to see every cow 10 years of age and younger with their 2025 heifer calves at side. As you go through the catalog you will see there has been a lot of A.I going on at the yard. The fertility of this set of cows is undeniable. We strive for a live calf with enough growth and performance to be able to handle Mother Nature.

Some of these cow families have been around for over 60 years having been started by Maurice VanDale (my grandfather) or better known as "DUSTY". These cows will come to you as high performing ranch cows no "Fluff and Stuff."

In this line of business, we have met a lot of good people through female sales, bull sales and the show ring . Your friendship and knowledge will never be forgotten.

I would like to conclude that this set of cows were not just made in a few years, they have proven themselves to be survivors to keep you operating through the good and the bad. Trust me, they are honest Cattle .
