Her 12-year-old dam continues to be a productive member of our herd, reinforcing the strength of this maternal line. Combine that with a pedigree featuring influential sires such as Mr. Hereford and About Time, and it's easy to appreciate the value this female offers. This is another nice dark red heifer out of our herd matriarch Westfields Fawn, she comes from a very strong maternal family that can brag about clean legs with strong feet and great milk production along with birthing ease. This girl will be a stand out in the show pen or leave her at home to raise your calves. We have retained her 2025 full sister as a replacement heifer.

Attention Junior Members

If a Junior member won a heifer lottery voucher that was drawn at Bonanza, they may use that towards any purchase of a female at those particular breeder's farms or sale that the breeder has consigned to.

Beef-a-rama, the OJHA Provincial show, as well as the Bonanza, CJHA, national show now offer classes for heifer lottery purchases. Any female purchased with, or without, a voucher from a sanctioned heifer lottery breeder will qualify for those classes the following year at either show.

The incentive is to help our Juniors build their herds while giving recognition to the breeders they have selected their purchase from.

The sanctioned breeders who consign to our sale will have the heifer lottery logo beside their name in the consignors list at the start of the book.
