They say the west was won on a black footed bay, well, here is your chance to get one. Pretty bay stud colt, not a white hair on him. This colt has a huge hip and a pretty head. This cross has worked for me every time. The **NU CHEX TO CASH/HAIDAS LITTLE PEP** pedigree puts the cow and train-ability in there on top of the legendary **SUNFROST** running pedigree on the bottom. He should have a ton of ability/great mind and will look good enough to get you noticed. Should mature over 15hh.

Big, pretty and athletic is the best way to describe this colt. His sire has been an outstanding stallion for me. He is one of the best rope and ranch horses I've ever rode. He stamps his foals with a great look and great disposition. The dam to this colt has been a great producer for us as well. We have retained some of her foals to ride ourselves and they have been great horses. This colt is a stand out and the cross of foundation bloodlines on old school run seems to be working.

His sire is a proven rope and barrel horse, sired by the great **PC TULLY FROST** and the mare is a real good mare that has lots of local proven pedigree. Don't look past this one, he has true potential to be a great versatile horse.

All-Star is a calf horse/heel horse prospect. Standing at 14.2hh. This 3 yr.old gelding has such a good mind and is so mature for his age. He will quickly become your go-to. I started his groundwork last summer when he was two, and started riding him in October. He's started professionally and correct. I kept riding him a bit through the winter in an indoor arena, and by spring he was ready to ranch on. I took him to some brandings and drug a bunch of calves. He's so natural and easy to rope off of and sort cows on. I've used him in the community pasture and there isn't much you can't do with him. It's hard to believe he's only 3. He's good with kids, dogs, quads and will load into any trailer. He has good barn manners. He has lots of potential to be a rope horse and all the hard work is done!

Cash, black footed bay. 15.1HH..He is great horse to be around, quiet and gentle disposition. Will make an exceptional head horse or ranch horse. His siblings have gone on to be great head horses brining 60-\$70,000. Rides around nice in the arena and out in the big country. Crossed the water, through the bush and seen some sights. Tracks the dummy well and started roping live cattle. Will turn into be an all around really nice horse for anyone, he's that kind.

Midnight is a nice black mare with a willing attitude and ground covering walk. She has been used in a feedlot for 4 months so trucks and equipment don't bother her. She has good cow sense and lots of try. Has been used on pasture to move and treat yearlings. Crosses water and mud with ease. Loads in a trailer good and stands tied. Good to trim and shoe. Will grow into a good using type ranch horse or fancy arena horse. With her calm and willing attitude should excel in any direction. Any questions call 306-528-7811

"Chicken Wing" is our friendly gentleman. He is the yard pet that loves to be around people. This is one of the most friendly and honest horses we have ever owned. He rides consistent even with lots of time off. Chicken collects and rides around beautifully and has a stop that gets people's attention. He has doctored cows and calves at the community pasture and ties off really nice. My wife has taken him to pleasure shows, trail rides, and slow loped in gymkhanas. "Nevada" stands 15.3hh and is built like a brick house. Massive bone, 4 black feet, blemish free, sound, healthy, beautiful conformation and has a kind, willing, smart and very in your pocket personality. Bred from Bar-Lynn stables, where year after year they make proven and reliable ranch horses, then raised here at MW Farms from weanling age. Nevada has ranch horse potential deep in her roots. She has been handled and worked with since 5 months of age. She is used to all kinds of environments with young kids running around. We have put a 30 day start on her. She's the perfect age to start riding more consistently or work hard next summer. She's not over used or rode down, she's raised the right way to be a lasting ranch horse. Why cowboy in Nevada, when you can cowboy on Nevada!

HY LUCKY MISS

Squid is a two-year old performance prospect standing 15HH. This gelding moves forward so free. He knows his leads and he's super smooth to ride. Come sale day he should have about 45 days and he's going really well. Lots of potential in speed events and is a joy to be around. Started by a professional colt starter. He has good barn manners. Is used to kids, dogs, mini mules, and whatever else is running around the ranch. The hard work is already done, and he is ready to continue in any direction you want to take him!
