46th Annual 4's Company

SUNDAY, NOVEMBER 29, 2026
STETTLER AG SOCIETY • 1:00 PM

Welcome

Another 4'S Company sale offering that speaks loudly about the shorthorn breed. The consignors in this sale work hard year round to bring the top of their program to this sale and we are sure you will agree when you walk through the barns on sale day. This will be the 46th annual 4'S Company Sale and that is something that we are very proud to be a part of, we plan to continue to keep this sale going for many years to come. If you have any questions at all, please feel free to reach out to any of the consignors and they will be happy to answer any questions you may have. A huge thank-you to everyone who supports our sale year after year, your support does not go unnoticed. We invite you all to come the night before the sale, tour the barn and meet/ visit with our sale group.

If you like big, beefy brood cows, this heifer is one to have a look at. The Alice family is known for adding size, mass, and easy-doing ability. She's the kind of heifer you could breed to just about anything and expect her to deliver performance and productivity. This cow family has been a staple in our herd for many years, consistently producing the kind of females we like to keep around.

Wide-hipped, clean-fronted female with a really cool pedigree behind her. Her dam is one of our favorite young females in the herd, and this heifer is following right in her footsteps. She's a more moderate-framed female with plenty of style, shape, and look to her. A stylish, functional female that should make a great cow. Have a close look at this one.

Another outstanding female sired by Glendford Editor 78K. He has been the most consistent Shorthorn bull we have ever used, and his calves are remarkably uniform with a true pattern to them. They consistently offer added mass, excellent structure, and great feet. This female is no exception and has all the pieces to go out and make exceptional calves. A female with a bright future ahead of her.

Well, this is one exciting heifer. She is exceptionally clean-fronted with a massive rib and plenty of hip to back it all up. This is the kind that could have easily had a halter on her and been competitive in the show ring. We used her sire on a select group of cows, and this mating sure clicked. She is correct in so many ways—sound, stylish, powerful, and built to be productive. Don't miss this one.

A fancy little Big-Ticket heifer that is sure to catch your eye. This sweet roan package is just waiting for a junior to take her into the show ring. Coming straight from Kennedy's herd. We can't stress enough how quiet and gentle this heifer calf is. She has the look, the pedigree, and most importantly, the temperament to make a junior an excellent project. We moved back calving by a few weeks last year because the workload has increased, so this is another late march bull calf that ties it all together for us! We picked up this calf's grandmother from the Barto's a few years ago and she left us with a few heifers that we put back into the herd. 5P has a smooth shoulder, great spring of rib and is really muscling up on his hind quarter. Birthweight was 85lbs and born unassisted.

COMMERCIAL COW

This is a commercial female that is from our Faro bull who was a very admirable herdsire that we had used for years! Not many more of his daughters will be leaving the farm, so take this as an opportunity to get one in your hands. She's Bred to Star P Ladies Man who was our pick of that sale 2 years ago. She's long bodied, evenly proportioned and will be a cow that lays down and makes you some money.

A very attractive uniquely patterned white heifer with a dusting of red roan on her face neck and crown, Tiara has caught my eye all summer. Her dam is an all around great working female highly favoured by all of us here, the right kind of female in every way. Tiara would look great on a halter or producing outstanding progeny in your herd. We received an overall impressive first calf crop from our herd sire Editor 10m, and presented on offer is a sampling.

This is one of the first Star P Jerry 39J daughters that have been offered at sale. We are pleased with the calves from Jerry, his sons have sold at the Western Prime Bull and Female Sale with positive reviews and results. It is hard to fault this heifer as she is balanced, broody and a stand out in the pasture. Tested to be homo polled.

Schutz Cattle Co is proud to consign in the 4's Company Production sale for the 46th year and very excited to present our most powerful and highest quality offering to date! This fundamentally correct, awesome haired red neck roan heifer is packed full of muscle and stoutness in a feminine package. She represents the type of cattle that never go out of style. Her sire Yeti is a standout bull we raised who won Reserve Grand Champion bull at Farmfair, as a calf as well, as making the top 5 overall in the Legends of the Fall show there, then went on to be the high seller in the 4's Company Sale a couple months later. We were able to turn Yeti out with our cows last spring before he went to his new owners and he hit a homerun with his first calf crop this year.

Both Manhattan females in this years sale are out of really nice three year old Palermo cows. This maternally made, very complete bred heifer is created with added femininity and length in a sound structured package. Her granddam won Champion Female at Farmfair in 2022 and is now one of our top donors. This is a tremendous cow prospect.
