

A photograph of a large herd of cattle, including Charolais, Angus, and Simm X breeds, gathered in a snowy field at sunset. The sky is a mix of orange, pink, and blue. A wooden fence runs across the foreground, and a small building with a light is visible in the background.

You Are Invited To The Bull Sale...

Welcome and thank you for your interest in our bull sale.

Our program is built around producing sound, functional cattle that work in real world commercial and seedstock operations. We focus on calving ease, performance, fertility and disposition, with the goal of offering bulls that are reliable, predictable and built to last.

The bulls in this offering are performance recorded, structurally evaluated, and developed with longevity in mind. They have been raised in an environment that reflects how they will be expected to work after the sale--not pushed, but properly developed to ensure durability and breeding soundness.

We stand behind our cattle and believe they represent honest value for both commercial and pure-bred programs. Whether you are looking to improve calving ease, add performance, or build replacement females, we are confident you will find bulls here that can move your program forward.

We invite you to view the bulls prior to sale day and welcome any questions. Thank you for your support and interest--we look forward to working with you.

This year we are very excited to have the sale back home in the old calving barn currently full of calves, unfortunately going to have to be a video sale due to lack of room. Looking forward to seeing all the friends back at the ranch, so you can see our whole operation. Feel free to tour around.

God bless

Levi Mandel
