**THANK YOU TO EVERYONE WHO SUPPORTS
OUR INDUSTRY AND OUR FUTURE.**

Your support makes a difference!

District #41 Regional Show and Sale

CANADA 4-H Saskatchewan

Why Support 4-H

The members of each club have worked hard throughout the past year preparing for the Regional Show. Through their 4-H projects, members develop valuable life skills such as **time management, financial responsibility, leadership, teamwork, sportsmanship, business decision-making, and livestock care.**

4-H teaches much more than agriculture. Members learn **record keeping, communication, self-confidence, interview skills, and responsibility** — preparing them for success in many different careers and industries. By purchasing a market animal, you are directly supporting youth as they work toward their goals and **invest in their future.**

Wondering what to do with all that meat? First and foremost — enjoy it! Our 4-H clubs take pride in producing **high-quality beef and lamb** through proper nutrition, care, and strong genetics. If you cannot use it all yourself, consider **sharing** with family, friends, or another business. You may also **donate** a portion to a local food bank or care home, or **resell** it through Weyburn Livestock Exchange, with hauling donated by Dean and Zach Martens.

Supporting 4-H is an **investment in the future.** By contributing to our program, you are helping develop caring, hardworking, community-minded young people who will become **future leaders** in agriculture, business, trades, education, healthcare, and many other professions.

Whether you join us in person or online, we sincerely thank you for supporting our 4-H youth through **bidding, buying, and sponsorship.** Your business also receives recognition through buyer lists and sale announcements. Any amount paid above market value may qualify as an **advertising expense**, and donated animals may qualify as a **charitable contribution.**

Please consult your accountant for additional information.

As one local butcher stated:

“ You are receiving the best possible beef that money can buy. These steers are fed extremely well, are well cared for, and contain strong genetics. Customers can have confidence in the quality of beef they are receiving. ”

THANK YOU FOR SUPPORTING OUR 4-H YOUTH!

WHY SUPPORT 4-H

CANADA
4-H Saskatchewan

To demonstrate the value of purchasing a 4-H steer compared to grocery store prices, let's use a **1300 lb market steer** as an example.

A 1300 lb market steer will have an average yield of 62%. That means this steer will produce an **806 lb carcass**. This carcass will produce **639 pounds** of take home meat.

Choosing to keep soup bones, liver, heart, and other extras increases the amount of meat you receive at no additional processing cost. Added processing such as hamburger patties or sausages is not included in the average processing fee.

When comparing costs, purchasing a 4-H steer can save you thousands compared to buying the same amount of beef from a grocery store. In addition, you are supporting a young entrepreneur, a local butcher, and local agriculture while knowing exactly where your beef was raised and what it was fed. Best of all, your meat is cut and wrapped to your specifications.

Once you taste this high-quality beef, there is no going back!

FOR A MEMBER TO BREAK EVEN WITHOUT ANY EXTRAS,
THAT STEER HAS TO BRING IN
\$4.28 PER LB.

AVERAGE PRICE TO BUY FROM A LOCAL GROCERY STORE

372 pounds of Roasts and Steaks

Average price of \$19.25/lb

Total Price – \$7,161.00

267 pounds of Ground Beef and Stew Meat

Average price of \$12.89/lb

Total Price – \$3,441.63

639 lbs. take home meat

TOTAL PRICE
\$10,602.63

AVERAGE PRICE FOR A LOCAL 4-H STEER AND PROCESSING

Auction Price – 1300 lbs. @ \$4.00/lb

Total Price – \$5,200.00

Processing Fee – Based on 806 lb carcass @ \$1.36/lb (avg)

Total Price – \$1,100.00

639 lbs. take home meat

TOTAL PRICE
\$6,300.00

TOTAL SAVINGS = \$4,302.63

WHAT DOES IT COST TO RAISE A 4-H STEER ON AVERAGE?

Purchase Price – 1300 lbs. @ \$4.00/lb

\$4,000.00

Prepared Feed – 2 tonnes (4400 lbs. @ \$0.22/lb avg)

\$960.00

Hay – 5 bales @ \$100.00

\$500.00

Show Supplies

\$100.00

TOTAL COST TO RAISE

\$5,560.00

WHAT THE CHARTS ABOVE DO NOT INCLUDE:

VET BILLS

STRAW

FUEL TO PICK UP FEED

START-UP SHOW SUPPLIES (CHUTE, BLOWER, TACK BOX)

If the member enters any fairs or jackpot shows, the costs do not include their showing costs, fuel for those shows, parent time off work, or extra show supplies. However, most of all, it does not include the member's time of love and attention these calves receive daily—you cannot put a price on that.

Thank you to all of the individuals and businesses for your support!

Why Support 4-H

Learn to do by doing!

LAMB INFORMATION

To show you the difference between store and 4-H prices in our area and our current economy, a lamb weighing 120 lbs will be used. On average, you will yield 48% of the live weight, which gives you a carcass of 55 lbs. Including bones, liver, heart, kidneys, etc., will increase the meat you put in the freezer. The average processing fee does not include added processing – lamb burgers, sausages, etc. On the next page, you will see that using average prices, you can save \$607.00 by purchasing a 4-H lamb over buying a grocery store lamb.

For a member to profit from a 120-lb lamb at a price listed on the next page, **WITHOUT ANY EXTRAS**, that lamb would need to sell for at least \$4.57 per lb.

Market Lambs are not necessarily wether lambs; they can also be ewe lambs. If they are ewe lambs, rather than butchering them, you can also take them home and start a flock or add them to your flock. They will add value to your program.

AVERAGE PRICE FOR A 4-H LAMB AND PROCESSING

Auction Price - 120 lbs. @ \$5.00/pound	Total Price - \$600.00
Processing Fee	Total Price - \$120.00
67 lbs. received	\$720.00

DIFFERENCE OF \$450.00

SELL FOR AT LEAST \$4.57 PER POUND AND YOU CAN SAVE \$450.00!

WHAT DOES IT COST TO RAISE A 4-H LAMB ON AVERAGE?

Purchase Price	\$400.00
Prepared Feed - 350 lbs. @ \$0.31/lb.	\$108.50
Hay - 300 lbs. @ 0.06 Mineral, Straw, and Shearing	\$30.00
Show Supplies	\$10.00
TOTAL	\$548.50

WHAT THE CHART ABOVE DOES NOT INCLUDE:

Vet Bills, Straw, Fuel to Pick Up Feed, and Start-up Show Supplies (Trimming Stand, Blower, Tack Box). If the member enters any fairs or jackpot shows, the costs do not include their showing costs, fuel for those shows, parent time off work, or extra show supplies. However, most of all, it does not include the member's time of love and attention these lambs receive daily—you cannot put a price on that.

4-H LAMB VALUE GUIDE

Market Steer Breed: Angus x Simmental

Projected Selling Weight: 1200 lbs.

Other Information: Meet Maverick, my homegrown steer! Maverick was born on May 20, 2025, and has been raised on a barley/corn ration along with hay — and he definitely enjoys mealtime! He is a quiet, easygoing steer that has been great to work with throughout the year. At our April weigh-in, Maverick weighed 1,062 lbs. He is booked for mid-July at the South East Butcher Block in Alameda, and I will continue to look after him till then. Thank you for supporting 4-H!

KATELYN RUTTEN

SENIOR

Age: 17

Parents: Terry & Amy Rutten

Sale Contact Information: 306-575-9676

Hometown: Carlyle

Completed Years in 4-H: 9

Market Steer Name: Sauly

Market Steer Breed: Simmental X Angus

Projected Selling Weight: 1320 lbs.

Other Information: Well, you will be able to eat him at the end of June because he will be going to the butcher then. I've spent a lot of time with this big guy and have learned that he can definitely have an attitude, but overall, he is just a big, friendly giant. This is my last year of high school, so next year I will be off to university and would appreciate your support. Sauly will be fully finished by then, and he can definitely fill your freezer.
