This purebred angus heifer calf shows shape and dimension throughout, with smooth transition from front to back. She has a good spring of rib and depth of body for capacity as she continues to develop. Pattie was apart of our summer show string, she is sound and jazzy. This heifer calf will continue to mature into a confident junior heifer that presents a feminine appearance.

It is our pleasure to present the buyers and the 2026 Atlantic Alliance Sale these two E.T. full sisters BEST 65N and BEST 69N. They are from one of the best cow families in Canada...the Soo Line Annie K 9165 cow who was the world Angus Champion in her day. These heifers were always at the top of our small replacement heifer pen - big, solid, structurally sound heifers and nice to look at. Sired by S A V Missouri River 8025 who is a bull widely used by some of the top herds in Canada. Both are in calf to our senior herd sire Merit Synergy 3038L, who has sired some of our best ever replacement heifers. These 2 heifers packed on the beef while on grass this summer; perhaps a little too much - good grass this year! BEST 65N and BEST 69N are due about the 2nd week of January 2027. Exposed to Merit Synergy 3038L from March 25, 2026 to May 25, 2026. CONSIGNED BY :: [HILLCREST FARM](#)

A top heifer from our replacement pen (mind you, that pen consists of 6 heifers!) This heifer was just a good heifer all winter but she has really come on this summer, and is a heifer that catches your eye today. Sired by our Bar-E-L Natural Law (known for his heifer progeny) son, and out of one of our DMM Maximus cows. Bonshaw Nellie 86N is big, stylish, has good feet and legs and should do someone a lot of good. Exposed to Merit Synergy 3038L from March 25, 2026 to May 25, 2026. Due approx. first week of February 2027. CONSIGNED BY :: [HILLCREST FARM](#)

75	-	-	0.0	2.1	51	88	5.0	27

Lorcain Pinot Noir 4P is our first offering from our senior herdsire Six Mile Showman 304L, combining some of the most proven Red Angus genetics with a strong cow family on the bottom side. Her dam, Red Lorcain Martha 6M, goes back to breed legend Cherokee Canyon and has knocked it out of the park with her first calf. Pinot Noir brings plenty of eye appeal in a unique purple package. She's a young female with the pedigree, look and potential to go on and make a productive cow.

Miss Essence 518N is an easy fleshing February bred heifer who traces back to a cow we bought from Harprey Farms. Born unassisted with a 63 pound birthweight, she weaned off at just shy of 600 pounds off of a 2 year old, with no special treatment. She has matured into an attractive bred heifer with some extra bone and power. She is carrying a service to MKHF 519N for a January calf.

Exposed to LA 19M. She has been preg checked and confirmed safe in calf, favourable to her service to MKHF 519N.

Sweet Pea is right out of the show pen. She has an eye catching profile, but when you get analyzing her you can see her nice square rump, long body, refined front end and a nice angus head. Sweet Pea is the first calf out of our herd sire, Red Patchell Cadillac to sell. Cadillac has been shown very successfully with many winning accolades. We purchased her dam from Andrew Hodges as a calf, and she has matured into a really fine cow with a great udder and lots of milk. If calving ease and lots of milk are what you are looking for, Sweet Pea will fit the bill.

Annie is out of our \$17,000 purchase from the 2025 Red Round Up Sale. Annie will be one of the first to sell in Canada out of the \$97,500 Red Allison Prestige 114M bull that is owned by Wheeler's Stock Farm and Bohrsen Marketing Services. She is thick hiped, big ribbed that blends into an elequent front. She is dark cherry red with a great show coat to work with. Her dam goes back to the Red Wheel Annie Oakley cow family that you could write a book on and what she has done for Wheeler's Stock Farm. Annie would make a very exciting 4-H project for a lucky Junior next year. Half of the work is done already halter broke and knows what it's like to be in the show ring!

71	723	1046	0.0	2.2	55	98	4.0	31

Lily was shown very successfully last year as a calf and comes from a long line of sucessful females. She was Reserve Heifer Calf at NBEx Beef Show last year, and did very well at shows around home as well. She has a stacked pedigree with bull and cow power. Mission Nexus, Renown, Coming In Hot and Copenhagen, just to name a few. Lily is mated to the \$97,500 Red Allison Prestige 114M bull for an early January baby. This mating should be a very interesting cross being she's square hiped, big boned, great spring of rib and setting down a beautiful udder with four perfectly placed teats.

AI bred to Red Allison Prestige 114M on March 24th.

-	-	-	-	-	-	-	-	-

We are proud to offer this outstanding black Angus heifer as our first Angus female to sell. She represents the kind of female we are proud to put forward from our program, with the depth, thickness and overall quality we strive to produce. Deep-bodied and thick made, she is very correct in her build and structure, with a strong, level top that contributes to her overall balance and eye appeal. She carries plenty of natural shape and dimension and moves with ease and confidence. She is sired by Coleman Bravo 6313, the \$450,000 top-selling bull at the 2018 Coleman Angus sale. Her dam was purchased through the Opportunity Knocks sale 4.0. We are proud to offer a heifer with this quality, pedigree and potential as our first Angus offering.

78	595	-	-	-	-	-	-	-

Top of the Hill Presley 4P is a female that puts maternal ability on full display. She is sired by EF Titan 545, a proven sire who has earned numerous Champion banners, and is out of a moderate, easy-doing dam with the kind of efficiency we all appreciate.

We have been extremely pleased with our EF Titan 545 calves, and Presley 4P is another female that exemplifies what we admire about the sire group. She combines femininity, practicality, and maternal potential into a package that should have a bright future in the cow herd.

I had the opportunity to spend some time with the Nicholas family of McCoy Cattle Company several summers ago in Milestone, SK. I was impressed by the maternal cow power throughout their herd, while not sacrificing longevity. I was fortunate to purchase ZTM 5K and I have used him extensively since. This summer I have been quite impressed with his heifer calf crop and look forward to begin calving out some of these females from this sire group.

Fancy, roan, and pedigree that speaks for itself!

This heifer calf is the complete package. She comes from the famous Shadybrook Perfect cow family, a line that has consistently done us right here at Green Grove. She carries the same pedigree as our grandson Evan's 4-H heifer, Green Grove Miss Perfect, who he showed last year. She was the Honorable Mention at the NS Provincial 4-H Show in the Murray Parker Bred & Owned Class, and she also helped earn him a spot on the NS Royal Beef Team. With her eye-catching look, proven cow family and outstanding pedigree, you simply can't go wrong with this heifer! We're excited to see what she can do for her new owner.

This heifer is sired by the high-performance JTPH Beat The Heat 584C, bred by John and Tammy Dolliver. A notable polled Shorthorn herd bull that topped the 2015 Canadian Western Agribition (CWA) Sale when he sold for \$19,500. He is associated with prominent breeding programs like the Anwender Cattle Company and has been used extensively for semen genetics in Shorthorn herds. Everyone loves a red-neck roan, and this girl is sure to catch some attention! She is halter-broke, easy to work with, and would make a great 4-H heifer. With her eye-catching colour, strong pedigree, and show-ring potential, she's a heifer we're proud to offer!

K&C Cattle is making their first appearance at the Atlantic Alliance Sale, and they're bringing a good one with them! 12P is flat-out good. She's out of a two-year-old J-Star female who enjoyed a very successful show career last year, claiming multiple division championships as a bred heifer. She also traces back to the highly regarded Ms. Crosby cow family, adding a pedigree packed with quality. On the sire side, 12P is sired by our walking bull from River Point, a Super Charge son who has left us with an abundance of females we're excited about. With so many of his daughters becoming an important part of our program, we felt it was time to share one—and 12P is a female we're proud to offer. Strong cow family, proven genetics and plenty of future. Don't overlook 12P sale day!

7N resembles her sire. Solid through her shape like him, yet feminine. She carries herself well on a good set of feet. Her dam is a beautifully framed Epic cow from Silverlake Farms. She stands on a solid foot with an impeccable udder. This heifer is shaping up to be a producer like her dam. The calf will come easy and not disappoint.

Natural exposure to Red OLTN Kacie 34K from May 15 to July 23. Preg Checked on July 23, 55 days safe.

No Diggity comes from a line of high longevity, no miss power cows. She's bred to a low bw red angus who's calves have been performing very well here on feed and as replacements. I'm sure this heifer will produce for the long run just like the rest of her family.

Natural exposure to Red OLTN Kacie 34K from May 15 to July 23. Preg Checked on July 23, 55 days safe.

2026 TERMS & CONDITIONS

TERMS & CONDITIONS: Each lot will be sold to the highest bidder. In the event of any dispute, the Auctioneer's decision shall be final. Announcements from the Auctioneer's stand on sale day will supersede any information in the catalogue. This sale is being held under the terms of the Canadian Angus Association, Canadian Hereford Association, Canadian Shorthorn Association and the Canadian Simmental Association. Arrangements for the delivery of animals must be made between buyer and consignor immediately following the sale. Consignors will be paid as soon as possible following the sale. Terms cash, satisfactory cheque or e-transfer. Payment shall be made immediately following the sale. Release of cattle will be given only when satisfactory settlement has been made by the buyer. Liability of the management of the sale merely acts as an agent between the buyer and seller, and therefore is not responsible for any failure on the side of either party to live up to their obligations as well as assume no liability for any accidents or injury that may occur.

A collage of various scenes from a fair or festival, including people sitting in bleachers, a baseball player swinging a bat, a child drawing, a woman petting a cow, and a woman holding a child's hand. The text "THANK YOU TO OUR 2025 BUYERS" is overlaid in large white letters.
