well muscled four year old is very correct in his confirmation. He has a mind that anyone can get along with. This horse can be left for months and ride off just like you left him. Woody can do everything, from branding calves, roping bulls and carrying flags at rodeos. He always moves off on a loose rein. This horse is suitable for the inexperienced and experienced riders alike. You can head, heel and break away rope on him. Woody is Very good in the box; he never gets hot. FANNY FLAMINGO

He has been brought back into work this spring and was used for calving and has been getting used at the community pasture. Slim has been rode both indoor and out, roped the heel-o-matic, doctors cattle out in the pasture, ropes both ends and tie off no problem, ties good, stands for the farrier, trailers and hauls well, easy to catch and is the first one to meet you at the gate and he is just a pleasure to be around. He gets along great with other horses and is currently in a mixed herd of mares and geldings without issue. Slim is used to dogs, cows, and equipment. Slim has absolutely no buck, bolt or rear in him and not much phases him, he has a friendly easy going demeanor that would make him a great addition to anyone's herd. He is up to date on teeth, farrier, vaccinations, and wormer.

ality that makes him enjoyable to have around. Ruger has extensive ranch experience and has been our go to horse for riding coulees, gathering, sorting cattle and checking pasture. He is very cowy and has the grit to keep up with horses twice his size. Ruger has been started correctly and has developed a nice handle in the arena. Moves off your legs and has been exposed to light roping. His athletic ability makes him a prospect for ranch, roping, team penning or cow horse events.

He carries a nice hip and good bone to support him. He has chased the hellomatic and seen some outside miles. A gelding that in the right hands is going to go big places.

This gelding is a puppy dog, amazing to catch and overall just a nice animal to be around. Personable, responsive and willing to the trainer. Dewy has been rode outside and indoors tracking the heelomatic. He has a nice gate but can be a little on the lazy side but it has always benefited him as he is so easy to get along with. A gelding that will grow up to be a nice all around horse.

This is a big strong gentle horse, that is a quiet, very willing gelding. He has strong legs and a big hip. Storm has been to a few branding and rode in pasture. Started as a three year old he was a slow start but with time and patience he came around quick. A rocking chair lope and no problems dragging calves to the fire.

This good looking, chromed up 15 year old sorrel gelding sells as grade. He has been used for all types of ranch work and used frequently as a heading horse. He's pretty easy to catch and is suitable for most riders. He's got a long stride and is comfortable to ride and some pretty good speed as well.

Daughter Shayna and I were looking for a stud that had proven blood lines and a broke performance horse. We found Bobcat. Hes a 15hh 14 year old red roan stallion. A wonderful disposition, and his offspring are very trainable. Smoothie is a gentleman with the mares but gets the job done. His sire is over \$500000 in earnings and his dam over \$250000. Smoothie hadnt seen the competition ring for 5 years, Austin Dow took him to Airdrie cutting competition and won the ranch cutting with a score of 72 last spring. Smoothie has a great undercarriage with lots of foot and bone. We will be standing Bobcat here at the ranch. Our Mares on offer have all been exposed to The Smoothest aka Bobcat.

There is great sadness in our hearts that we are offering these 3 geldings for sale as they were our friend the late Don Wickberg's favourite pastime. Don enjoyed nothing more than being on the back of a horse.

Don's saddles and various tack will be offered sale day. Don was particular and looked after his stuff.

Trapper is well put up and well broke 11 year old grade gelding. I had the pleasure of riding him as a 3 year old in phoenix one winter. He has spent all his winters south roping. Not high powered roping but daily. Trapper would be a great addition to anyones barn.
