REGISTERED YEARLING BLACK ANGUS & SIMMENTAL BULLS ON OFFER

WELCOME

WELCOME FROM BLACK CHROME LIVESTOCK

With huge gratitude we'd like to start by thanking all the great cattlemen that have showed interest in our program. Those of you that have stopped by for a bull pen tour or toured our program during the summer months we appreciate seeing you. Our bulls are breeding in some well-respected cow herds. It's a pleasure hearing feedback about the bulls and how they have worked out. We welcome you all to join us for our 4th Annual Black Chrome Livestock Bull Sale, once again hosted online with DLMS Farm Gate Timed Auctions.

Our bulls are raised by their mothers, naturally on grass and milk, no creep feed. They are weaned the beginning of September and introduced to a TMR ration, that is designed to enhance growth requirements, without compromising longevity. They are developed in a large pen allowing them ample space to move around and exercise.

We feel we have put together a very unique offering this year. One that is deep in quality and offering outcross pedigrees. Our cattle are not pampered. We focus in on our breeding goals, aiming to create females that are sound footed, maintenance free and produce a quality calf each year, all while doing it efficiently. We strive to produce bulls that are strikingly eye appealing, big middled, sound footed and great tempered. We appreciate cattle that are easy doing and efficient feed converters. Our efforts are with the customer in mind producing bulls with moderate birthweights and big weaning weights.

We truly hope you can stop by the farm to evaluate the bulls for yourself, however if you are unable to make it, please don't hesitate to call. It would be our pleasure to discuss with you the offering and their dams. We have a wide variety of options to fit everyone's breeding program requirements and want to ensure that you get the bull that best suits your operation.

Black Chrome Livestock

FROM THE DESK AT T BAR C

The Black Chrome Livestock program is built with both purebred and commercial cattlemen in mind. Their goal has been consistent: produce sires that add pounds and quality at weaning — a standard they continue to achieve. Throughout this uniform offering, buyers will appreciate the consistency in type and kind across both the Angus and Simmental offering.

This year's lineup is the strongest offering to date; this group is consistent and stouter than ever! They continue the blend of unique and proven pedigrees featuring key traits that continue to move the program forward. Calving ease is prevalent throughout the sale bulls, yet these genetics do not sacrifice performance. Balance with performance should always be sought after.

Black Chrome Livestock should be on every short list when shopping for your next sire or sires. Thickness and muscle, plenty of hair, strong scrotal development, easy fleshing ability, and efficient conversion are just a few of the reasons to take notice — not to mention style and eye appeal.

Cache and Jill would love you to stop by the ranch any time prior to the sale to preview the bulls and their dams.

If we at T Bar C can be of any assistance before or on sale day, please don't hesitate to contact any member of our team. We are pleased to assist in a professional and confidential manner.

SALE INFO

SALE DAY PHONES:

Black Chrome Livestock:

Cache McLerie 403.391.1072
 Jill McLerie 403.341.0639
 Cam McLerie 403.505.3059

SALE MANAGEMENT:

Chris Poley 306.220.5006
 Shane Michelson..... 403.363.9973
 Ben Wright 519.374.3335
 Levi Rimke 204.851.4515

INSURANCE:

Canadian Farm Insurance Corp.

Jill Wildman 780.305.1146

VIEWING:

The bulls are available for viewing prior to the sale and during the sale at any time. Please contact Cache or Jill for more information.

SIGHT UNSEEN PURCHASE:

If you are unable to view the bulls prior to the sale and need assistance, please call one of the Black Chrome contacts or a T Bar C representative. We would be happy to discuss the bulls and your needs. Our sight unseen purchase program lets you buy with confidence and our team will have your best interest in mind by providing you with the information you need – satisfaction guaranteed.

BULL GUARANTEE:

- All bulls will be semen tested and veterinary inspected prior to the sale.
- All Simmental bulls have been color and polled status lab test verified.

CATALOGUE ORDER:

The bulls are listed in the catalogue by sire group. Angus are first followed by the Simmental bulls. Sale day weights as well as scrotal measurements will be available on the Black Chrome Livestock Facebook page and online at www.tbarc.com

CALVING EASE SCORES:

Star ratings are a subjective estimate of a bull's calving ease. In assigning stars, objective data (such as birth weight and calving ease information for the heifers and cows) is used. Stars may generally be interpreted as follows:

Stars	Calving Ease
****	Bull with high level of calving ease based on dam and sire history, actual birth weight and EPD of birth weight
***	Bull who can be used on heifers or cows
**	Bulls who can be used on cows
*	Bulls who should only be used on cows – expect larger birth weights

BOARD AND DELIVERY:

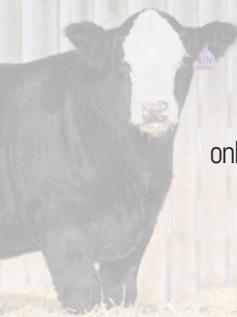

We can keep the bulls until delivery. We will deliver bulls to central points in Western Canada and can assist with arranging trucking to Eastern Provinces and the USA. Each animal becomes the risk of the purchaser as soon as the bull is sold. We recommend bulls staying at the farm for any length of time be insured. We would like all bulls delivered or picked up by May 1st, 2026.

TERMS OF SALE & RIGHT TO SEMEN:

- Buyers will be invoiced by T Bar C Cattle Co. for the amount of their purchase following the sale and payment is to be made to T Bar C by cash or cheque. The right property shall not pass until settlement has been made. Every animal sells to the highest bidder. All monies are in Canadian Funds.
- All bulls sell in their entirety, although Black Chrome Livestock reserves the right to draw semen on any of the bulls in the offering. Semen will be used for in herd use only and will be drawn at the expense of the seller and at the convenience of the buyer.

PICTURES AND VIDEOS:

Pictures and videos were taken on January 5th, 2026. Videos can be found on the link on the DLMS Farm Gate Timed Auctions site under the Black Chrome Livestock Sale Page, Black Chrome Livestock Facebook Page and www.buyagro.com.

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the Farm Gate Timed Auction Sale page.
2. After you are at the Farm Gate Timed auction site - farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button.

First time Farm Gate users:

- First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the Farm Gate Time Auction Site requires a new account separate account from your DLMS Live sale site)
- After you create your Farm Gate account you will receive a txt message with a pin code to verify your account.
- On your first log in to Farm Gate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning Farm Gate users:

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS Farm Gate Timed Auctions.

3. How to Bid

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

a) *Place Next Bid* – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed.

b) *Max Bid Amount* – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

4. Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

5. Sale Ending / Closeout

Most Farm Gate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding works?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

6. Bidding Close & Follow-up

After the clock has gone to “ENDED” and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

For more info and assistance with bidding contact;

Take a look at this guy! BCL Nitrous 6N is an absolute powerhouse of a bull. One that's made many friends during pasture tours this summer. He's the heaviest bull in the pen. 6N is rugged, masculine and has that added length. You must admire him for great rib shape. He is backed by a phenomenal cow family. His dam will be 11 years old this year and is a no miss type of cow. She is moderate framed and easy fleshing. She produced the high selling bull in our 2022 offering.

If you're in the market for growth, performance and pounds then this is the bull for your operation. He is our second highest gaining Angus bull from weaning till January 1st, doing 3.56 lbs/day. Only 72lbs at birth and 920lbs at weaning. BCL Network 42N is a meat machine, he's long bodied and big footed. His dam is exceptional, another Blackbird daughter, that has produced outstanding every year, raising the high selling bull in our sale back in 2024.

Here's a bull with the presence of a herd bull. Phenotypically this bull packs so many characteristics of a top Angus herd sire, he has a big, soft middle and a great foot on him. He's square made, with an explosive hip. A 78lbs birth weight, a bull that would work well in your heifer pen or on your cows. His dam BCL Persephone 85J is a very nice middle aged Territory daughter.

The youngest bull in our offering, born in March, with an 80lb birthweight but a bull that has kept up with the rest of the group. He weaned off at 700lbs and just hasn't let off the gas since. He's small framed, refined and smooth, making him a great option for your heifers. The Surefire sons all offer added milk and you can see that in his EPDs. His dam is another exceptional middle-aged cow in our program that is maintenance free.

BCL Dare To Compare 55N has been a personal favorite since birth. He has a very interesting pedigree with the NGDB Structure 34D and out of a beautiful black baldy 3C Macho mother cow. We have used Macho quite heavily here over the years and the one thing everyone remarks on is their udder quality being elite. Not only is 40H known for her udder but being a big volumed, explosive middled cow. That is exactly what BCLL 55N brings to the table as well, he is a stout made bull from all angels combining a huge hip, big middle and that herd bull look. Not to mention he's got that perfect money strip on his face and is a homo black, homo polled, pound machine.

BCL Knock Out 98N has herd sire written all over him. Here is a bull that is from a cow family with longevity, and functionality. His mother is one of the top American Classic daughters in our program and we think very highly of her. He has a full sister that has set into production with her first calf this year and is an absolute tank of a female with explosive volume. Not to mention his grandmother is 16 years old and calves within the first 10 cows and still in the prime of her production. Not only is this cow family known for their longevity but they continue to knock it out of the park with having some of the top calves come fall every single year. They are also the largest cow family we have in the Simmental side. BCLL 98N is a bull we really admire for his added muscling, bone shape and perfect foot.

BCL Movin Up 29N is a bull you don't want to miss! This heavy boned, square hiped, big capacity type bull comes to you on a very sound structure. His dam BCL Kanga 405B has been successful in and out of the show ring. She's known for her explosive rib, angularity, and extended front third. BCLL 29N is the type of bull that will add pounds in the fall. He's an option that will add milk to your cowherd and produce offspring with great hair.

BCL Gunman 67N is as smooth and as long as they come. This bull comes in a solid package, sired by the great Hitman bull. Hitman's calves all pack uniformity with their long muscling, clean fronts and flat bone. This is a bull that has added performance turning pounds into profits. He has tremendous hair and testicular development. He's off an exceptional Angus female that has sold multiple bulls through the sale in prior years. Look no further for your next homo black, homo polled Simmental bull to turnout on some baldy cows.

BCL Hit N Run 26N is one that rises to the top of the pen quite easily! This bull is one you really have to admire for his length of spine while maintaining the depth of body, heavy muscling, square hip and good hair coat. BCLL 26N has been the highest feed converting Simmental in the pen and is on track to being one of the heaviest come sale time. This baldy bull is placed on 4 perfect feet and comes from a beautiful Angus dam. He has that highly desired bald face, with an extended front one third. This bull will add shape, size and style to your calves.

BCL Profiting From War 7N is a heifer's first calf, coming from a very stylish package. He has a unique twist to his pedigree, being a State of War son, who is known for calving ease and a heifer pen recommendation yet has enough performance to make those first calf heifers pay their way. He has added chrome, eye appeal and is athletic from the ground up. We have a large number of Profit Maker females in production, all exhibiting hard milking, small teats and tight udders. BCLL 7N is very quiet tempered, smooth shouldered, big middled bull that will be turning profits over in your heifer pen.

BCL Leveling Up 85N is a bull with a cool white splash on his lip. Leveling Up is a perfect half-blood off a front pasture Radiance blaze face female. His mother is an easy fleshing, hard milking, very feminine cow, that is put together in a moderate frame. BCLL 85N combines his masculinity, into his muscling, and depth of body. He is moderate and big boned. He has correct hoof and claw angle allowing him to move at ease. This bull would be one that can get out and travel the miles whether that's on a lease or large sections of native pasture. He comes as a homo black, homo polled calving ease option.
