## Recommendation For Calving Ease & Performance

Please consider our recommendations as breeders when shopping for a bull. We have spent years calving these cows and have been tracking their traits and genetics. Calving ease should not be biased on only BW, we also consider calving records of dam and sire. Body frame and bone structure of each bull, and genetic consistency. This is our first trial using this system, we want to make purchases more simplistic for our clients.

Recommended  
for Cows

Recommended for Cows  
& Second Calvers

Recommended  
for Heifers

## Discounts

There will be \$250.00/lot discount for all bulls/heifers taken home on sale day.

## Buyers Draw

Thank you Simard Butcher Co. Ltd. for items in the buyers draw. Every Buyer will be entered to win at the conclusion of the sale.

## Bull Delivery

Free delivery within 400km of Valleyview, AB. Deliveries over this distance can be arranged at an additional cost. We will do our best to get them right to your yard. Delivery will start beginning of March and bulls can remain at Blazin J free of additional charges until Mar 31st. After Mar 31st additional charges will apply. Any bulls staying at Blazin J must be insured by the buyer.

## Purchase Invoices

VJV will work with the buyers to arrange smooth and seamless billing and invoicing. Invoices will be sent only to the email addresses provided. Please advise if not received within 5 days of the sale. Call VJV Office phone number (780) 354-2423.

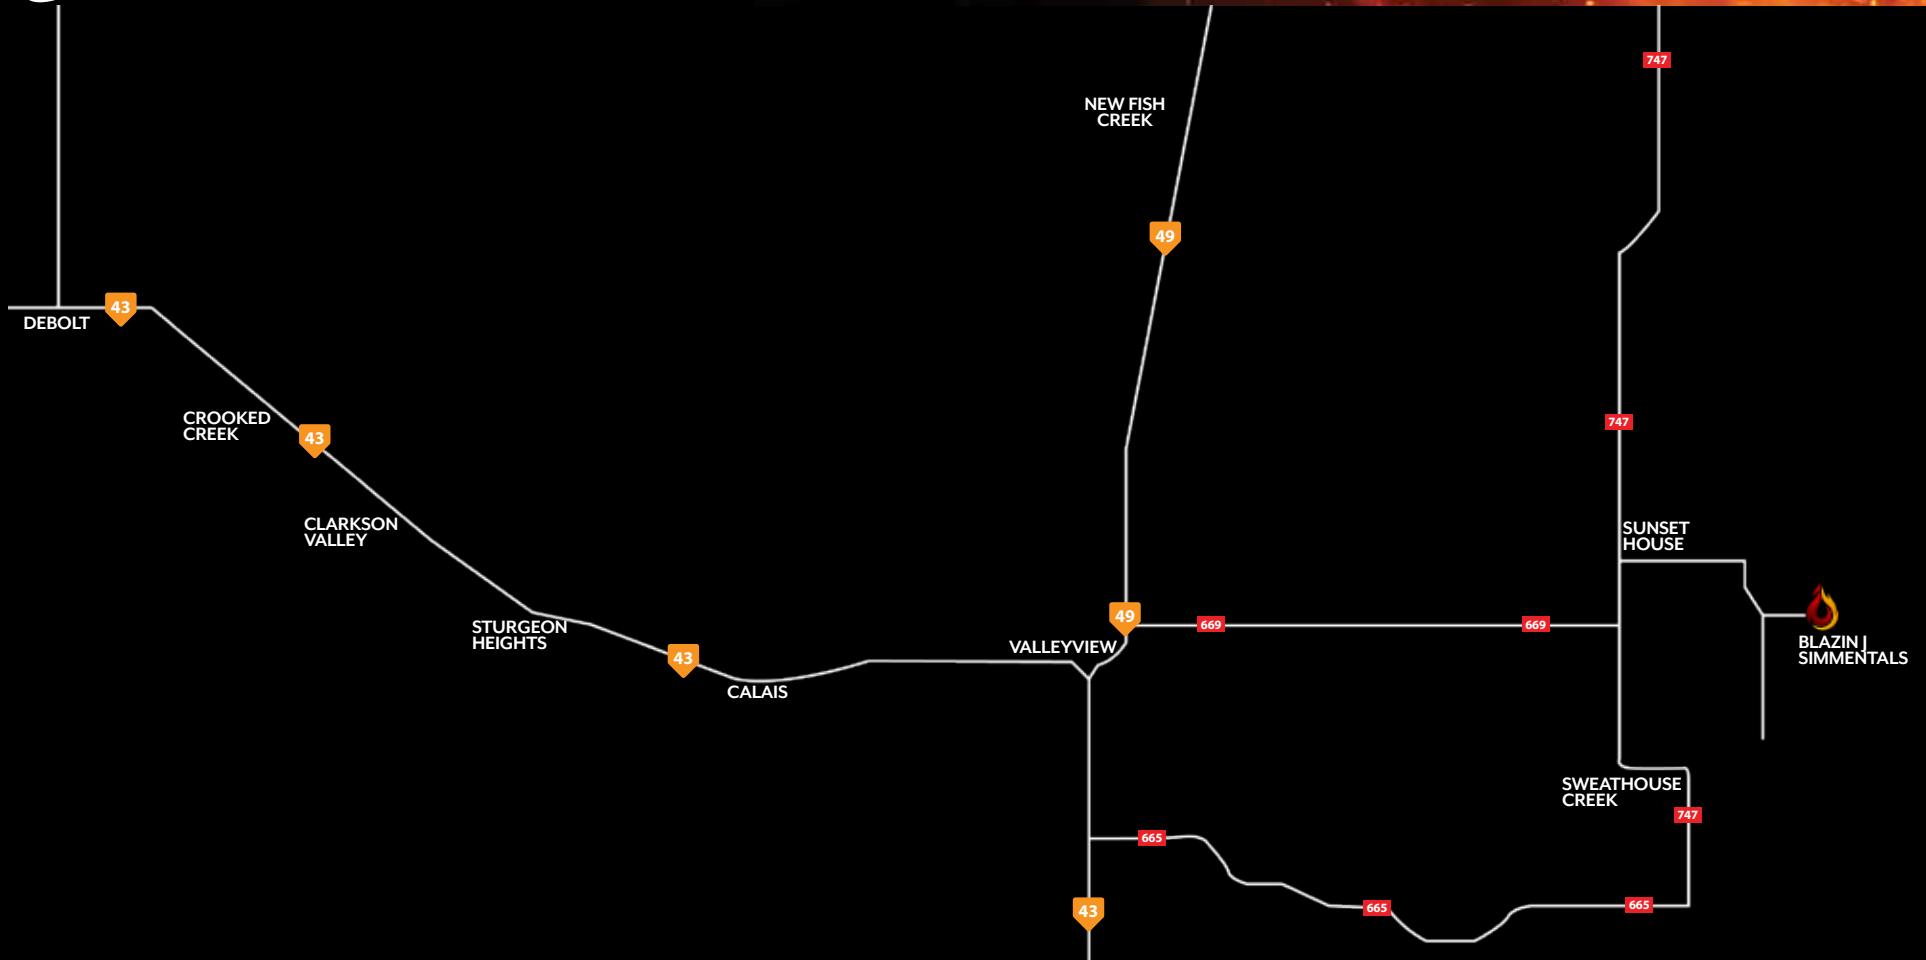

## Payment Method

Payment can be done by, Cheque, Cash, Credit Card, Online payment, and or E-Transfer to VJV Marketing.

## Meal

Supper will be provided at the Blazin' J ranch post-sale. Thank you, Aspire Accounting LLP, for co-sponsoring our meal. Hines Creek Colony is preparing and catering a pig roast buffet.

Just outside Valleyview, turn East (Right) onto HW 669 Sunset House rd. Follow hw 669 to T intersection. Turn North (Left). Drive North 3.2 km, @ Snipe Lake Road TWP 710 turn East(Right). Drive East and road bends South, keep driving... Turn East (LEFT) TWP 704A. On Right hand side is the farm, Large red buildings.

# WELCOME

Blazin J Simmentals

Welcome to the 3rd annual Blazin J Simmental Bull and Female Sale. On behalf of Darcy, Caitlyn, and Dwayne, we appreciate your interest in our sale and thank you for browsing this catalogue. We are very proud of the bulls we're offering this year. After five years of listening to feedback from our customers, we believe we now have the quality and type you've been seeking. This year, we've made some changes by crossing more Fullblood cows with Homozygous Black Bulls and pairing black cows with Fullblood bulls. Our greatest results have come from the F1 (31/32) black bulls, especially those with the signature white money stripe.

These bulls might be our most distinctive and vibrant selection yet. You'll notice an unusually high number of heifers calving in January. In February 2024, we purchased a SJWW Kitimat Heifer bull that we simply could not wait to use. Acting on impulse, Darcy introduced our new bull to selected heifers, which led us to have our first group of heifers calving in January again after a four-year break.

To ensure our cattle are both functional and well-adapted to their environment, we only select females that excel in the challenging Northern climate. By using some of our own home-raised sires, we've produced superior females that breed earlier and help us develop higher quality bulls. We also take great care when purchasing herd sires, always striving to bring the proven genetics into our pastures. Many of the sires we've utilized come from highly reputable breeders in the industry, such as "Wolf's Fleckvieh", "Triangle Stock Farms", "KSL Simmentals", and "Chittick Farms".

Our bulls are raised primarily on high roughage diets and kept in spacious pens, so they have plenty of room to move. The fact that over 80% of our customers return year after year is a testament to the quality of our feeding program. We pay close attention to every detail when it comes to feeding and management. Each bull we sell is guaranteed to be structurally sound and to have passed a semen test administered by a licensed veterinarian. We deeply appreciate all the support from our customers over the years. It's always rewarding to guide both new and returning customers through our bull pens, as meeting people is one of the most enjoyable aspects of our business. Many of these connections have grown into lasting friendships. If you need help choosing your bulls, feel free to call, or even better, visit our farm before the sale. If you're not completely satisfied, please let us know and we'll address your concerns right away.

We extend our best wishes and congratulations to our new guest consignor, Montana Fogle of Blondie Cattle CO, for her exceptional bull "MJ." It has truly been a pleasure to work with and support such a dedicated young woman. We look forward to many great experiences together and have full confidence in the quality of the bulls and heifers she has consigned. Thank you also to the Landaker's; Alan and Shelly; for once again adding bred heifers to our sale. Year after year, we enjoy featuring these strong Charolais heifers at our event.

Darcy, Caitlyn & Dwayne Lind  
Blazin J Simmentals

VJV Marketing Group

Wow! Was 2025 a great year to be in the cattle business and the momentum is carrying over into 2026 to make it another barn burning cattle market. With cattle prices at an all time high this is a great time to purchase some new outcrossed genetics or to upgrade your current genetics program both on a purebred and commercial level and this sale is a great opportunity to do so.

The VJV livestock marketing group is excited to welcome everyone to the 3rd annual Blazin' J Simmental Bull and Female Sale. Darcy and Caitlyn have spent a lot of time researching genetics and are continually looking to upgrade their bull offering by first listening to their clients, secondly the market place and thirdly throughout the Simmental industry.

This sale includes an exceptional group of bulls with pedigrees to match that would complement any seed stock operators or commercial cattle breeders. After 3 years of selling Blazin J bulls it has been encouraging to see these bulls perform in the breeding pastures, have feet that last through the dry conditions and sire some exception purebred and commercial calves tipping the scale at auctions and converting in the feedlot with high success. Another group of fancy Simmental heifers will be offered in this year's sale which would compliment any herd.

Guest consignor Landaker Charolais will be back in the sale this year offering some exceptional purebred Charolais heifers that are head turners each year and garnish a lot of attention with exception pedigrees. Blazin J is also excited to announce the addition of Blondie Cattle Co as another guest Consignor. Montana Fogle has been a great supporter of the sale since its conception and is offering her first purebred yearling Charolais bull to this year's sale. This bull has lots of depth and eye appeal.

Last years sale had bidding participation from across Canada and the United States and saw bulls going across North America. To accommodate buyers from across Canada and the United States this sale will again be broadcasted online by DLMS and VJV Online. We work with livestock transport and export companies across North America so buy with confidence that the VJV Livestock Marketing Group and Blazin J Simmentals will ensure your purchases are handled and delivered with the strict care and responsibly in a timely manner.

We look forward to seeing everyone at the sale or online. If you have any questions please feel free to contact me.

# TERMS & CONDITIONS

## Sire Verified

All bulls consigned have 100K DNA on file through the CSA, and are sire verified.

## Sales Day Management

All sale day management from the block and ring will be supplied by VJV Marketing and associated staff. Neither the Sales Management, auctioneer, consignors, or CSA assumes any responsibility in the event of accident or loss of property.

## Viewing

All sale animals will be available for viewing on or before sale day.

## Block Announcements

All announcements made from the auction block on sale day will take precedence over printed material. Errors discovered in the catalogue will be corrected and supplied in supplement sheets at time of sale, and such corrections will take precedence over the printed material in catalogue.

## Bidding

In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final. Bidders unable to attend the sale may phone their bid instructions to sale manager, auctioneer, or to sellers.

## All Risks/Insurance

All animals remaining at Blazin J must be insured by the buyer and are left at the buyers risk. Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

## Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

## Cattle Pictures

Photo credited to Stefon Beechinor (bulls) and Kyle Klassen (heifers).

## Health

Seller makes priority to take birth weights and process calves with 24 hours of birth. Advertised weaning weights are adjusted weaning weights. All bulls are semen tested, palpated, scrotal measured and health inspected by our local veterinary team. Seller vaccinated following health program, Calf-Guard, Nasalgen 3 PMH and injectable ADE + selenium within 24 hours of birth. Spring, pre-shipping Vision 8 and Express FP 5-VL5. Fall, Cattlemaster 4+VL5 with Vision 8.

Should any bull fail to be a satisfactory breeder, (confirmed by a veterinarian) he will be replaced with a bull of equal value and quality at sellers' discretion. In no event shall sellers be responsible for reimbursing more than the purchase price. Seller nor VJV Marketing is responsible for animals that have been residing with purchaser longer than one year after purchase date.

## Sales Taxes

Applicable sales taxes will be charged on semen, embryos, and trucking fees, respective to the home province of the buyer, not the seller.

## USA Buyers

There is an additional charge (approximately \$1,500.00 US dollars) that will be applied to each animal. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer. It is the buyer's responsibility to determine health requirements for importing any animal into his province or state.

## Embryo & Semen

Full settlement must be made before release is done and shipping arrangements should be done within 60 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

## Secondary Sales

The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties are not covered by the terms and conditions of this sale.

BLI WARLORD 915W

WOLFES FAWN FF32G

This unique breeding is a mix of old with the new genetics. BLI Warlord was known for traits such as thick tops, deep bodies, and excellent muscling. His lineage also tracks back to a noticeable name in the Simmental history books "Emperor". Sheriff possesses a combination of impressive genetics and physical attributes that set him apart in the herd. His overall structural soundness ensures longevity and durability, while his eye appeal makes him a standout choice for breeders. This bull is well-suited for both commercial and purebred operations, reflecting versatility and adaptability.

This bull is perfectly pigmented and has been a standout favorite since birth. Man Made displays impressive muscle and width along his top line, all while keeping a moderate frame and strong visual appeal. Currently, we are the only breeders North of HW 16 with One More Reason semen. We like this bull so much, we have retained his brother to use as a walking sire within our own herd. Breeding matches can be a gamble; we wanted AI to a reliable bloodline. The TWW 157K FF cow we chose did not disappoint. We are extremely pleased with the Anchor D One More Reason sire for both bulls and heifers. We plan on using more of the semen we have stored in the tank.

**DAM** WOLFE HENRIETTA 412H

DOUBLE BAR D AERO 298B

WOLFE MISS 619W

Nutmeg has been a pen favorite since the day he was born. Stout, thick, and soggy as they come. He is backed by a cow that is well known for her ability to produce calves that check off all the boxes. 412H is an easy fleshing, big-footed cow that has the best disposition in the pen and 116N is following right in her footsteps. 116N has been a wide topped, big-reared and soft barreled bull since he was two weeks old. This is a bull that has never disappointed and will continue to impress for years to come. If you're looking for a bull that will add meat, depth, and softness to your calves, make note of this one.

DAM - HENRIETTA 412H

**DAM** BLAZIN 215K

LFE PS LEWIS 3262F

BEE CHORUS GIRL 730E

Our fall heifers consistently raise strong calves, and this bull is no exception. He combines calving ease with impressive performance-something we value highly, especially in a heifer's first calf. It's rewarding to see a first-calf heifer produce a standout in the sale bull pen. This moderately framed, long-bodied, and attractive bull compares well even to those from mature cows. When breeding quality heifers, calving ease is our top priority, and this bull is designed to offer that, while also adding muscle to his hindquarters.

GRAND DAM - CHORUS GIRL 730E

Naughty has a little more design to him. He has been a bull that is easy to pick out amongst the crowd. Take a closer look, showing substantial width across his topline and hindquarters, complemented by an extended neckline. He moves smoothly and exhibits a strong herd bull presence. As one of my highest-performing bulls at weaning, he displays significant potential to become a powerful herd sire.

DAM - TSF GABBI 6G

# WELCOME

## Blondie Cattle Co.

Blondie Cattle Co. Began with a simple idea and a whole lot of drive, a vision built from my own passion for cattle, quality genetics, and the desire to build something that would reflect the standards I believe in. My love for cattle started long before I could walk truly since I was in the womb and that early connection is what pushed me to build a program of my own. What started with a handful of cows and big goals has grown into a focused, hardworking program that I'm proud to put my name behind. Every calf crop, every breeding choice, and every long day has been shaped by that vision.

While this is my program, I'm grateful to have a family who jumps in when it counts, whether it's helping on those late-night calving checks, stepping in when equipment breaks, or backing the decisions that move the herd forward. Their support helps keep everything running, but the direction, the goals, and the drive behind Blondie Cattle Co. Comes from the passion I have for building something exceptional. My focus is on developing a strong Charolais program alongside the commercial herd, built on structure, temperament, and real-world performance. The cattle here aren't pampered; they're expected to work for a living, raise powerful calves, and thrive on the same conditions as any commercial outfit. I believe the best cattle prove themselves in the pasture, and that's the standard I hold this herd to every single day. Blondie Cattle Co. May be new to the purebred side of the industry this year, but the commitment, the goals, and the drive behind it are anything but new. This is a program built with intention, grit, and genuine pride, one I'm excited to keep growing and strengthening with each calving season.

Thank you for taking the time to look through what I've built and for supporting the next steps of this operation.

*Welcome to Blondie Cattle Co. Built by family, powered by hard work, and driven by a love for great cattle.*

*Montana Fogle - Blondie Cattle Co.*
