WELCOME TO BRIDGE CITY

FROM BOHRSON MARKETING SERVICES

Welcome and thank you for joining us for the Bridge City Simmental Bull Sale, taking place March 7th, 2026 at 1:00 PM at Saskatoon Livestock Sales. We truly appreciate your interest and support.

BOHRSON
MARKETING SERVICES

This year's sale proudly features the programs of Storebo Farm, Keet Simmentals, Double R Simmentals, and Suter Silverado Simmentals—four respected outfits that share a common goal of producing sound, functional Simmental cattle built for today's beef industry.

Offered in this sale is a strong, consistent group of red, black, and Fullblood Simmental bulls, developed with an emphasis on performance, structure, disposition, and real-world usability. These cattle are raised by good people who stand behind their programs and their livestock.

As we celebrate the 6th annual Bridge City Simmental Sale, we thank our past buyers and welcome new ones. Whether you are looking to add performance, maternal strength, or breed character to your program, we are confident you will find bulls here that will work for you. Please don't hesitate to contact anyone listed to visit about the bulls on offer. We would be happy to help.

Best Regards,
The Bohrson Marketing Team

Welcome to the 6th

Annual Bridge City Simmental Sale. First we would like to thank all the past bidders and buyers for your support it is greatly appreciated. We are proud to bring a strong lineup of bulls to town which includes a variety of different options. Whether you are looking for a cow or a heifer bull we feel we have something for you. New this year we are excited to welcome Bohrsen Marketing as our sales management. If you have any questions please contact Dale or myself and we will be happy to discuss the bull offering with you.

Thanks,
Bryce

THANK YOU TO NEW LIFE FEEDS
 FOR SPONSORING OUR BULL SALE LUNCH

Welcome

to the 6th Bridge City Simmental Bull Sale!

We are really excited about the 12 bulls that we're bringing to the sale. All but 1 of them are polled, with 8 of them being homozygous polled. The bulls will be vaccinated with Fusogard prior to the sale to help protect against footrot. If you have any questions about our bulls, please don't hesitate to contact us!

The Keet's

Keet's Meridian 58M is out of a flush we did with our tremendous Lone Stone Ms Envoy 39D cow and ROD Shamrock 10G. Ms Envoy 39D is a large volumed cow, with good feet, great disposition and a perfect udder. Meridian is a bull that we think highly of. He has a long wide back, he's good footed, well muscled and quiet. The thing that makes this really good bull even better is the fact that he's homozygous polled.

BW	ACT WW	CE	BW	WW	YW	MILK	MCE	MVWT

KEET SIMMENTALS

HORNED • NON DILUTOR • 100% FLECKVIEH

Keet's Matterhorn 56M is the only horned bull in our group. He's also from a flush of Lone Stone Ms Envoy 39D, this time with Double Bar D Pol Manchester. We normally don't bring many horned bulls to the sale, but when they are one of your best bulls we make an exception. Matterhorn is one of the widest backed bulls in the pen. He went from the 3rd heaviest at weaning to the heaviest at yearling, weighing 1442 lbs.

HOMO POLLED • NON DILUTOR • 100% FLECKVIEH

Keet's Navajo 1N is a homozygous polled bull out of ROD Hight Perfect 60H and Keet's Frozen 48F. Frozen is one of our Rosemead On Demand 4X daughters. On Demand made some really good females. We're finding out that we should have kept a few more daughters instead of bringing them to sales. Navajo is one of the favourites in a really strong pen of bulls!

HOMO POLLED • 100% FLECKVIEH

Keet's Nazareth 2N is from a flush we did with our other APLX Envoy 2Y daughter, Lone Stone Ms Envoy 57B and Double Bar D Pol Manchester. Nazareth is a full brother to Keet's Karma 16K, who sold in the 2023 Bridge City sale to Jeff Fitzsimmons. Both bulls are similar in a lot of ways, deep body, wide backed, well muscled, with a great disposition. The main difference is that Nazareth came out homozygous polled. Ms Envoy 57B has a history of putting bulls in our sale!

Keet's Morocco 55M also had a full brother, Keet's Kilimanjaro 54K, sell in a Bridge City sale to Swantewitt & Sage Simmentals. The Fairview Evolution 318H and Keet's Chumani 50C combination worked really well. Morocco is a bigger framed, long bodied, wide backed, well muscled bull that is performing near the top of this group. Chumani also has a history of putting bulls in our sale!

When you have a cow that struggles to keep birth weight down you try something different. We bred Keet's Forsaken 18F to renowned heifer bull FGAF Guerrero. We ended up with Keet's Mars 50M. The birthweight was kept in check and we had a 986 lb weaning weight (heaviest last year). Mars carries his weight on a long, deep body. He also came out homozygous polled.

Keet's Neville 20N is the first son to sell from our Keet's Loki 12L bull. We didn't have very many Loki calves last year. This year is a different story. We will have more to choose from and they are starting off really good. Neville's dam, Keet's Keena 15K, just had her first calf sell for us as a bred heifer in the Simmsational Sale last December. She went to Cas Bar Farms by Blaine Lake, SK.

Keet's Nuclear 33N is the 3rd Fairview Evolution bull out of Keet's Fatima 20F that we've brought to the sale. His full brothers, Keet's Missile 30M went to Bear Lake Simmental Farms and Keet's Launch 28L went to Crossroad Farms. Fatima's production record for us has been outstanding. Her first bull went to Galaxy Simmentals. Her next 2 calves were bred heifers that went to Pheasantdale Cattle Company and Forden Fairview Farm. I keep saying that her next heifer won't leave the farm, but ever since I said that she's only had bull calves (including this year). Nuclear is the darkest red bull in our pen and should bring some calving ease from his dam's side. He's also homozygous polled.

Keet's New World Man 10N is out of Virginia Rush 010K and a homozygous polled Double Bar D Milsap heifer we bought from Virginia Ranch. Virginia Glamor Gal 319L was the lead off heifer from the 2024 Western Harvest sale and we were really excited (and a little shocked) to have purchased her that day. New World Man should be another easy calving bull.

I would

like to welcome everyone to the Bridge City Sale
 This years set of bulls are mainly from AI sires, there is 3 very strong epic bulls and some powerful bulls from Reddington, Rio Grande, and Rambler. There is also some calving ease options from my new herd sire WRC 2622 and Maverick. I look forward to seeing you at the sale if you have any questions don't hesitate to call.
 Visitors are always welcome. The bulls and their mothers are available for viewing anytime.
Ryan Heather

 This dark red, Epic son combines eye appeal with performance. He's long-bodied, deep-ribbed, and stout-made, with the kind of structure built to last. Backed by strong, balanced EPDs, he's designed to add growth without giving up calving ease or maternal value. His 904-lb weaning weight makes him my heavy weight this year. A great option for cattlemen wanting added pounds, consistency, and dark red color.

HOMO POLLED

RRH 36N is a thick, solid made bull sired by our walking bull WRC 2622, a proven sire that works equally well on heifers and cows, he produces consistent uniform calves. This bull carries the same design with lots of width, depth and muscle. His dam is one of the favorites, noted for her great feet and excellent udder. 36N is build to be a low maintenance herd sire that adds thickness and consistency.

Welcome

to another Bridge City Bull Sale. Some very exciting times in the cattle business right now, it's finally nice to see everyone's hard work paying off. As for our bull offering, we have a nice mix of Fullblood and purebreds, power & calving ease bulls that I feel will go out and work well for their new homes. Come join us for lunch on March 7 and we can talk cattle and enjoy a good visit.
