Welcome to Neepawa, where this sale has grown into the ideal marketplace for Simmental and Angus bulls. With record-setting calf crop prices, the bulls included in this event are the kind that will strengthen your margins so profit is always in the future.

The Simmental bull offering is lush in pedigree and very noticeably quiet. All of these bulls are as docile as you can make 'em, with loads of hair and length.

The Angus portion comes with the hard-to-come-by two-year-olds of BASKM. These bulls are again very docile, with strict protocols on feet and legs. These bulls are built to last and calve easily.

New this year, we welcome Big Dream Livestock from Northern Manitoba, who has four excellent bulls ready for your appraisal. The spring sale run has as much momentum as anything in agriculture today, so please make plans to be with us downtown Neepawa for good cattle and friendly consignors.

welcome

FROM WILCOX SIMMENTALS

Welcome to the annual Canadian Central Bull Sale. We want to thank all our buyers – past, present, and future. We are going to start off our selection with four extra age black baldies.

The first three are three full ET sibs that we are excited about. Grandpa kept telling us that he couldn't wait for these calves to come because he knew they were going to be great and man was he right. Black Gold/GW Reddington 113K has sired our largest group of red bulls. This bull has produced excellent offspring for both sexes. His first calf in our selection BVL Nascar 1N comes from Sawyer Morrison, a young and hardworking lady that's passionate about Simmental cows and building her own herd. She operates with her family under Boyne Valley Livestock.

This year we have added two sim-speckle bulls and a group of three open heifers to show the industry their functionality. Any questions please feel free to reach out and as always you are always welcome to stop by the farm!

The Wilcox Family

This first bull has a presence to him that screams "Look at Me!" He comes in a complete package that moves efficiently. 287M is a bull we think is going to go out and do a great job in someone's herd.

Mitch is the tallest and longest bodied of the three ET calves. His dam was a big-time producer for us as we flushed her a few times. We are thankful to Austin and Steve Wytznick for leasing cows to us to use as recipients for these excellent calves.

BVL NASCAR is a beautiful long bodied bull with an amazing temperament out of his first calf dam WILC LOLLY 29L. NASCAR is my very first purebred that I have produced, with his mother being the first addition to my purebred herd. He is very structurally sound, moves freely and is sure to pass these great traits onto his future calves. From he's admiring features, we are going to retain semen rights for in herd use. Nash has been a favourite since he was born being off one of our favourite fullblood cows Silver Lake Chelsey 96C. Here is a bull that will tick most of your boxes he's only single polled, but he has the dept of body with lots of thickness. Darker red than the rest of our fullblood bulls on offer. We showed Nash this past summer and at Ag Ex so he's super quiet and easy to work.

He's the first bull to greet you while we do chores. Here is TCW Keepsake's second calf and she did just as amazing job as her first calf TCW Montana 271M who has been in our show string.

Being Homo polled and non diluter by parentage he is as thick and deep as all the bulls in the bull pen with style to pass on to his offspring. Here is another great Fairview Vault sired bulls on offer because his females were well liked this past fall in the Pembina Triangle Simmental Sale. Nelson could work on both heifers and bulls with his smoothness in his front end plus a smaller headed bull. Owned with Alliance simmentals

Neville comes from our Rendezvous Kandis cow family which did a great job for us with females and their bulls. Miss Dakota has made lots of cow bulls which Neville falls under and he will be a bigger framed when he matures. He's super long bull that is super deep like his sire Fairview Vault.

Our last calf off one of our past show cows TCW Glamour which happened way too soon for us, but she went out with a bang with Night Rider 11N. We bred Glamour to Erxions Lad 22J which was the best decision we made. This 3/4 sib to the female we sold to Labatte Simmentals in the Pembina Triangle Sale. He is black bull with some size and thickness which he gets honestly from Erxion Lad 22J. Here is a great option if you're looking for a black cow bull.

Norm is always that bull that stands out in the pen. Our R Plus 4315B cow has produced some great calves since we bought her in their dispersal sale and then crossed with our Fullblood bull Fairview Vault was a great combination. She has tons of milk and combined with the fullblood genetics he should make some great milk producers, and which will convert into lbs. Norm is best suited to be used on cows.

Here is a little twist into our 3/4 Simmental 1/4 speckle park herd being our red speckled bull that could add a little colour change if you're looking for something different. Johnny came home early last fall because we halter broke him to support the Percentage Simmental Bull classes at Manitoba Ag Ex. We started our small Simmental speckle crossed cattle with Johnny Cash's dam and has she produced some great offspring with the body and style of the Simmental breed but with the colour twist of the speckle park.

welcome

FROM TWIN OAK LIVESTOCK

We are excited to present this year's Canadian Central Bull Sale. We would like to extend our sincere thanks to all past buyers and bidders for their continued support and confidence in our program. This year, we are offering five bulls that represent the consistency and quality we strive for in our program. Our breeding decisions are based on performance, disposition, and milking ability. We hope the footnotes provide a better understanding of the quality behind the bulls offered this year. Be sure to view them in person, and we look forward to visiting with you on sale day.

Gary, Josie and our grand-daughter Mary Jane Robinson

welcome

FROM **LIL' CHICKS CATTLE CO**

Welcome to the Canadian Central Simmental & Angus Sale. We are excited to be consigned again this year with another 4 bulls. This year we have brought a pair of SAS Copperhead sons and a pair of R Plus Mandate sons to town for your appraisal. We are very proud of these bulls and we feel as though this is our best group yet. We tried a little experiment this year with the creep feed, as we are still growing and finding what works for our operation. The two Copperhead sons were on a 16% protein creep ration all summer, while the Mandate sons were on oats for a month before weaning. If you have any questions about the bulls or would like to come to the farm for a look, please call us. We would love to talk to you! We look forward to seeing you all at the sale on March 9 in Neepawa, MB.

Nickelback is the pen favorite. We showed him at Ag Ex this year and he received many compliments throughout the week. This is a very cool looking bull, and it is easy to appreciate his natural thickness and depth. He is smooth through his shoulders and once you get behind him you will fall in love with his hips and hind quarters like we have. This bull is an all-around standout and will go out and work for you and your herd.

This is one of the bulls that got oats for a month before weaning, and he has always been right there in weight with the two Copperhead sons. His maternal brother sold to D&N Livestock last year and his dam gave us yet another bull calf. Here's to hoping for a heifer this year... With his moderate birthweight of 80 lbs he will work on both mature cows and second calvers while not giving up any performance.

FROM BIG DREAM LIVESTOCK

We are very happy to be a part of the Canadian Central Bull Sale this year! We have 4 great bulls on offer that we are both very proud of. These 4 bulls are backed up by 4 of the most excellent and best producing cows we have to offer in our herd. Hoof quality is very important to us as we believe in having a low maintenance cow herd is very important. All bulls are easy doing and have never been pushed with feed. We both are very excited to visit with everyone on sale day. If you have questions please feel free to contact us.

11N is a son of SAV Royal Flush 2735, he is well balanced from head to tail, smoothed shouldered and big middled with lots of hip. He is out of one of our own Erica cow families that has never once disappointed us with the production. His mother has done nothing but raise powerful and docile bulls year after year. As soon as this guy hit the ground running we knew that he was destined for the bull pen and has done nothing but impress us since the beginning and keeps doing it day by day. Recommended for cows.

3N is a son of Brooking Silver Lining 5012 that has been a well used bull across the angus breed. He is very unique and might not be the heaviest bull in the pen, but is smooth shouldered with a moderate frame that comes with some extra length. He might have short ears but that is all from his mother's love, they won't hold him back from getting out and breeding some cows. Recommend for bigger framed heifers or cows.

14N is a paternal half sibling to 11N. He comes from a cow that is 10 years old and still knows how to do an amazing job, she is a big framed cow. He might not be the fanciest bull in the pen but he is big middled and has lots of hip behind him, and is ready to add some extra pounds to his calves. Recommended for cows.

A royally bred Prolific son from one of the most known cows in North America 7800. Emblynette 7800 was the \$120,000 valued high seller of AAC ' 25 and has a production record that stacks up as good as any cow with a beating heart. In the 2025 U2Q bull sale she had an astounding 20 direct sons average in excess of \$20,000 per. The body mass and natural muscle combined with paperwork on the top end of the Angus game today make this a serious herdsire prospect.

welcome

FROM **BASKM LAND & CATTLE INC.**

Greetings from all of us at BASKM Land & Cattle Inc. We are excited to be a part of the Canadian Central Bull Sale again this year. We would like to thank all our bull buyers from previous years. It has been very humbling being selected to supplying elite genetics for your programs.

We have a great selection of calving-ease and performance bulls again this year. Our program has relied heavily on a strong AI program using industry leading AI bulls, as well as building a strong maternal cow herd with the focus on longevity, tidy udders, structurally correctness and easy keeping females. This year's sire group highlights our AI sires: Ellingson Profound 8155, and Coleman Triumph 9145. As well as genetics from our New Walking Herdsires: KCH Trendsetter 5H, KCH RainFall 205K and HF Rotation 106K.

We feel there's a bull for everyone with using this herd bull line up. The Ellingson Profound 8155 is our most exciting sire group we have raised to date. They have power, shape and look to them and are so consistent in their make-up. They also come with some calving-ease which makes them so valuable. The KCH RainFall 205K/KCH Trendsetter 5H sons are fool proof calving ease and power. Their son's rise to the top of the pen as well and are backed by some of the most influential cows in the industry like Brooking Beauty 333.

Our bulls speak for themselves. We solely run a 2-year-old bull program. Our bulls are developed on pasture till December, then are fed an oat silage/hay forage along with an oat/barley/corn ration as coming 2-year old's. Our bulls are raised to be ATHLETIC not FAT, they get adequate exercise while walking the pasture. Hoof quality is very important to us as we strive to have a low maintenance cow herd like our commercial customers expect. Feedback from our bull customers has been outstanding! Bulls go out and work, they don't melt on pasture. They keep growing and maturing into stout herd bulls.

We are also offering a package of 5 open commercial heifer calves in the sale this year. The heifers are a group of KCH RainFall 205K/KCH Trendsetter 5H daughters right from our replacement pen. Breeding evaluations will be done on these heifers prior to the sale.

If you have any questions, feel free to contact us anytime! We encourage everyone to come tour the bulls prior to sale day – we can accommodate whenever works best for you! Videos can be viewed online at www.dlms.ca or www.cattlevideos.ca – pictures and videos were taken on December 23rd, 2025. If you are unable to make it to the sale, there will be online bidding available at www.dlms.ca for those that cannot make it sale day. Also please reach out to anyone at the T Bar C crew, they will be able to assist you in your bull purchases.

Talk to us about our Bull Development Program – this service allows you to house your bulls with us until they are ready for use. All bulls are on our full herd health vaccination program and will be semen tested/have breed evaluations completed.

Looking forward to seeing and visiting with you all sale day!!

- High quality HF Rotation 106K son out of an outstanding First calf Brooking Right Answer Daughter.
- Deep bodied bull, with extra length.
- Smooth through his front third, which should make him easy calving.
- Recommended for Large Heifers or Cows.

- One of the powerhouses to sell this year.
- Larger framed, and bigger boned but doesn't lack substance and shape.
- Great big foot on him, and great temperament.
- Top 5% of the breed for WW & YW.
- Recommendation for Cows.

- These stunner daughters know how to raise these powerful - yet calving ease bulls.
- 17H is probably our most prolific cow on the farm - you will want to keep every daughter of this guy.
- Top 5% of breed for WW and Top 10% for YW.
- Recommended for Heifers.

- Lots of shape and eye appeal with this Ellingson Profound 8155 son.
- This is Elijah's bull of his S A V Ten Speed Cow that's been a no miss cow for him!
- Her first calf was in our bull sale and was one of our top calving ease bulls to sell.
- She also has a stout Brookdale Brutus son in the yearling pen (again no miss kind of cows).
- Recommended for cows.

- Extra frame and length are what you'll achieve with this bull.
- His S A V SeedStock 4838 dam has raised multiple bulls in our bull sale, with her son last year being one of the higher sellers to Barry & Dorris Kohinski.
- Top 10% of the breed for WW.
- Recommended for Cows.

- "Cash" was the bull we exhibited at 2025 Manitoba AgEX and came home with Champion Junior Yearling Bull.
- He has been a standout since birth with his shear power and performance.
- His KR Cashflow dam is beautiful from all angles with great teat size and udder attachment.
- Top 5% of breed for WW & YW.
- Recommended for cows.

Commercial
Heifers

This is our first year offering a select group of commercial heifers in the sale this year, and we are super excited to have these females on offer. This pen of 5 heifer's is uniform from top to bottom. The heifers are out of our walking Herd sire's KCH RainFall 205K and KCH Trendsetter 5H and come straight out of our replacement pen. Heifers are born April/May and will come fully vaccinated.

The RainFall genetics have always been a go to for calving ease, and that's what we were looking for when we purchased 1/2 of this guy from KCH Cattle Co. He also has unmatched dimension and shape that puts his sons right to the top of the pen. We have used SAV RainFall in the past, and even though we didn't get many daughters off him, the ones we did they have exceptional udder quality and milking ability. Look to the RainFall calves for natural calving ease, along with muscle and shape.

This crowd favorite and top-selling bull from the 2019 Ellingson Angus Sale is regarded as one of the greatest sires to emerge from the Ellingson program. Profound sons are set to headline the 2022 Ellingson Angus Sale.

Weaned off his two-year-old dam at 930 lbs., he matured into a powerful, muscular, high-volume individual with exceptional foot quality. His first calf crop was notable for its muscle shape, body depth, thickness, and superior foot quality. This group comprised the largest and most consistent sire cohort ever assembled by a single sire for a Peak Dot Ranch sale.

Trendsetter has been a phenomenal breeding piece we were excited to add to our herd. Being out of one of the most influential Angus cows in the Industry Brooking Beauty 333, we knew he was going to add even more maternal power to our herd. We will be seeing his daughters in production this spring, and their udder attachments and teat size are looking near perfect. His sons are a very strong group offering power and shape, along with some calving ease genetics' as well.

terms & conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Bidding:

Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements:

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Breeder's Guarantee:

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee:

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Certificate of Registration:

Each animal will carry papers issued by their breed association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Rights and Obligations:

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Delivery:

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

Insurance:

Will be available sale day. We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.
