CHURCH RANCH BULL SALE

1:00 PM MST • TUESDAY, FEBRUARY 17, 2026
BALOG AUCTION • LETHBRIDGE, ALBERTA

WELCOME

Dear Friends,

Welcome to our 3rd annual spring bull sale. We were overwhelmed and humbled by the success of last year's sale, especially on a bitterly cold February day. Hopefully Mother Nature will be more co-operative this year!

We had more bull calves in 2024 than the prior year so there's more bulls in this year's offering, and we're very happy with this group. They display the soundness,

stoutness, depth of rib and easy fleshing ability that we strive to produce for our commercial customers. New herd sires Special Mark and Super Duty have crossed very well on our cows and are doing what we expected them to do. We source the best herd sires we can find and place a very large emphasis on the strength of the mother behind every herd bull we use. Structural soundness, feet, udder quality, efficiency, fertility and longevity are paramount. We strive to maintain a very functional cowherd – the purebreds are run under exactly the same conditions and management as the commercial cows and they need to earn their keep.

Our customers don't creep feed their calves so neither do we. Never have. Weaning weights are based on grass and momma's milk. We feel this gives our customers a better indication of how our bulls' progeny will perform in their conditions. The sale bulls run on grass from June to October. After that they run in a very large pen where they have to walk a ¼ mile from the feed bunk to water every day. All that exercise is great for their soundness and longevity.

The polled bulls have all been DNA tested and are free of all known genetic conditions, including DB. Homozygous polled bulls are identified in their footnotes.

Once again this year, the bulls are being wintered by our good friends, the Sibbald family at Triple S Cattle Company. If you'd like to view the bulls prior to the sale, just give us a call and we'd be delighted to take you through them.

Thank you to all of our past buyers and bidders. Your friendship and support of our program means the world to us. We sincerely hope you can join us at Balog's in Lethbridge on February 17th. Complimentary lunch will be served at 11:30. For those unable to attend in person, internet bidding will be available on DLMS.

Sincerely,

The Church Family

CHURCH RANCH BULL SALE

1:00 P.M. MST, FEBRUARY 17, 2026 • BALOG AUCTION, LETHBRIDGE, AB

LOCATION

BALOG AUCTION 102 Schneider Street, Lethbridge, Alberta

SALE DAY CONTACTS

Neal Church 403.618.8824 | Rob McDowall 403.305.5220

AUCTIONEER

Bob Balog 403.382.5727

BALOG AUCTION STAFF

Louis Balog 403.331.0611

ONLINE BIDDING

www.dlms.ca | Mark Shologan 780.699.5082 

ACCOMMODATIONS

Comfort Inn, Lethbridge | 403.320.1980

VIEWING OF CATTLE

The bulls can be viewed at Triple S Cattle Co. 53193 Highway 1 Calgary, AB anytime prior to February 15th. Please contact Neal at (403) 618-8824 if you're planning to come look through the bulls.

SEMEN INTEREST

Church Ranch reserves the right to draw semen for in-herd use on any bull in the sale at our expense and the buyer's convenience.

WINTERING PROGRAM

Bulls not taken home on sale day can return to Triple S Cattle Co. where we will winter them free of charge until April 1, 2026. Wintering beyond that date will be at cost. All bulls returning to Triple S Cattle Co., MUST BE INSURED.

TERMS & CONDITIONS

Cash or cheque, unless prior arrangements have been made with the owners. All monies are in Canadian funds. Current rate of exchange will be announced sale day. Every animal sells to the highest bidder, and in cases of disputes, the auctioneers's decision will be final. Cattle are the property of the buyer as soon as the auctioneer declares them sold. Announcements from the auction block will take precedence over printed material in the catalogue.

INSURANCE

Canadian Farm Insurance | Maureen Balog (403) 320-1980
We recommend serious consideration is taken about insuring your herd bull purchases. Insurance will be available sale day.

GUARANTEE

All of the bulls have passed a breeding soundness exam prior to sale day. All bulls sell under the standard terms & conditions set out by the Canadian Hereford Association.

DELIVERY

Free delivery within 300 miles of the ranch, or the nearest US Port of Entry. There will be a \$200.00 discount per bull for those buyers who take their bull home on the day of the sale.

RISK

Neither owners nor sale management assume any liability for any accidents that may occur to the animal after it is sold. All persons who attend the sale do so at their own risk and owners or sale personnel assume no liability for accidents.

0250 was selected out of the 2021 Harrell Hereford Ranch sale in Oregon for his maternal strength and carcass merit. He had outstanding individual carcass data on ultrasound with a 14 inch ribeye area and 2.48 marbling score. His EPD's put him in the top 15% of the breed for REA and top 10% for marbling. 0250 appears to be passing this on to his progeny as his sons display extra thickness across the top and great muscle shape. The 0250 sons were the high selling sire group in last year's sale. **6 SONS SELL.**

Special Mark was selected out of the 2023 Carlrans sale after being named Grand Champion at the Hardisty Field Day and Junior Bull Calf Champion at the Alberta Hereford Showcase. He's a big, rugged bull with extra length of body and great feet. His progeny are typically short marked, red necked and red eyed with good hair coats and his quiet temperament. **6 SONS SELL.**

Super Duty was the Reserve Grand Champion at the 2023 Calgary Bull Sale where he was the second high seller at \$31,000. His calves have as much vigor at birth as any Hereford cattle we've ever had - they're moderate birth weight and just get up and GO and GROW! Super Duty also passes on his extra length of body and depth of rib. **5 SONS SELL.**

Heavy Hitter was the lead of bull and high seller in Braun's 2021 sale at \$21,000. His dam is a model female backed by generations of Braun's best cows and has produced multiple sale features and high sellers for them. The 40H sons carry his stoutness, depth of rib and tremendous hair coats. His crop of heifer calves this year may be the best sire group of females ever born on the place. **4 SONS SELL.**

Maverick is a really cool bull with a bit of a different pedigree. Out of Super Duty and a cow that we bought as a feature heifer calf out of the Harrell Hereford Ranch production sale in Oregon. Great birth to weaning spread with a very moderate 82 lb birth weight and 748 lb actual WW. Eye appeal with extreme length of body and depth of rib.

Mario is another red necked, goggle eyed Special Mark son with extra growth and length of spine. A big bull with just an 80 lb BW. Maternal granddam 42E is one of our most productive Cash is King daughters - she has an average weaning index of 112 and has raised 5 replacement females including one we showed in Red Deer last year and one working at Little Poplar Grove Herefords.

CHURCH RANCH HORNED TWO-YEAR-OLDS

Morgan is a smooth made 0250 son with a really attractive profile. He has the right build and BW to work on heifers. Dam 35G is one of the deepest ribbed, biggest middled cows on the ranch. A full brother sold to Ron Guentner in 2024.

Short marked, red necked, red eyed Special Mark son. Granddam 31X was in production until age 14, and produced bulls for Murray Lake Colony, Rob & Lorna Story, Pearson Ranching, Ron Guentner and Jenkins Lazy U Ranching. If longevity is important to you, take a look here.

Molson is probably my favorite 0250 son in the sale. He just has that herd bull look and presence to him. He lost his mother early in life and his foster mom didn't do the greatest job raising him which set him back at weaning, but he's really come on since. Dam 23D had 6 heifer calves that were all retained as replacements and had an average weaning index of 112.

Maternal Sister to 65M

Maximus has the most scale and performance of the Special Mark sons in the sale. He ranked #4 at weaning with a 747 lb adj 205 wt. He's a power bull but has a really clean, smooth front end and with an 86 lb BW he should sire calves that are born easy and really push the scale down at weaning. Granddam 12X raised 10 calves and put a number of good daughters in the herd. She's also the grandmother of the 46M bull in the sale.

This bull has been one of my favorites since birth. He always catches your eye with his thickness and presence. He has as much muscle across his top and down through his hind quarter as any bull in the sale. Dam 33G has an average weaning index of 110. 73M will definitely be going through the ring early on sale day.

Compass is the most consistent polled bull we've used so far and his progeny are the best sire group we've raised. They're also the quietest polled cattle we've owned. He stamps all his progeny the same. The bulls are stout, deep ribbed, thick and well marked. The daughters are broody with lots of middle and capacity and great udders - we calved out the first group last spring and they're everything we hoped for. **4 SONS SELL**
